Our largest and most versatile space; this stunning room features high ceilings, beautiful stained-glass windows, oak flooring, and a raised stage area for music and entertainment. It is perfectly suited to a large wedding reception, formal sit-down meal, or an evening of dancing. Freestanding and pillar-mounted candelabras allow for a truly atmospheric candlelit occasion. The room can be arranged in a variety of layouts, accommodating up to 200 guests for a formal wedding breakfast and up to 300 standing for an unforgettable night on the dance floor. Modern amenities include wireless internet, AV and PA systems, and a grand piano.

Upper Hall

A flexible, medium-sized hall suitable for mid-sized receptions, smaller dinners or evening celebrations. This room includes a small piano for those wishing to incorporate live music.

Lower Hall

GETTING MARRIED AT ST PAUL'S

St Paul's is an ideal venue not only for your wedding reception, but also your Anglican marriage service. Our clergy team would be very happy to talk to you about getting married here.

You don't have to be a regular church goer to have a church wedding, but there are some legal requirements which our clergy can talk through with you. A church wedding is marked out by the fact that a vicar will marry you according to the well-known vows that have been used for centuries. You will also be prayed for as a couple and receive God's blessing on your union. To find out more about getting married in a Church, please follow the link below:

<https://www.churchofengland.org/life-events/your-church-wedding>

We deeply regret that at the current time we cannot marry same-sex couples.

If you do wish to get married here, please contact our Vicar, Imogen on: vicar@stpaulscambridge.org.uk
