The Halloween update is a free optional DLC-like update for five nights on Freddie 4, which was fixed on October 30, 2015 until the next Halloween day, which updates the game to v1.1. This update feature is not included in the mobile port. Standard Edition is available in all three home consoles. Features there are two versions of the choice of launch: the Standard Edition with new canonical knowledge features, and a special, non-canonical Halloween Edition that was made for fun for the Halloween seasons. The standard edition of Several new features are added to the Extra menu, and can be used or reproduced to reach more stars. They are unlocked after the 20/20/20 mode is completed. Cheats, there are three cheats to: House Map Fast Night Danger Indicator Problems, there are four challenges to master: Blind Mode (You Blind) Mad Freddie (Freddie Always Has 3 Freddies) Insta-Foxy (Foxy Is Instantly) All Nightmare (All Night Nightmare) Fun with Balloon Boy, a new alternative Fun with a new Halloween mini-game with a new Halloween nightmare. This version contains the addition of cheats, problems and a new mini-game, as well as the Standard Edition. However, half of the total is also replaced or reskinned for Halloween themes. With the exception of Freddie's Nightmare and Fredlow's Nightmare, all the nightmare animatronics are replaced: late night mini-games are performed with Halloween props like Jack o' lanterns, hanging bats, and cobwebs. In addition, some standard colors for the environment are changed in the style of Halloween (such as orange and black). Development of the update began around the beginning of October 2015. On October 15, 2015, the first teaser of the Halloween Edition with a jawless Jack-O-Bonnie head was added. The name of the teaser file is inthedark. Later, each teaser is downloaded every 3 days. On October 20, 2015, Scott posted a second teaser featuring Nightmare Balloon Boy. When illuminated, it has a dark red text on top, saying: HELLO?. The name of the teaser file, like the first one, is inthedark. On October 23, 2015, Scott uploaded a third teaser showing Freddie's plush on a possibly darker version of Bed. The lightening of this image will show Nightmarionne. The name of the teaser file is dontwakethebaby. On October 26, 2015, Scott uploaded a fourth teaser showing a dark orange image with the caption COME HANG OUT. The lightening of this image will show The Mangle Nightmare. The name of the teaser file is gototops. On October 29, 2015, Scott uploaded the fifth and final teaser for the Halloween update, with the show's image altered to a frame still of Jack-O-Cheek in the right-hand jumpscare hall. The same stylized font text reads: SEE YOU SOON. The name of the teaser file is BOO. The update was released on the night of October 30, 2015, the day of the original release. The trivia font that was used for some Halloween teaser update Needleteeth. Before launching the update, Scott stated that the Halloween Edition would have been available separately on the Jolt game if the two release options did not function properly. Before the update was released, one fan on Steam's discussion board asked to add a nightmarish toy Freddy analogue with another animatronic, but Scott himself denied it. The file name for the third teaser image, dontwakethebaby, is most likely a nod to Markiplier. During his five nights on Freddie 2 gameplay, he called the doll a baby, and usually said: Don't wake the baby up for Don't Let the Dolls Out of the Music Box. Inquiries: If it doesn't work for some reason, then the Halloween Edition will be available on GameJolt instead. - Halloween Content Update #2. October 20, 2015.
