Q & A

Why should we invite Phil and Wendi to our Church?

Phil and Wendi will bring something fresh to your church and community, bringing relevant content that will challenge the attendee's hearts and souls. They can communicate with every generation of your church and community, and can customize their message to your event.

What is Phil and Wendi's background?

Phil was raised by an alcoholic father in the inner city of Cleveland, Ohio, and began his ministry as a youth pastor in 1985. He also worked with Youth for Christ, and has been speaking nationally to students for over 30 years. He was raised in a Catholic family and began a relationship with Christ in 1983. Wendi was raised on a large grain and livestock farm in Missouri and attended church as a child. She is a long-time teacher and former principal, and began her true relationship with Christ in her adult years.

What makes Phil and Wendi the experts?

Phil has been studying youth culture, teen murder, school violence, and true crime for over 30 years. He has personally interviewed over 200 teen killers, multiple school shooters and dozens of serial killers, and his experience is unlike any other American communicator. Wendi has a MBA in early childhood education, and has worked with students both as a teacher and a principal for nearly 15 years. She helps Phil with research into youth culture, technology, social media and mobile phone apps.

Why is your youth talk successful?

Phil and Wendi know how to speak to teens and get their attention and respect, from their appearance to their knowledge of youth culture, their "real" seminar content and their presentation style. Students know when a presenter understands their world, and they also know when a guest speaker cares about them. Your students' minds will be challenged, their relationship with Christ will be rekindled, and their hearts will be changed.

What makes you effective with parents?

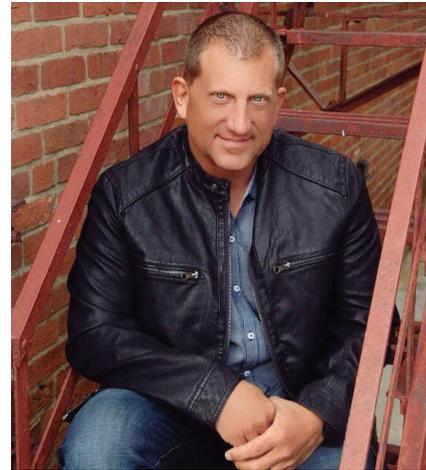

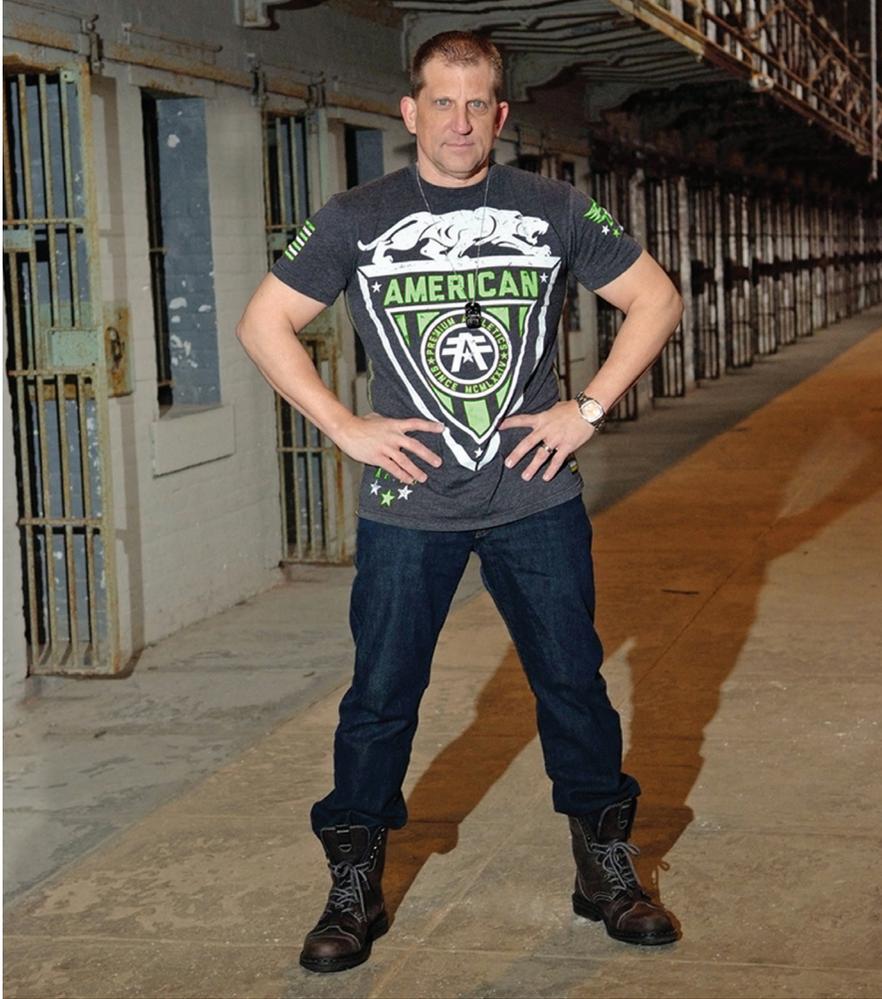

Phil and Wendi know the challenges of being a parent, having raised 5 children between them. They also know the challenges of being a parent to this entitled and smart-phone generation. They will do their best to not only encourage parents with ideas to reconnect with their children, but also teach them to be aware of the dangers that today's kids face, as they expose the "snares of the devil."

How will your Sunday sermon attract visitors?

This sermon is geared to both the visitor and the church member, the believer and the non-believer. This generation, both young and old, are fans of true crime stories, prison culture, and true crime books and television. This outreach service will appeal to fans of shows like CSI, Dexter, Criminal Minds, NCIS, Law & Order, Castle, Bones, The First 48, Forensic Files, and Lock Up. Phil and Wendi are ministering to people like BTK, The Son of Sam, The Hillside Strangler, The Want Ad Killer, and The Tool Box Killer. Make this service your outreach service for 2017, and encourage your congregation with a real example of love, forgiveness, and redemption.
