

**FIRESTAR**  
VETERINARY SERVICE LLC

**Keeping your horse healthy  
with detailed care that is  
thoughtfully customized for  
your horse's lifestyle**

*Horses and donkeys take on many roles, from beloved family members to valued athletic partners. Whether your horse/donkey is an active athlete or getting up there in years, we provide wellness plans tailored to every lifestyle and life stage.*

*Our plans include doctor-recommended preventive care services and screenings to minimize the risk of infection, stave off illness, and maintain optimal health with each passing year. Our goal? Healthy horses, educated clients, and mutual respect and kindness for all involved.*

# healthy as a HORSE

Head-to-hoof wellness care puts your horse on the path to good health. With manageable monthly payments, we make it easy to say “yes” to what’s best for your horse.

We provide wellness plans with age-appropriate services tailored to your equine companion. In consultation with your veterinarian, you can handpick services, such as dentistry, age-related disease screenings, foot X-rays, and more.

## Wellness Plans and Horse Insurance

Wellness plans and horse health insurance work in different ways to safeguard the health of your horse. Wellness plans cover routine preventive care, such as exams, vaccinations, and health screenings.

Insurance covers non-wellness issues. For example, ASPCA-branded insurance provides coverage for older horses and low-value horses that typical equine major medical insurance won’t cover.\*

Are you considering a wellness plan?
