

A woman with voluminous curly hair is shown from the chest up, her arms outstretched to the sides. She is smiling broadly, looking upwards. She is wearing a light-colored, possibly olive green, halter-neck top. The background is a lush, green forest with sunlight filtering through the leaves, creating a warm, golden glow. The title 'Easy Freedom' is written in a large, gold, textured script font across the top of the image.

# Easy Freedom

How to make the *easiest* online passive income ever, supporting you to have more freedom, ease + wellbeing

by ROSHNI

## Hi, I'm Roshni!

Artist, Creator + Visionary who has been in 'the business' for 10 years as an entrepreneur + social enterprise developer – who struggled *hard* trying to figure out all of the ways to make a sustainable income through my passions, higher vision, attributes + doing what I love... and then got into even more trouble through significant traumas which put me back even further, feeling like even more of a failure. After the hardest time in my life, this system—the Amazon Influencer Program, where you simply film + review items in your home that you *already* have—landed on my lap, and from doing *all* of the inner work to be ready to take action, I leapt and applied myself fully (but it was so easy that I didn't even really need to 'try' super hard.)

After 4 months of 'working' 10 hours a week (the most I could do at that point) I was able to put my feet up and create a sustainable passive income; and in 5 months, I made 5 figures. In 9 months, I earnt my first \$6K-month completely passively; and in 1 year, made a total of \$37,348.11. I have also successfully helped other people with their financial freedom from their soul-sucking jobs and helped them to create financial stability + sustainability; now living the life of their dreams they have always wanted (such as kitesurfing through the islands of the Philippines and having easy, comfortable lives at home with their children as single mums.)

It is my passion to share what works with you (having tried so *many* things that didn't or got me results this quickly + effortlessly) but most especially, to help harness the freedom + joy of other beings on this planet, as my desire and drive to create human thriving and heal from suffering is a big tick on my Dharma list (you can read more about my story [here](#).) Helping you thrive alive in the best way you can is absolutely essential for me, to see that things are working, and most especially so that your gifts are thriving in the world, being free from suffering in whatever life or situation got you here in the first place.

It is an honour to share the shortcuts and what works with you, and I truly hope you find + create relief, joy and bliss in the light at the end of your tunnel – that you so deserve. In this way, I truly hope this supports you on your journey to *freedom*. With love, R x

## Step One

The *only* way you can get accepted into the Program is with a social media profile with a certain amount of following.

You can use the following to apply:

- Facebook (Business) Page
- Instagram
- Tiktok

Exactly how many followers you need for each account type and **how to get there** is provided in the training, showing you the **fastest, easiest ways** to get accepted with zero BS. I guide you in exactly what to choose for your unique preferences (plus provide the smartest strategies to build up *quickly*). We have a 0% failure/100% success rate. You're not limited with your options :)

## Step Two

Once you're accepted into the Program, you need to get approved for "Onsite Commissions" (which is how you make your money – through views + purchases from your videos. This ensures you meet the mark for the items you review.)

You need to make **3 initial videos** which Amazon representatives personally approve. The guidelines, criteria + specific breakdown to get approved for these videos in the quickest way are clearly provided + outlined in the training, where most people have been approved almost instantly.

## Step Three

Now you can start making videos! This is where you literally film **anything and everything** in your home (and elsewhere, too) and start getting paid big to small \$\$\$ for what you already have!! These videos can be totally anonymous - as in, you don't have to be in them AT ALL :)

How to easily find items on the platform so you don't have to search for them manually; which items to review; **how** to do a review (super important); + everything else you need to know to ensure your journey is smooth + simple...where you can start earning big bucks in no time (like...within days or weeks) I provide for you in the training - so you don't waste massive amounts of time/energy trying to figure it out for yourself!

## Here are some Testimonials

from others who have succeeded in the Program, some who've done my training + engaged with it themselves:

Here my testimony:

I got curious about this way of making a passive income based on witnessing Roshni's own process and have to thank her for it. I know her integrity and honesty so I know I can trust her. The fact that was such an organic and genuine way of generating a passive income anonymously and ethically by giving an opinion and review of items I already have and use sounded amazing. After applying and starting, I must say that if it wasn't for Roshni's support and step by step guide, tricks and shortcuts, I might have taken x10 times more to start earning or even might have given up half way.
