# SPONSORSHIP | OFFICIAL LETTER of INVITATION

Dear Private & Public Leaders, Dear Future Sponsors & Partners,

It is with a great joy and honor to welcome you being Official Sponsors & Partners of the WSF 2025, World Sustainable Forum, 12<sup>th</sup> December, Paris, 10th anniversary of the Paris Agreement.

Through a World Citizenship approach, this international day aims to accelerate decision making, from public, private, and opened to all Startups, Investors & Talents, taking place at Le PRISME, Heritage of PARIS 2024, in Grand Paris-Bobigny, a highly & symbolic Olympic site of sustainability values.

We are also very pleased to share this milestone with our Exceptional Co-Master of Ceremony, David SMETANINE (\*), Member of the International Paralympic Committee, Multi Olympic Champions, Participant at PARIS 2024, a Great Champion to bring together all energies.

On this occasion, working toward the SDGs, we believe it is vitally important that the voices of C-Level Leaders be heard, specially in these trouble times, to bring all humanist values to the global economy. The goal is to encourage all those who are willing to invent a Sustainable World that respects its natural resources, toward Planetary limits, for Future Generations.

That’s why the entire High-Level Scientific and Honorary Committee would be grateful if you engage with us to support WSF 2025, and through your presence, and multi-lines of Participations with a special “COP of C-LEVELS” that demonstrates the possible pathways for an economic, environmental, innovative, viable, and socially acceptable transition, As the Official “Sustainable Champions Session Committee”.

The consideration of scientific dimensions is at our core during sessions.

Also, on this **December 12, 2025, marking the 10th anniversary of the Paris Agreement**, we invite you, as a Leader representing your organization, to symbolically RE-SIGN the International Climate Agreement during a dedicated session, specially this historic session reaffirms the Climate Actions, with an emphasis placed on the essential climate adaptation of our societies. This session will be a unique moment and direct communion between Science, Private and Public Stakeholders, in a resonant citizenship approach.

And will be enshrined in a dedicated press release entitled "**Universal Climate Declaration**" to **#MakeParisAgreementGreat**. On this occasion, you will all be presented with the **Sustainable Champion Honorary Award**, respectively and personally, in recognition of your contribution to global citizenship as a Private, Public, Institutional or NGO player, and a high-level message will be delivered on this occasion of WSF 2025.

With the challenges of the 21st century, we collectively need to face, we strongly hope for your in-person engagement. On the Road to the important milestone of COP30 BELEM Amazonia BRAZIL, we are encourage with the Historic decision of the UNs International Court of Justice, from this 23 July 2025 “The UN’s principal judicial body ruled that States have an obligation to protect the environment from greenhouse gas (GHG) emissions and act with due diligence and cooperation to fulfill this obligation”. UN Secretary-General António Guterres issued a video message welcoming the historic decision, which came a day after he delivered a special address to Member States on the unstoppable global shift to renewable energy: "This is a victory for our planet, for climate justice and for the power of young people to make a difference".

**We expect a response in principle by September 20<sup>th</sup>, in view to coordinating by October 20<sup>th</sup>.**

**Please accept, Ladies and Gentlemen, Sustainable Champions, our most sincere and warmest greetings.**
