2. Leadership training,

3. Spiritual disciplines

Raising Leaders for transformation

The Lord is using us to transform communities through church planting and empowerment, and investing in powerful, prepared leaders is central to this mission.

Our Berean Leadership Institute (BLI) is dedicated to this purpose, running leadership training programs across Northern Uganda through various platforms.

We are praising God for the successful launch of our onsite training program in September, where more than 20 leaders from our church branches gathered at Berean Primary School. This intensive course focused on equipping them with critical leadership skills and deepening the spiritual disciplines necessary for effective, godly ministry.

This journey is vital: it will prepare the workers needed for a massive harvest of souls and a regional revival in Northern Uganda.

Our next cohort is coming up soon, December 7th–12th!

How to Pray:

Please pray specifically that many more emerging leaders will be called out and profoundly impacted by the teaching and impartation at this upcoming BLI training.

Pastor Samuel Okello leading a session

Ogenrwot David, one of the youth leaders, shared a powerful testimony of transformation through the training. He has gained a better perspective and passion for ministry.

Building Up the Builders: Training Compassion Staff

We believe in empowering the drivers of change! Our ministry has consistently shaped leaders across churches and organizations, using a deep, biblical foundation for lasting personal and organizational empowerment.

This September, we were honored to partner with Compassion International to conduct an in-depth training for about 40 staff from the Kitgum and Lamwo regions. Compassion's incredible work focuses on reaching vulnerable children through education, counseling, and discipleship.

The staff retreat was a success, leaving the team spiritually and emotionally empowered to continue their critical work.

We ask for your prayers that more Christian organizations will follow this example, recognizing the value of investing in the holistic development of their leaders to bring about effective, positive change.

Economic Empowerment

Women of hope leaders posing with their made soap product

From Training to Contribution

The Women of Hope have powerfully translated their business skills training into action, showcasing true economic empowerment!

Following training in various marketable skills, the women focused their efforts on soap making. They successfully established the necessary capital to produce and sell their soap, immediately impacting their community.

This initiative serves a dual purpose: it directly improves household income for the women involved and actively supports church development. We are thrilled to report that in September, the Women of Hope were able to make their first significant contribution to the ongoing church construction project using the proceeds generated from their soap sales.

This step demonstrates the power of investing in skills—transforming knowledge into capital that blesses both the family and the ministry.

Youth-Led Ventures: A Path to Financial Stability

We believe in raising self-reliant leaders! Our ministry actively encourages youth entrepreneurship to improve their standard of living and eventually bless community.

A team of youth in the ministry have founded nutritious product blends that has taken the northern Uganda market by surprise- The Nutri flour. This is a highly nutritious porridge flour business produced locally with local and healthy raw materials.

This product which has been launched barely within a month has gained significant recognition within and outside northern Uganda. The goal is to increase production to meet the market demand, with limited resources this impossible. Therefore, We invite your generous support to our young entrepreneurs, to help them build their ventures and realize their potential.

Support our youth and invest in their future—at 8,000Ugx buy Nutri Flour today!

A nutritious blend of millet flour and tamarind for instant porridge

A nutritious blend of Amaranth, Maize & Rice Flour.

Nutritious blend of millet and soya

A nourishing blend of Soya, Rice & Yellow Maize Flour.

CHURCH CONSTRUCTION

Church building under construction

God Is Still Building His Church!

Our church construction project is moving forward, and we've recently experienced a challenge that quickly became a testimony of God's provision!

A government initiative to open a main access road leading to our property required us to relocate our previous temporary structure with only 14 days' notice. What could have been a terrible blow to our growing church was instead met with faith and action.

By God's grace and the generous contributions of our congregation and friends, a new semi-permanent office and worship structure is rapidly being raised. We are thrilled to see this progress!

Our ambitious goal is to see the main church structure fully built by December 2025.

We invite you to be a part of this miraculous work and join us in building God's house!

Let God use
you to build
his Church

Consider giving a
generous contribution to
help finish the walls,
floor, windows, doors
and the office roofing.

Matthew 6: 19-21

Do not store up for yourselves treasures on earth, where moths and vermin destroy, and where thieves break in and steal. But store up for yourselves treasures in heaven, where moths and vermin do not destroy, and where thieves do not break in and steal. For where your treasure is, there your heart will be also.

School opens new academic term

September

Character based education is a tool for raising future leaders. That is what happens at Berean Christian school. We are excited to open a new term by God's grace. This is A promotional term, and we expect to run smoothly till the closure of the year.

SCHOOL Calendar Highlights

OCTOBER 20TH- 23RD

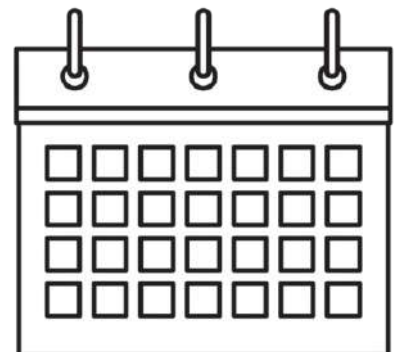

MID TERM EXAMS

OCTOBER 24TH

CLASS DAY

NOVEMBER 29TH

END OF YEAR PARTY/
KG3GRADUATION

Most children in our school come from disadvantaged backgrounds. That affects school revenue, meaning extra sources are required to run daily and monthly operations, and pay wages. With the current economic situation, more support is needed. Pray with us to finish the year debt free.
