HI FOUNDATION GH

Leadership and Project Team Profiles

Dr. Thomas Hinneh
Founder and Executive Director

Provides strategic direction and overall supervision of HI Foundation Ghana. Previously led the Apotheker ohne Grenzen-funded healthcare worker training and health systems strengthening project in the Bono Region. For Healthy Hearts, Healthy Communities will provide overall oversight and review project and financial reports.

Mr. Patriot Ofori-Anning
Deputy Executive Director

Led community screening programs, including volunteer-led activities in Jacobu. Brings experience in organizing community outreach and mobilizing healthcare volunteers. Will support community engagement and implementation oversight.

Dr. Isaac Henneh Tabiri
Programs Director; HyCare-IS Lead

Manages day-to-day program administration and implementation. Currently leads HyCare-IS, focused on improving hypertension care in selected primary care facilities in the Central Region. Named in the application as responsible for mid-year and final impact reporting, subject to confirmation of final assignments.

Project Coordination and Community Outreach

Ralph Ofori
Project Coordinator (named in the application reporting section)

Named in the application to coordinate photos and community stories, with appropriate permission. The project coordinator role also covers organizing field activities, household visit schedules, and coordination with healthcare teams. Confirm that Ralph Ofori is the designated Project Coordinator before issuing this as an official roster.

Owusu Apenteng
Nurse

Leads health education activities in different parts of Ghana. The Foundation can draw on this experience in community communication and prevention education. A formal role in the proposed TEEEM project has not yet been assigned.

Bendicta Ampong
Community Health Nurse

HI FOUNDATION GH

Community mobilzation health education activities in different parts of Ghana. Brings a community nursing perspective to prevention and outreach. A formal role in the proposed TEEEM project has not yet been assigned.
