GREAT TASK, ACCOMPLISHED!

Team Shivneri Students

We Encourage our students to exercise their creativity by starting a newsletter. While it seems like a daunting project, a student-made newsletter will give our kids firsthand experience in writing, research, planning, management, and design.

Though each & every student wants to have his/her contribution to this publication of the school, we keep challenging them and best is chosen for the newsletter. Paintings, poems, articles, etc. make it to the newsletter so as to prepare a masterpiece portfolio of the school.

Strengthening the inner Strength

UNSUCCESSFUL PEOPLE DO
NOT VARY GREATLY IN
THEIR ABILITIES. THEY
VARY IN THEIR DESIRES TO
REACH THEIR POTENTIAL.”
– JOHN MAXWELL**

MESSAGE

CREATING AN EQUILIBRIUM

by Shubhankar Kanase

*Managing Trustee,
Shivneri Foundation*

Equilibrium. some of the students wouldn't be knowing the meaning of this strenuous word, some might not be able to pronounce it, but that's our daily job here at the school. Teachers and administrators work on this little word every moment.

Let me explain. Here at Shivneri School, Students have come from different backgrounds, different cultures, different languages, and many more other differences. If you try to group these students based on their similarities, you will fail miserably. So creating an environment suitable for such a heterogeneous group is a back-breaking task. All the teachers and administrators at the schools work really hard to achieve this difficult goal. But the task is not just to make students comfortable, the main game is to teach them discipline and make them succeed in their own goals while adhering to their comfort. Hence, creating an Equilibrium where all the students are comfortable and learning discipline and skills for their goals is, I believe, ultimately the role of the school.

GOLDEN WORDS

1. Shake off Your Problems

A man's favorite donkey falls into a deep precipice. He can't pull it out no matter how hard he tries. He therefore decides to bury it alive.

Soil is poured onto the donkey from above. The donkey feels the load, shakes it off, and steps on it. More soil is poured.

It shakes it off and steps up. The more the load was poured, the higher it rose. By noon, the donkey was grazing in green pastures. After much shaking off (of problems) And stepping up (learning from them), One will graze in GREEN PASTURES.

2. The Elephant Rope

As a man was passing the elephants, he suddenly stopped, confused by the fact that these huge creatures were being held by only a small rope tied to their front leg. No chains, no cages. It was obvious that the elephants could, at anytime, break away from their bonds but for some reason, they did not.

He saw a trainer nearby and asked why these animals just stood there and made no attempt to get away. "Well," trainer said, "when they are very young and much smaller we use the same size rope to tie them and, at that age, it's enough to hold them. As they grow up, they are conditioned to believe they cannot break away. They believe the rope can still hold them, so they never try to break free."

The man was amazed. These animals could at any time break free from their bonds but because they believed they couldn't, they were stuck right where they were.

Like the elephants, how many of us go through life hanging onto a belief that we cannot do something, simply because we failed at it once before?

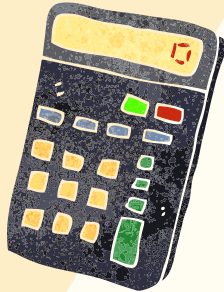

Failure is part of learning; we should never give up the struggle in life.

**"FAILURE IS THE
OPPORTUNITY TO
BEGIN AGAIN MORE
INTELLIGENTLY."**

– HENRY FORD

MATHEMATICS

1. Adding large numbers

Adding large numbers just in your head can be difficult. This method shows how to simplify this process by making all the numbers a multiple of 10. Here is an example:

$$644 + 238$$

While these numbers are hard to contend with, rounding them up will make them more manageable. So, 644 becomes 650 and 238 becomes 240.

Now, add 650 and 240 together. The total is 890. To find the answer to the original equation, it must be determined how much we added to the numbers to round them up.

$$650 - 644 = 6 \text{ and } 240 - 238 = 2$$

Now, add 6 and 2 together for a total of 8

To find the answer to the original equation, 8 must be subtracted from the 890.

$$890 - 8 = 882$$

So the answer to $644 + 238$ is 882.

2. Subtracting from 1,000

Here's a basic rule to subtract a large number from 1,000: Subtract every number except the last from 9 and subtract the final number from 10

For example:

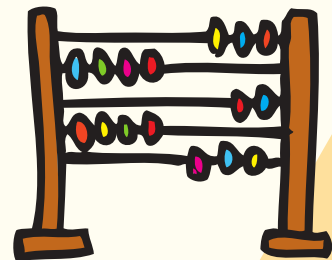

$$1,000 - 556$$

Step 1: Subtract 5 from 9 = 4

Step 2: Subtract 5 from 9 = 4

Step 3: Subtract 6 from 10 = 4

The answer is 444.

3. Multiplying 5 times any number

When multiplying the number 5 by an even number, there is a quick way to find the answer.

For example, $5 \times 4 =$

Step 1: Take the number being multiplied by 5 and cut it in half, this makes the number 4 become the number 2.

Step 2: Add a zero to the number to find the answer. In this case, the answer is 20.

$$5 \times 4 = 20$$

When multiplying an odd number times 5, the formula is a bit different.

For instance, consider 5×3 .

Step 1: Subtract one from the number being multiplied by 5, in this instance the number 3 becomes the number 2.

Step 2: Now halve the number 2, which makes it the number 1. Make 5 the last digit. The number produced is 15, which is the answer.

$$5 \times 3 = 15$$

STUDENTS' CORNER

* IMPORTANCE OF GIRLS *

अगर बेटा बरख है, तो बेटे बरख है।
अगर बेटा बंश है, तो बेटे बंश है।
अगर बेटा आन है, तो बेटे आन है।
अगर बेटा मन है, तो बेटे मन है।
अगर बेटा मान है, तो बेटे गुमान है।
अगर बेटा संस्कार है, तो बेटे संस्कृति है।
अगर बेटा आबर है, तो बेटे आबर है।
अगर बेटा दुआ है, तो बेटे दुआ है।
अगर बेटा भाग्य है, तो बेटे विधाता है।
अगर बेटा बद्ध है, तो बेटे अर्थ है।
अगर बेटा गीत है, तो बेटे संगीत है।

* Please save girls *

Girls Fortune is in the generation's hand.

Please save girls and educate girls.

माधुरस होऊ या न... लीज

स्त्री-पुरुष असमानता हा शब्द गूळगुळीत आणि बोचट झालाय. महिलांचे कोणतेही वेगळे प्रश्न असताना हे समान मान्य करत नाही काही ठिकाणी स्थिरांकून आलेल्या काही छत्री, आणि त्या बान्स्यांचा आधार होऊन स्त्रीभुक्ती, चळवळीवर आणि त्यांच्या कार्यकर्त्यांवर कठोर आघात केले जाताना आणि हळूहळू या चळवळीतल्या कार्यकर्त्यांना बदनाम केले जाणे, त्यांचा कार्यावस्था विश्वास उडतो. आणि हे कोण करत याच इतर लवकर सापडू शकतात नाही अशा पद्धतीने एक विकृत शक्ती वावरते आहे असं वाद लागते.

सध्या १९२० चे वारे समजताना धुम लागले आहे प्रत्येक स्त्रीवर झालेल्या अन्वयाराळात आता वारा फुटू लागला आहे पण या वाऱ्यालाही अडवतात व त्याची शहरा चालवण्याच्या स्त्रीय प्रकार या प्रगतीत समजात चालू आहे आरंभात स्वतंत्रता होऊन ७७ वर्षे पूर्ण झाली पण आन्ही स्त्रीला समजात जन्म घेण्याआधीही परवानगीची गरज लागते फक्त स्त्रीच्या 'अस्तित्वा विषयी' नारे देण्यापेक्षा सन्मान द्या बस त्यातच उज्ज्वल अस्तित्वाची नांदी आहे.

"स्त्री-अुवाचा आरंभ सत्ता"

"आई मागे अवकाश नू
नुद्या कवेन धर
यासाठी तरी आई
नू घाडे बळ धर
माझ्या जन्माचं स्वागत कर."

- Mrs. Ashwini Borge

डिजिटल इंडिया

VALUE OF TEACHER'S

- Naina Fargawal.

Teacher's are the second parents of the student. If student is nothing without a teacher as the sunquella with a sugar syrup. Teacher's are the role model of a child. He or she can make or break the future of a particular child. If student should be sincere & be truthful to a teacher. If teacher is not necessarily one who taught us in our school or college, they are our parents, mentors & friends too. The best teacher's are those who show us where to look but don't tell us what to see. Because teacher's educate us & the right education is to know where to look. What we need from education is to awaken intelligence in us, & our education is not possible without a teacher. As he/she is our role model of the life. Whatever we are or we will be is the struggle of our teacher's too. We should be thankful & offer our gratitude to our teacher's.

Topic: Importance of Discipline in Life...

"Good Manners can open the door that the best education cannot."

In Life Manners and good habits are very important because it reflect towards our personality. No one sees that what is your education, first of all they look at how you walk, speak, talk etc. School is not only for education it also teaches good manners. Only being a topper child in the class doesn't mean that you are good child in the class. How to talk with your teachers, friends, your seniors & juniors. Discipline means fully strictly. Discipline can even help you in future. "Discipline is the path on which can you get success. It can even fix your carrier. If you try your level best at least not in exams but you can pass in the marks of behaviour. If exams can't respect you manners, habits and behaviour will respect you. Don't get only succes get some value. So try your level best to be in full discipline..."

Save trees

Trees are our wealth on planet Earth. We depend on trees for the oxygen that keeps us alive. Our food too comes from trees. Trees keep up the ecological balance in our ecosystem on earth. So we all need to come together in the cause of saving trees around the world. A green world is a safe world for all of life.

FAMILY SOUND

when I cry cry cry
I said bye bye bye,
then I far away with mom
then I realised that is wrong.

M - Map of our life -
D - our heart
M - Map of our future

when I happy happy happy
I start jumping jumping jumping,
then I far away with father
then I realised that is another.

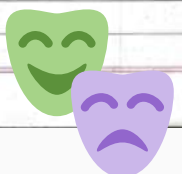

F - feather of our life
A - Another give chance
T - Treat of our life
H - Heart of our life
E - everything of our life
A - Rights of our life

when I sad sad sad
I feel bad bad bad,
then I far away with my Brother
then I realised that is feather.

B - Bright of our life
T - Treated of our life
O - oxygen of our life
T - Time of our life
H - education of our life
E - education of our life
A - rotation of our life

when I shouting shouting shouting
I said rounding rounding rounding,
then I far away with my sister
then I realised that is Minister.

when I walking walking walking
I start talking talking talking,
when I far away with my family
I realised that is really.

ACTIVITIES

Football Win!

Hurray! Under 14 girls as well as under 14 boys securing 2nd place in Taluka Level Football Match 2018 - 19.

Dahi Handi! Govinda!

Students celebrated Dahi Handi on 3rd Sept. Everyone rocked their traditional attire, danced to music and enjoyed treat at the end.

Ganapati Idol Making

To promote eco-friendly Ganpati, school arranged Ganapati Idol making competition in school. Students presented their creativity.

TEACHERS' DAY

5th Sept 2018

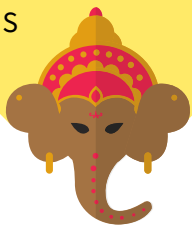

Teachers and Students celebrated Teachers' day. Students participated as a teacher and learned daily activities of the school. Everyone Enjoyed.

BONFIRE & TREAT

We skipped the prep for a day and enjoyed Bonfire and ice-cream treat. Students sang, danced and enjoyed.

Ganesh Chaturthi

We celebrated Ganesh Chaturthi in a very grand manner. Arati was performed all the consecutive days. On the last day the idol was immersed in eco - friendly way.

Gandhi Jayanti & Swachhata Abhiyan

Students & Teachers celebrated Gandhi Jayanti on 2nd Oct. To inculcate Gandhiji's values in lives, students & teachers cleaned the school campus and hostel.

NAVRATRI DANDIYA

Students Enjoyed Dandiya nights during Navratri. Traditional was the dress code. Everyone had a gala time. Hostel students enjoyed Nine Days, Nine Sweets.

HAPPY DUSSEHRA!

Students & Teachers celebrated Dussehra on 18th Oct. Students were given flowers & decoration material. Students decorated their rooms & dorms. Took blessings from elders. Best Room & Dorm were chosen.

2018-19

THE QUARTERLY NEWSLETTER OF THE SHIVNERI SCHOOL

HAPPY DIWALI!

Have a safe, prosperous & eco-friendly Diwali.

On this auspicious festival of lights, may the glow of joy, prosperity and happiness illuminate your life and your home. Wishing you a Happy Diwali. Doubt is like darkness, Trust is like light, There is no way to destroy light by throwing darkness in to it. So come together and enjoy the festival of lights.

SCHOOL RE-OPENING
DAY

20th November 2018
9am - 5pm

Important:

1. For Complaints - tshilpa.shivneri@gmail.com, +91 8208432877
2. 'Myly App' has been transferred to 'Shivneri School' App on Google Play Store. Kindly download the same and collect your login details from Principal Office to receive daily updates of activities in the school.
3. Every Second Saturday - Open House, Get the performance details from ClassTeacher
4. Food items, Mobile phones, any other valuables are not permitted in the Hostel.
5. If the imprest amount is exhausted, kindly recharge the same by paying the amount in the accounts department.

CREDITS:

1. Mrs. Shraddha Kanase - Concept & Activities
2. Mr. Subhashnath Patle (Principal) - Content
3. Mrs. Padmavathy Alexander (Principal) - Content
4. Mrs. Tresa Joseph - Content & Co-ordination
5. Mrs. Ashwini Barge - Photos
6. Mr. Shubhankar Kanase - Design
