Experiencing Psychology

Presented by the Minnesota State University, Mankato Psychology Department

Do you ever wonder what a human brain looks like? Or how you could improve memory skills? Experiencing Psychology will have these demos and more exciting ways to explore how psychological science shapes our lives.

Where:
Children’s Museum of Southern Minnesota

When:
Friday March 16th

Demonstration Times:
10:00am–12:00pm
1:00pm–3:00pm
