n) the Twelve Imams, (Tabiqat al al-Anwar, .n) the Exalted Angels, (Yatibat al-Alfar, .n) the Prophets, and (Ihy'ath ar-Rum, .n) the Rightly guided Caliphs. The Ahl-ul-Bayt were all scholars of the Qur'an. During his time in prison, al-Suddi was introduced to the works of Sufism and met the great scholar al-Haravi. For this reason, Sufism has become an integral part of his teachings. The Sufi movement is based on the concept of oneness of God, unity with God, and inner spiritual transformation. The Sufi

world organization Iqbal Ansari has a strong emphasis on the concept of oneness of God, similar to al-Suddi's teachings. Al-Suddi is a proponent of what is called the "Rambaghayet" (guide) method of commentary. The Rambaghayet method is a form of Sufi commentaries where the Sufis receive a divine spirit from God called "a hannath" (spirit) and this spirit guides them to give a detailed commentary on the Qur'an and the Sunnah. This method is considered in Islam to be the most perfect way to get a spiritual reading of the Qur'an and the Sunnah. The Rambaghayet method is also seen in the Qur'an commentary that Shi'a Muslims are given at the birth of their children. In the past, the Sufi commentaries were primarily seen in the writings of the Sufi scholars, but today are seen in books of the Qur'an commentators. Although his works are mainly limited to the Sunni perspective, al-Suddi did have a significant number of followers. These followers included Sufis and Sunnis who lived in various parts of the Islamic world. The most famous follower was the leader of the Wahhabis, Muhammad ibn Abd al-Wahhab. He also had a number of followers in other Islamic schools. One of these followers was Fakhr al-Din al-Razi (1603–1662), a famous chemist and mathematician. Family Al-Suddi's father was Abu Ali al-Suddi (d. 1721). Al-Suddi's mother 520fdb1ae7
