Designers

Self Development Focus

MallDash will provide the intern opportunities to apply technical and non technical skills as well as extensive benefits including experience, learning and, practical skills and continue to support you after you have completed your internship.

Learn From the Best

You will learn from an entrepreneurial team on a day to day basis. The team is experienced in Management and Business Strategy Consulting, Investment Banking as well as Technology, winning multiple Malaysia level and global level competitions.

Team experience includes working with AT&T, Accenture, IBM, JPMorgan, AirAsia, Grab, Malaysia Airlines, Maxis, PwC, Shell and more.

Experience Impact

You will get hands on experience building and growing a startup, experiencing various aspects of a digital business from design, data management, to sales and marketing.

Start contributing to the business and make an impact to the business from early on, taking on meaningful responsibilities and owning a piece of the action.

Make You A Digital Leader

We will provide a spectrum of training for you to be a leader in the digital business space:

1. Discovering yourself and how to make the most of your capabilities.
2. Systematically discover business opportunities anywhere.
3. Design user experiences and beautiful digital front ends.
4. Build web and mobile applications using Google's AngularJS and Firebase.
5. Communicate effectively and convincing an audience to sell your idea.

Kickstart Your BIG Project

As a side project, you will get to build your own million-dollar idea. Use all of the above training to discover, design, build and pitch your own startup idea. We will give you the necessary guidance to scale your idea to be the next unicorn.

Build Analytic Skills

We will give you hands on experience with data analytic tools and analytic capabilities:

1. Learn how to manage and transform raw data from source
2. Learn how to process data into usable formats
3. Explore visualization tools for big data sets
4. Analyze businesses data, gain insights to support subsequent actions

Post Internship Benefits

1. Help you build a world class resume/CV.
2. Provide post internship review reference.
