We Know Coffee.

We deliver coffee experiences.

Overview

Since 1997

ECS Coffee is a family owned business in Southern Ontario. With 40 dedicated and amazing team members we are dedicated to client satisfaction, great coffee and using technology to make coffee at your workplace better.

Our 25 plus years in the business means we know what equipment is the best, what coffee to offer and what the hidden tricks of the trade are. None of our staff are on commission, we have no hidden fees and we believe in shaking your hand to make a deal, working with you rather than tying you in to something you may not enjoy.

This has earned us multiple awards and recognition, including the most prestigious award in the industry in Canada, features in numerous publications including PROFIT magazine and a loyal customer base.

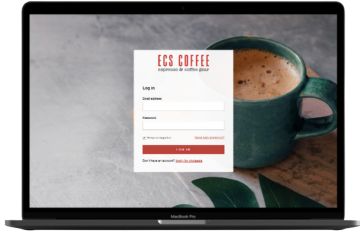

We use only new equipment, we roast our own coffee but also have the largest catalogue of coffee and tea in Canada. (We have checked!) ECS offers capsule recovery programs that truly divert capsules 100% away from the landfill. This means that as far as options go, there is no place better than ECS Coffee!
