The books are designed in such a way that they inform the ordinary non-specialist in simple and ordinary language the various principles and advice to Vastu embedded in Vedic texts. Vastu texts can be used at any local bookstore to learn the basic concept of Vastu-Shastra. Today, many vastou experts are writing a book about Vastu-Shastra specifically for ordinary people to spread the word about this ancient science that could hide somewhere. Vastu's books begin with the blessing of God and Vastu Purusha in a simple and ordinary language and describe about five elements of the Earth. The book then goes on to list Vastu's direction and the presiding deity of a particular direction.
