Obviously, The Encyclopedia Britannica World Atlas is one of them. This atlas offers a great insight into the world, as it did in the 1940s. History of a different time and place. Another world. We can't go back in time, except for memories or through books like this. My parents bought for me when I was a kid. Although many of the boundaries have changed, I still relate to it often. I like its large format; none of today's atlases are that big. At 42cm tall, this is the highest book in my Page 2 2 2 britannica world atlas pdf download
