GENERAL MEMETICS NEWSLETTER

January 2022

Dear Colleague and Friend on the Path,

(Anne-Chloé writing...)

[Thich Nhat Hanh](#) died on 22 January 2022. A few days before, I learned that [Malidoma Patrice Somé](#) died a month ago, 9 December 2021. What then must we do? Tears are streaming down my face.

[Of Water and The Spirit](#) was one of the first books I read from the [Possibility Books](#) list and it changed my life. It changed me truly. I was... in many ways, I still am like Malidoma Somé, staring at the tree, questioning what I am supposed to see other than a tree. Others seem naturally able to shift, to break through to the other side... My 'whiteness' is difficult to shake off.

that I read [Original Wisdom](#) from [robert wolff](#) who died in 2015 (he spelled his name without capital letters...), and my Sadness, Rage, and Fear about the loss that I experienced only got stronger.

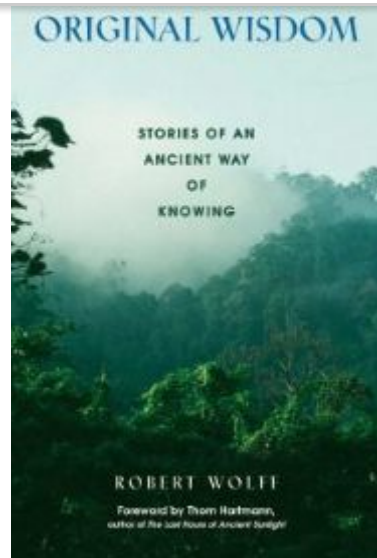

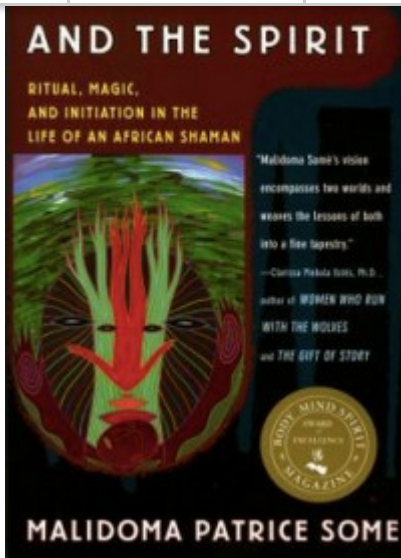

Today, along with my grief, I also feel fear... fear that the frontline [Possibilitators](#), [Bridge Builders](#), and Next Culture Path Finders to [regenerative cultures](#) are one-by-one completing their Service by dying off – and the frontlines are approaching me, you, us, with each [Edgeworker](#)'s death.

I have relied upon these Edgeworkers to pave the way for my own [Path](#): their books, their stories, their discoveries, the spaces they set context for and navigated with such courage, elegance, and persistence. When will there be no new books, no new videos, no new WorkTalks, no new stories for me to rely upon? Then I will need to write those books, make those movies and tell those stories for others just behind me to rely upon.

Yes, this scares me... and... I cannot think of a better way to say, "*Thank you!*" to you Malidoma Somé, Thich Nhat Hanh, [Barbara Marx Hubbard](#), [Claudio Naranjo](#), [Dave Ewoldt](#), [John Welwood](#), [Lee Lozowick](#), [Arnaud Desjardins](#), [Desmond Tutu](#), [LaDonna Brave Bull Allard](#), and thousands of others, than by trying to further unfold the frontlines when my time comes... which feels intensely like it could already be now.

I feel immense joy and gratitude that I do not face the frontlines alone because I am in a Team with you! I thank you for your evolutionary creative collaborations.

Warm embraces and Love from Clinton, Anne-Chloé, and the General Memetics Team.

[SPARK 227: By making a conclusion you lock yourself into a fantasy world.](#)

By making a Conclusion you abandon the world around you. You cut yourself off from the flow and slide sideways into a Fantasy World cul-de-sac where it seems like the Universe stopped evolving. But the Universe ignores you and continues to evolve, leaving you behind in the dust. You defend your Fantasy World by arranging your Conclusions to inform you about 'what is', rather than demanding that 'what is' inform you about 'what is'. Perhaps you know someone in this condition? ...
