香港表廠商會
Hong Kong Watch Manufacturers Association

香港表廠商會於1968年7月成立，服務業界逾57年。現時會員公司數目約280間。

本會致力發揚香港鐘表業，集合業界促進工商貿易，為會員爭取有利營商權益；代表業界於國內及海外參與國際組織會議；與各教育院校通力合作，作育英才；與政府機關及商會組織保持有效溝通，提供適切建議及訊息，促進香港鐘表工商業持續發展。

Hong Kong Watch Manufacturers Association was established in July 1968. Currently with an estimated total of over 280 company members.

The Association is dedicated to promote the Hong Kong watch industry, facilitate trades, and for favorable business rights for members. We represent the industry at international conferences, work closely with educational institutions, and maintain effective communication with government authorities and associations to provide timely advice and information, as for the sustainable development of the Hong Kong watch industry.

Editoral Message
主編引言

各位業界同寅、讀者朋友：

翻開今年《時表》的頁面，相信大家都會感受到一股前所未有的澎湃活力。作為香港表廠商會副會長暨本年度主編，我一直在思考：腕錶在今日的定位，究竟是什麼？答案或許就藏在「手錶無邊界」這五個字之中。

周宛賢女士
Amy CHOW
副會長
Vice President

Dear industry colleagues and readers,

As you flip through the pages of this year's "Hong Kong Watches", I believe you will feel an unprecedented surge of vitality. As the Vice President of the Hong Kong Watch Manufacturers Association and this year's editor-in-chief, I have been pondering what is the position of wristwatches today? The answer may lie within the phrase "Watches Without Borders".

For a long time, watches have been regarded as precise timekeeping tools. However, by 2026, this boundary has been completely broken. The Watches and Wonders exhibition at the beginning of the year sent a strong signal — the concept of watchmaking is shifting from technological competition to reshaping the perception of time. Time is no longer just an object to be read but an existence that can be designed and experienced. Among these trends, "jewelification of watches" has become the most eye-catching trend— bracelet and pendant designs are leading watches toward jewelification, making timepieces not just for telling time but a key element of style language.

The breakthrough in functionality is the most intuitive proof. Smartwatches are evolving from mere "digital partners" to our "health managers". Jewelry inlay and cross-industry collaborations are external expansions, watches are also deeply collaborating with top jewelry designers — Huawei teamed up with Francesca Amfitheatrof, former chief design director of Tiffany and chief artistic director of LV watches and jewelry, to launch a jewelry smartwatch embedded with 99 pieces of natural diamonds, officially bringing smart wearables into the high-end jewelry narrative system.

Besides, the art of fusion has extended to sports, fashion, and traditional culture; H. Moser & Cie collaborates with Reebok to replace the traditional crown with a push-button, redefining human-machine interaction; the cross-century collaboration between AP and Swatch breaks the wrists constraints with a pocket watch form, which can be worn around the neck, as a bag charm, or transformed into a desk clock. From artist collaborations to anime IP crossovers, from fashion brands to sports giants, the medium and context of watches are infinitely broadened.

As the world's second-largest watch trading hub, Hong Kong is not absent from this borderless wave. Incorporating street graffiti art into tourbillons, collaborating with AI technology firms to launch AI watches, and reimagining precious-metal timepieces through the intangible cultural heritage. These are the best proofs of the Hong Kong watch industry courage to break through and excel at integration.

The boundaries of watches are dissolving. They are both precise mechanical art and intimate health companions; both fashionable personal accessories and cultural carriers and technological crystallizations. When time is no longer just time, and watches cross one field after another, we are witnessing together — watches being pushed to another peak.

May you embrace this borderless new world with "Hong Kong Watches".

Vice President of the Hong Kong Watch Manufacturers Association and Editor-in-Chief of "Hong Kong Watches"
July 2026

長久以來，手錶被視為精密的計時工具。然而，2026的今天，這觀念早已被徹底打破。年初的「鐘錶與奇蹟」展覽便釋出強烈訊號——製錶理念正從技術競逐，轉向重塑時間感知。時間不再只是被讀取，而是可被設計、被體驗的存在。其中，「腕錶珠寶化」更成為最令人矚目的趨勢——手鐲、墜飾造型引領腕錶走向珠寶化，讓時計不只是讀時，更成為造型語言的關鍵。

功能的突破是最直觀的證明。智能手錶正從單純的「數字夥伴」進化為我們的「健康管家」。珠寶鑲嵌與跨界聯名則是外在的開疆拓土。腕錶與頂級珠寶設計師深度聯乘——華為與曾任Tiffany設計總監、LV手錶與珠寶藝術總監的Francesca Amfitheatrof 攜手推出鑲嵌99顆天然鑽石的珠寶智能腕錶，讓智能穿戴正式進入高級珠寶敘事體系。此外，腕錶「融合的藝術」已蔓延至運動、時裝及傳統文化；亨利慕時與Reebok合作，以按壓按鈕取代傳統錶冠，重新定義人與機械的互動；AP與Swatch的跨世紀聯名，以懷錶形式打破手腕的束縛，可作掛飾或化身桌上時計。從藝術家聯名到動漫IP跨界，從時尚品牌到運動巨頭，腕錶的載體和語境正在無限拓展。

香港作為全球第二大鐘錶貿易中心，在這場「無邊界」浪潮中絕不缺席。以街頭壁畫注入陀飛輪，與智能科技公司合作推出AI腕錶，以非遺文化重塑貴金屬腕錶，這些都是香港鐘錶業敢於突破，善於融合的最佳印證。

腕錶的邊界正在消融，它既是精密的機械藝術，也是貼身的健康伴侶；既是時尚的個人配飾，也是文化的載體與科技結晶。當時間不再只是時間，當腕錶跨越一個又一個領域，我們正共同見證手錶被推向另一高峰。

願各位與《時表》一同，擁抱這個無邊的新世界。

Welcome to the 46th edition of "Hong Kong Watches"!

I am delighted to share with you the editorial achievements of the year!

In this edition, we focus on cross-industry collaboration between Watch and Jewellery. Experts from the industries, Academics, and Officials are joining us to give us insights on the collaboration, product enhancement, latest market demands, and upcoming trends in Watch and Jewellery.

The "Hong Kong Watches" publishes annually by the Hong Kong Watch Manufacturers Association. Aimed to provide the latest industry information, trends, and thematic sharing since 1972. It has served the watch industry for over 50 years and is widely used by industry professionals as a reference book.

歡迎大家閱讀第46期《香港時表》！

我很高興可以與您分享年度的編輯成果！

今期《香港時表》焦點在於鐘表與珠寶跨行業協作。邀請業界、學界及各專業機構，解構鐘表與珠寶在不同領域的合作、產品增值、最新市場需求及前景趨勢。

《香港時表》由香港表廠商會出版發行之年度會刊，從1972年起，一直為鐘表業界提供會務資訊、行業動態及專題分享，至今服務行業逾50年，為業內人士廣泛使用工具書籍。

The publication records the associations activities over the past year, covering policy discussions with government agencies, trade exhibitions, international conferences, overseas visits, member exchanges, educational collaborations, and social welfare developments.

Finally, I sincerely invite you to join us at Hong Kong Watch & Clock Fair in September and Hong Kong International Jewellery Show in March, to experience these sensational world-class events in person!

Best regards,
Richard Leung
58th President
Hong Kong Watch Manufacturers Association

會刊記載香港表廠商會在過往一年的會務工作，當中涵蓋與政府機關進行政策商討、商貿展覽、國際會議、外地考察、會員交流、教育合作及社會公益等多方面發展工作。

最後，我誠邀您參觀九月份香港鐘表展，以及三月份香港國際珠寶展，親臨現場一同感受國際盛事，見證鐘表及珠寶的高光時刻！

順頌 商祺

Report on the Affairs of the 57th General Committee
第 57 屆會董會會務報告

梁瀚譽先生
Richard H. Y. LEUNG
第 57 屆會長
57th President

The Hong Kong Watch Manufacturers Association was established in 1968 and has served the industry for 58 years.

As of June 12, the number of member companies stood at 292.

The Association has always been committed to promoting Hong Kong's watch and clock industry and uniting the strength of the trade to advance industry, commerce, and trade. It represents the industry by participating in international organization meetings both locally and overseas; maintains effective communication with government bodies and trade organizations to obtain and provide relevant recommendations and information; and works closely with educational institutions to nurture talent.

The General Committee's structure covers seven major areas:

- Mainland Affairs
- Members & CSR
- Education
- Production & Supply
- Innovation &Technology
- Brands & Market
- Multi Media & Communications

香港表廠商會於1968年成立，服務業界滿 58 年。

截至6月12日，會員公司數目292 間。

本會一直以來致力發揚香港鐘表業，集合業界力量促進工商貿易。代表業界於海內外參與國際組織會議；與政府機關及商會組織保持有效溝通，獲取及提供適切建議及訊息。與相關教育學院通力合作，作育英才。

會董會架構七個主要範疇:

- 中國內地事務
- 會員發展及社會責任
- 教育
- 供應及生產技術
- 創新科技
- 品牌及市場
- 多媒體傳訊

Mainland Affairs

Shenzhen Customs Deposit

In mid-May 2026, the President of the Hong Kong Watch Manufacturers Association, together with industry representatives, a delegation of eight in total, met with Deputy Director Zhou Qiang and other directors of the Commercial Office of the Economic Affairs Department of the Liaison Office of the Central People's Government in the HKSAR regarding the implementation by Shenzhen Customs of a deposit collection arrangement. During the meeting, they expressed members' concerns about the impact of the policy and put forward a number of suggestions for the authorities' consideration.

The Liaison Office and Shenzhen Customs followed up actively. At the end of May, Shenzhen Customs announced that implementation of the deposit policy would in principle be suspended temporarily.

中國內地事務

深圳海關保證金

2026年5月中，香港表廠商會會長聯同業界代表，一行8人就深圳海關落實徵收保證金安排，約見了中聯辦經濟部周強副部長、貿易處各位處長。席間表達了會員同業對政策的影響及關注，並提出一些建議方案給當局考慮。

中聯辦與深圳海關積極跟進。5月底深圳海關宣佈，保證金政策基本暫緩執行。

Ng Wing-ka, BBS, JP, Member of the Legislative Council of the Hong Kong Special Administrative Region, as officiating guests to witness the birth of the new General Committee and share in the joy of the occasion.

會員活動

第57屆會董會就職典禮

2025年9月4日舉行本會第五十七屆會董會就職典禮，榮幸邀請了創新科技及工業局副局長 張曼莉女, JP、香港特別行政區政府立法會 梁君彥主席，大紫荊勳賢GBS, JP、中聯辦經濟貿易部副處長　周強先生、香港特別行政區政府立法會 吳永嘉議員BBS, JP作主禮嘉賓，共同見證新一屆會董會誕生，分享喜悅。

Action Wise International Limited
勁俊國際有限公司

Action Wise International Limited

As a professional watch OEM company, we are dedicated to transforming brand visions into exquisite timepieces that are readily accessible. We offer service from scratch, encompassing trend analysis, original design, technology development, and large-scale production, freeing clients from the hassle of a complex supply chain and allowing them to focus on brand marketing.

Our Core Competencies

- **Trend-Leading Design:**
  We regularly publish trend reports, integrating cutting-edge fashion elements into product development to ensure new products stay ahead of the market.
- **Shenzhen Manufacturing Base:**
  Leveraging Shenzhen's unparalleled watch industry cluster, we possess responsive, flexible, and efficient modern production lines.
- **Ultimate Supply Chain Advantage:**
  We integrate top-tier upstream and downstream supplier resources to optimize production costs and secure the most competitive market quotes.

Our Mission

We deeply understand that every brand has a unique soul. Therefore, we providing flexible and customized services. Whether it's a small-scale trial production or a large-scale order, we can accurately meet your needs and become your most reliable support in watch manufacturing.

Action Wise International Limited
勁俊國際有限公司

勁俊國際有限公司

作為一間專業的手錶 OEM 公司，我們致力於將品牌構想轉化為觸手可及的精緻時計。
我們提供全方位服務，涵蓋趨勢分析、原創設計、技術研發及規模化生產，
讓客戶無需為繁瑣的供應鏈操心，專注於品牌行銷。

我們的核心競爭力

·設計引領趨勢：
定期發布趨勢報告，將時尚元素融入產品研發
讓新品領先市場一步。

·深圳製造基地：
依託深圳無可比擬的鐘錶產業聚落優勢，
擁有反應敏捷、彈性高效的現代化生產線。

·極致供應鏈優勢：
整合上下游頂級供應商資源，優化生產成本，
爭取最具競爭力的市場報價。

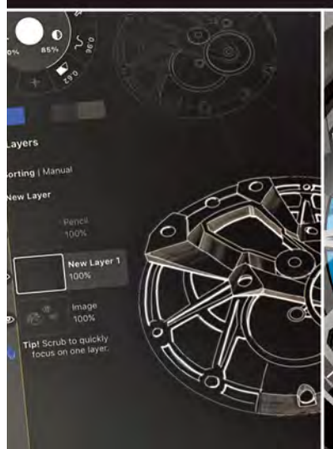

我們的使命

我們深知每個品牌都有獨特的靈魂。因此，
我們提供靈活的客製化服務，無論是新創品牌的小額試產，
還是成熟品牌的規模化訂單，我們都能精準滿足需求，
成為您最值得信賴的鐘錶製造後盾。

2026 Spring Dinner

After an absence of six years, the Members' Spring Dinner was held on the evening of March 14, 2026, at Nanyue Chun Banquet Manor (Bixin Road Branch), Shenzhen. A watch and clock industry sales fair was held in the afternoon. The theme of this year's dinner was "Watch Manufacturers United, Working Hand in Hand for Mutual Success." The event was grand in scale, and guests left fully satisfied, earning widespread praise.

2026 新春晚宴

闊別6年的會員新春晚宴於2026年3月14日假深圳南粵春·宴會莊園(碧新路店)晚上舉行，下午進行鐘表業展銷會，本屆晚宴主題為「表廠同心·攜手共贏」，場面盛大，嘉賓盡興而歸，贏盡口碑。

HKWMA CSR Activities

The Association has always been committed to giving back to society and supporting underprivileged groups, setting an example for the younger generation while strengthening ties among members. On June 28, 2025, we visited the Lok Sin Tong – Biu Chun Day Care Centre for the Elderly, participated in workshops, and distributed gift packs and daily necessities.

商會CSR活動

本會一向致力回饋社會及支持弱勢社群，以身教下一代，同時加強與會員間聯繫，於2025年6月28日探訪樂善堂標準錶針長者日間護理中心。參與工作坊，派發福袋及日用品。

Community Care

Emergency Fundraising for the Fire at Wang Fuk Court, Tai Po

In response to the fire at Wang Fuk Court in Tai Po in November 2025, the Association issued a notice to members, appealing for donations from the industry for disaster relief. In the name of the Hong Kong Watch Manufacturers Foundation, all funds raised were donated in full to the Hong Kong SAR Government's "Tai Po Wang Fuk Court Support Fund."

關懷社區

大埔宏福苑火災緊急籌款

本會因應2025年11月大埔宏福苑火災，向會員發出通告，呼籲會員以業界身份募捐賑災，並透過香港表廠商會基金會名義，所籌得之款項已全數捐予香港特區政府「大埔宏福苑援助基金」。

Education

Hong Kong Design Institute

On July 17, 2025, a member visit was organized at HKDI. Led by instructors, representatives of the Association toured this year's student graduation exhibition, the watch/jewelry workshop, the Material Lab, and teaching facilities, and also attended an AI design seminar and exchanged views with graduating students.

The Hong Kong Design Institute has for many years collaborated with the Association on its Mentorship Program. This year, we assigned six industry mentors to guide three graduating students in completing their graduation projects, deepening their understanding of watch manufacturing, building networks, and equipping them with workplace skills. The Association also coordinated sponsorship for prototype production. The graduation exhibition opened to the public from June 30 for a period of two months.

Youth Watchmaking Competition

Organized by the Vocational Training Council's Training Board for the Jewelry and Watch Industry, with the Association as a major sponsor, we sponsored 100 sets of complete watch components and movements for use in the competition. The competition aims to enhance secondary school students' awareness of and interest in the watch industry. The Association appointed General Committee Member Kenneth Leung as a judge for the competition.

教育

香港知專設計學院

2025年7月17日於HKDI舉辦會員參觀活動，由學院導師帶領本會代表參觀本屆學生畢業作品展、鐘表/珠寶工作坊、Material Lab及教學設施，並參予 AI 設計講座及與應屆學生交流。

香港知專設計學院設有師友計劃 (Mentorship Program)多年來與本會合作，今年我會派出六位行業導師，負責帶領三位應屆畢業生完成畢業功課，加深鐘表製造認識，建立人際網絡並裝備職場技能。商會亦統籌贊助樣板製作，於學生畢業作品展對外開放，展期由6月30日起，為期2個月。

匠心青少年鐘錶製作工藝比賽

職業訓練局珠寶及鐘錶業訓練委員會主辦，本會作為主要贊助商，出資贊助提供100套成表配件及機芯作比賽之用。該項比賽為提升中學生對鐘表產業的關注和興趣。本會派出梁伯忠會董出任比賽評審。

MOUNTAINEER

www.mountaineerwatch.com

The Association appoints representatives to serve on committees of various academic institutions and contribute to education for the watch industry:

- VTC Jewellery and Timepiece Training Board
- VTC Watch & Clock Industry Training Board
- Qualifications Framework Watch Industry Training Advisory Committee
- Employees Retraining Board Watch and Jewelry Industry Advisory Network
- Productivity Council “Hong Kong Watch & Clock Technology Centre” Committee
- The Professional Validation Council of Hong Kong Industries

Hong Kong Watch Manufacturers Foundation Limited

Hong Kong Watch Manufacturers Foundation Limited is an independent company mainly responsible for the operation of the education fund. Its management is overseen by its own board. Members of the board for 2025-2026 are Chairman Lawrence Chan, Treasurer Richard Leung, and members Eddie Leung, Bob Chong, Kenneth Wong, Enders Lam, Timothy Kao, Gary Lau and Daisy Mok. Every year, the Foundation allocates funds to sponsor scholarships for the Vocational Training Council, the Hong Kong Design Institute, the Hong Kong Institute of Vocational Education (Lee Wai Lee), as well as meaningful educational projects. This year, it sponsored the VTC’s “Outstanding Enterprise Internship Scholarship,” the “2024/25 Higher Diploma in Mechanical Engineering Scholarship,” and the “Craftsmanship Heritage Career Promotion Fund.” The Foundation will continue to apply its funds to courses suitable for the development and training needs of the watch industry, assisting its long-term development.

Production & Supply

International Organization for Standardization (ISO)

The Association appoints General Committee members to serve as committee members of the International Organization for Standardization as Hong Kong observers,including Lawrence Chan, Daisy Mok, Amy Chow, Andriy Hung, Tony Lam and Martin Chan. They actively participate in the organization’s biennial meetings and activities, enabling members to keep ahead of international industrial and commercial standards worldwide. On July 30, 2025, the National Technical Committee for Standardization of Horology organized a “Promotion Event for the Mandatory National Standard GB44702-2024,” and the Association sent committee representative to attend. In addition, an ISO seminar is held during the annual Hong Kong Watch & Clock Fair.

本會委派代表出席各學術機構委員會，為鐘表行業教育作出貢獻：

- 職業訓練局珠寶及鐘表業訓練委員會
- 職業訓練局鐘錶業人才培訓委員會
- 資歷架構鐘錶業行業培訓諮詢委員會
- 僱員再培訓局鐘錶及珠寶業諮詢網絡
- 生產力局「香港鐘表科技中心」委員會
- 香港工業專業評審局

香港表廠商會基金有限公司

香港表廠商會基金有限公司是一間獨立公司，主要負責教育基金的運作，管理工作是由其會董會主持，2025至2026年度會董會成員有主席陳偉、司庫梁瀚譽、及成員包括梁偉浩、莊學海、王堅全、林偉雄、高偉國、劉燊濤及莫慕潔。每年均以基金會撥款分別贊助獎學金予職業訓練局、知專設計學院、香港專業教育學院李惠利分校與及具有意義之教育項目等等，本年度分別贊助了職業訓練局之「優秀企業實習獎學金」、「2024/25機械工程高級文憑獎學金」及「匠心傳承職事推廣基金」。其後亦將繼續運用基金於適合鐘表業發展及培訓的課程，協助鐘表行業長遠發展。

供應及生產技術

國際標準化組織 (ISO)

本會委派會董出任國際化標準組織以香港觀察員身份出任委員包括陳偉、莫慕潔、周宛賢、熊夢麟、林煒豐及陳展鵬，積極參予組織兩年一度會議及活動，讓會員可率先掌握世界工商業國際標準。2025年7月30日，全國鐘表標準化技術委員會舉辦「強制國家標準GB44702-2024宣貫活動」，本會派委員代表出席。另外，年度香港鐘表展期間舉行ISO 研討會。

International Video Conference for the Watch Industry

The annual video conference is initiated by the Federation of the Swiss Watch Industry FH, inviting the Association and watch associations from various countries and regions around the world, including Switzerland, the United Kingdom, France, Germany, Italy, China, Hong Kong, and Japan. Participants share sales conditions and overall market conditions in their respective countries. The meeting also discusses issues relating to watch materials. An online meeting was held this April.

Innovation and Technology

Hong Kong Productivity Council

The Smart Wearables and Watch Technology Centre (formerly the Hong Kong Watch & Clock Technology Centre) was established with funding from the Innovation and Technology Fund and is managed by the Hong Kong Productivity Council together with the Hong Kong Watch Manufacturers Association Limited.

The Smart Wearables and Watch Technology Centre mainly provides comprehensive support to Hong Kong’s smart wearables and watch industry, including more than 50 independent testing services for traditional quartz and mechanical watches in accordance with international and Swiss watch industry standards. In addition, the Centre also provides testing services for smart wearables, including accuracy testing for step counting, heart rate, blood pressure, and blood oxygen levels.

The Productivity Council’s “Hong Kong Watch & Clock Technology Centre” Committee is jointly organized by the Productivity Council and the Association to explore how technology can help facilitating exchange within the watch industry, while also discussing topics such as the latest smart wearables and international standardization standards. The Association’s representatives .include Lawrence Chan, Eric Lai, Vincent Chan, Tony Lam, Martin Chan, Richard Lee, Tony Ng and Gardy Leung.

The Association maintains cooperation with the Productivity Council. The President, Vice Presidents, and and directors were arranged by the Council to meet and exchange views with the Chairman of the Productivity Council, and to visit the Smart Wearables and Watch Technology Centre, intelligent manufacturing facilities, the Industry 4.0 Centre, and smart robotics facilities, discussing how the application of technology can assist the watch industry.

鐘表業界國際性視像會議

年度視訊會議由瑞士鐘錶工業聯合會(Federation of the Swiss Watch Industry FH)發起，邀請本會及全球多個國家和地區的鐘表協會參會，包括瑞士、英國、法國、德國、意大利、中國、香港及日本。各地分享其國家銷售情況，整體市場情況。會議亦討論了手表物料議題。本年4月已舉行了一次線上會議。

創新科技

香港生產力促進局

智能穿戴及鐘錶科技中心（前身為香港鐘表科技中心）是由創新及科技基金資助成立，並由香港生產力促進局與香港表廠商會有限公司管理。

智能穿戴及鐘錶科技中心主要為本港智能穿戴及鐘錶業界提供全面支援，包括根據國際及瑞士鐘錶業標準，為傳統石英錶和機械錶提供超過50項獨立的測試服務。另外，中心亦提供智能穿戴的測試服務，包括計步、心率、血壓和血含氧量的準確性測試。

生產力局（香港鐘表科技中心）委員會為生產力局與本會聯合舉辦，以探討科技運用如何協助鐘表業界作出交流，亦相互討論最新智能穿戴及國際標準化標準等議題。本會代表包括陳偉、黎民達、陳志韜、林煒豐、陳展鵬、李偉成、吳豐盛及梁嘉威。

本會與生產力局保持合作，會長與副會長團及會董獲局方安排與生產力局主席交流會面，參觀智能穿戴及鐘錶科技中心、智慧型製造、工業4.0中心及智能機器設施，就如何在科技運用協助鐘表業界作出交流。

Annual Exhibitions

Hong Kong Watch & Clock Fair 2025

The Hong Kong Watch & Clock Fair was held at the Hong Kong Convention and Exhibition Centre from September 2 to 9, 2025. This year's theme was "The Present Moment." The Watch & Clock Fair and Salon de TIME were located in different halls. During the exhibition period, activities included the Hong Kong International Watch Forum, the Asian Watch Conference, sharing sessions, and the Watch & Clock Design Competition.

The event was jointly organized by the Hong Kong Trade Development Council, the Federation of Hong Kong Watch Trades and Industries, and the Association. For the 2025 Exhibition Organizing Committee, the Association's representatives included Co-chairman Vincent Chan, and committee members Richard Leung, Ken Lee, Eric Lai, Frankie Lam and Gardy Leung.

Hong Kong Watch & Clock Design Competition

Held annually as one of the projects of the Hong Kong Watch & Clock Fair, the competition is divided into the "Open Group" and the "Student Group," allowing members of the public and students interested in watch design to participate. This year's themes were "Unforgettable You" (Open Group) and "Believe in Yourself" (Student Group). The champion of the Student Group this year also received the Most Marketable Award. The winner was a student from the Hong Kong Design Institute and the Hong Kong Watch Manufacturers Association's Mentorship Program.

品牌及市場

年度展會

香港鐘表展2025

『香港鐘表展』於2025年9月2日至9日假香港會議展覽中心舉行，是次鐘表展以「此時此刻」為主題，鐘表展館與Salon de TIME設於不同展館，期間的香港國際鐘表論壇、亞洲鐘表研討會、分享會及鐘表設計比賽。

香港貿易發展局與香港鐘表業總會及本會聯合主辦。2025年展覽會籌備委員會本會表代包括聯名主席陳志韜，委員梁瀚譽、黎民達、李劍珏、林宇鵬及梁嘉慧。

香港鐘表設計比賽

每年舉辦，是香港鐘表展項目之一，比賽分為「公開組」及「學生組」，給予對鐘表設計有興趣的人士及學生參加，今年比賽主題為「難忘您」(公開組)及「信自己」(學生組)。今屆學生組冠軍同時獲得最具市場潛力大獎，得獎者為香港知專設計學院及香港表廠商會「友師計劃」之學生。

Hong Kong International Jewellery Show 2026

The Hong Kong International Jewellery Show was held at the Hong Kong Convention and Exhibition Centre from March 4 to 8, 2026, while the Hong Kong International Diamond, Gem & Pearl Show was held at AsiaWorld-Expo from March 2 to 6. Organized by the Hong Kong Trade Development Council, the exhibitions provide another jewelry and watch exhibition platform for the industry. This year, the Hong Kong Watch Manufacturers Association Pavilion (HKWMA Pavilion) was established for the first time, and the organizer introduced a B2C exhibition concept to provide opportunities for the local industry to explore the retail market. The Association appointed Vice Presidents Amy Chow and Eric Lai to serve on the 2026 organizing committee and participate in preparatory work.

Study Mission

Led by the HKTDC and by Mr. Gary Lau, Chairman of the HKTDC Watches & Clocks Advisory Committee and Honorary President of the Association, a four-day watch industry study mission to Jakarta and Indonesia, was conducted from November 19 to 22, 2025. Through a series of meetings and visits, participants gained an understanding of the local watch market, enhanced exchanges between the watch industries of the two places, and engaged in business matching with local potential buyers. A total of 19 members participated in the mission.

The Association appoints representatives to participate in various industry organizations and chambers of commerce to contribute to the watch industry:

- Advisory Group for the Precious Metals and Stones Trade
- The Hong Kong Economic and Trade Office in Guangdong
- Chinese Manufacturers' Association of Hong Kong
- Federation of Hong Kong Industries
- HKTDC Watches & Clocks Advisory Committee
- China Horologe Association

香港國際珠寶展2026

香港國際珠寶展於2026年3月4日至3月8日假香港會議展覽中心舉行，而「香港國際鑽石、寶石及珍珠展」於3月2日至6日假亞洲國際博覽館舉行，展覽會由香港貿易發展局主辦，為業界提供另一個珠寶鐘表展覽平台。本年首次成立香港表廠商會館 (HKWMA Pavilion) 大會推出B2C的參展概念，提供本地業界探索零售市場的機遇。本會委派周宛賢副會長及黎民達副會長代表出任2026年籌委會，參與籌備工作。

考察團

由貿發局及香港貿發局鐘錶諮詢委員會主席及本會劉燊濤名譽會長帶領於2025年11月19日至22日到印尼雅加達開展一連四天鐘表考察團，透過一系列會議及探訪行程，了解當地鐘表市場概況，增進兩地鐘表業界交流及與當地潛在買家進行商貿配對。本考察團共有19位會員出席。

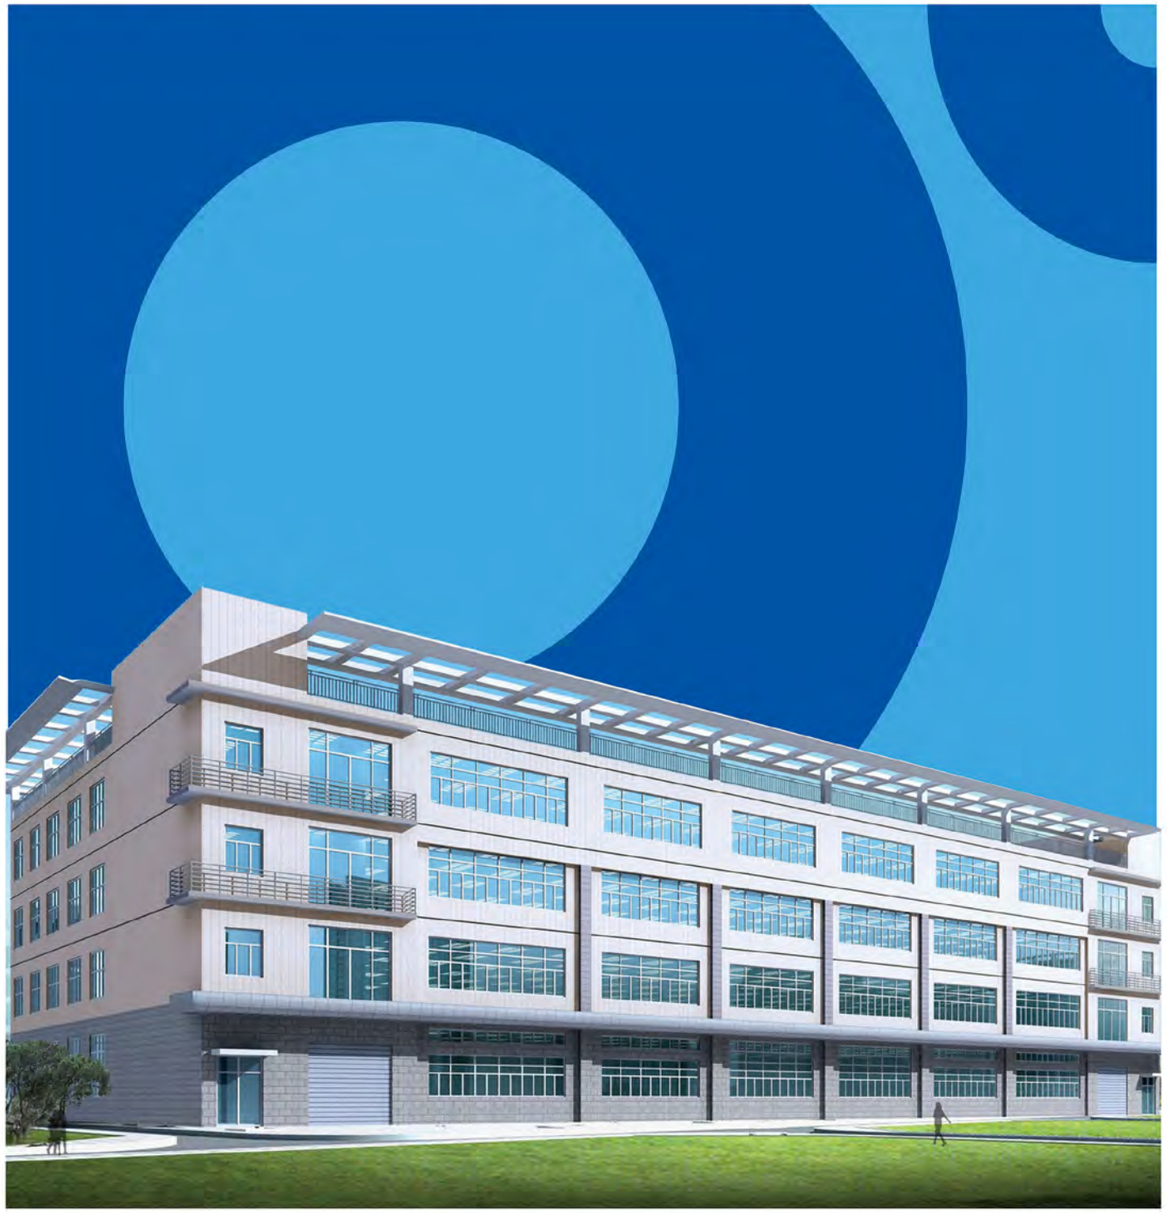

本會委派代表出席各業界機構及商會，為鐘表行業作出貢獻：

- 貴金屬及寶石交易商行業顧問組
- 駐粵辦
- 中華廠商聯合會
- 香港工業總會
- 貿發局鐘表行業諮詢委員會
- 中國鐘表行業聯合會

Courtesy Visits

Trade and Industry Department

President Leung and the team of Vice Presidents paid a visit to the Director-General of Trade and Industry to make early inquiries on behalf of members regarding government funding schemes, including the newly transformed BUD Fund, and how to expedite application procedures, enabling members to take the lead in understanding new forms of support for business operations.

Hong Kong Trade Development Council

President Leung and the team of Vice Presidents met with the Executive Director of the HKTDC to strengthen communication and explore business opportunities for the watch industry in exhibitions and market development.

The Federation of Hong Kong Watch Trades and Industries

President Leung and the team of Vice Presidents paid a courtesy visit to the Federation of Hong Kong Watch Trades and Industries to strengthen ties between the two associations.

商會拜訪

工業貿易署

梁會長與副會長團拜會香港特別行政區政府工業貿易署署長廖廣翔先生, JP，為會員業界率先查詢政府資助基金包括剛轉型之BUD專項基金，如何加快申請及申請流程，讓會員業界領先掌握新型協助企業營運。

香港貿易發展局

梁會長與副會長團與香港貿易發展局總裁張淑芬女士及團隊會面，加強溝通，探討在展覽及市場發展方面為鐘表業界尋找商機。

香港鐘表業總會

梁會長與副會長團禮節拜會香港鐘表業總會，加強兩會聯繫。

Multi Media & Communications

Provide Information and Watch-Related Services

"Hong Kong Watches" — the Association's annual publication. The latest issue, No. 45, was published in September 2025 with AI as its theme, exploring the application of technology in design, production, and education. To align with development in the new era, the publication has in recent years incorporated new elements and continuously improved in layout design and content, while maintaining its original role in helping members promote their products. Its content includes an overview of the Association's affairs, directories of General Committee members and members, member product classifications, market conditions, articles by industry veterans, watch export data, and more. Copies are specially arranged for free distribution at local, mainland, and overseas watch and jewellery exhibitions. An e-book version has also been launched for online reading, and the publication will continue to innovate to meet market needs.

Website Upgrade

The Association is currently carrying out an upgrade project for its website (www.hkwma.org). After the upgrade, the website will support access from the Mainland and mobile browsing, and is expected to go live within this year, with the hope of providing members with faster and more convenient services. The Association also continues to update its social media pages on Facebook and Instagram, and encourages fellow members to provide their WeChat accounts so they may obtain the latest member activities and industry information through the Association's member groups.

Closing Remarks

The current General Committee has achieved practical and sustainable development in many areas. I would like to take this opportunity to thank all members of the 57th General Committee for their full support of the Association's affairs and for their efforts in serving the industry and our members. Your dedication will be seen. We hope to continue promoting the watch industry and carrying forward the legend of Hong Kong watch manufacturing.

多媒體傳訊

提供資訊及鐘表相關服務

『香港時表』－是本會年刊，最近一期於2025年9月出版為第45期以AI作主題，探索科技應用於設計、生產、以致教育。為配合新紀元發展，近年來將會刊注入新元素，在版面設計及內容方面不斷改進，同時亦維持原有的內容助會員推廣產品，內容包括會務概況、會董會及會員名錄、會員產品分類、市場狀況、與及同業先進的撰稿、鐘表出口數據等。特別安排在各本港、國內及海外鐘表及珠寶展覽會中免費派發，曾推出電子書方便網上閱讀，將不斷推陳出新以迎合市場需要。

商會網站更新

本會正在進行網站(www.hkwma.org)升級專案，升級後網站支持國內與手機瀏覽，將在本年內推進上線，希望為會員提供更快捷方便之服務。本會於電子社交平台facebook/Instagram專頁不斷更新，鼓勵會員同業提供電子媒體WeChat帳號，透過本會會員群組獲取本會最新會員活動及業界資訊。

感言

本屆會董會在多方面取得務實持續發展，藉此機會感謝第57屆會董會各位成員鼎力支持會務，努力服務業界和會員。你們的用心是會被看見的。冀望日後繼續弘揚鐘表業界，延續表廠傳奇。

Hong Kong Watch & Clock Fair 2026
香港鐘表展 2026

林宇鵬先生
Frankie Lam
香港貿易發展局香港鐘表展 2026 籌備委員會 聯名主席
Co-chairman of the Organising Committee of Hong Kong Watch & Clock Fair 2026

It is my great honour to represent the Hong Kong Watch Manufacturers Association and serve as Co-Chairman of the HKTDC Hong Kong Watch & Clock Fair 2026 Organising Committee. For the 45th edition of the Watch & Clock Fair under the theme “Sparkling Moments Through Time”, we are set to welcome more than 630 exhibitors, showcasing the finely finished craftsmanship, precision engineering and design-led innovation across the watch-making industry.

本人很榮幸代表香港表廠商會擔任香港貿發局香港鐘表展2026年度籌備委員會的聯名主席。第45屆香港鐘表展以「璀璨里程與時同行」為主題，預計將迎來逾630家參展商，展示鐘表業的精湛工藝、精密技術，以及創新的設計成果。

Pageant of Eternity reflects both our proud legacy and bold vision. Over the decades, Hong Kong has established itself as a complete watch-making hub — bringing together design, manufacturing and global trade within one dynamic ecosystem.

其中「永恆歲月」展區將展示行業引以為傲的傳承精神，以及對未來的宏大願景。多年來，香港已發展成完善的鐘表製造樞紐，並集設計、製造與外貿功能於同一套生態系統當中。

Salon de TIME will continue to be the sparkling highlight of the 2026 fair. It will gather over 150 prestigious watch brands and designer collections across its thematic zones: World Brand Piazza, Chic & Trendy, Craft Treasure, Renaissance Moment, Wearable Tech and Microbrands.

「國際名表薈萃」將繼續成為展覽耀眼的焦點，匯聚逾150家殿堂級鐘表品牌與設計師系列，並透過多個主題展區呈獻精彩內容，包括「World Brand Piazza」、「潮流時尚」、「巧匠瑰寶」、「華麗歐陸」、「智能手表」及「微品牌」專區。

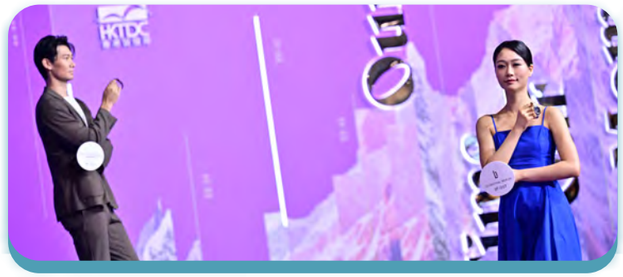

This year, the show spotlights on the Microbrands zone and independent watch brands, offering opportunities to the public and watch enthusiasts to admire bespoke design and exquisite craftsmanship and interact with watch designers in person.

今年展覽將聚焦「微品牌」專區及一眾獨立製表品牌，讓公眾及鐘表愛好者可以近距離欣賞精湛的鐘表設計與工藝，並與鐘表設計師交流互動。

The fair will once again be open to the public throughout the entire exhibition period (i.e., 1-5 September), offering even more exciting events and activities.

「國際名表薈萃」將繼續於展覽期間全天候（9月1至5日）開放予公眾入場，並帶來更多精彩的活動與環節，包括新品發佈會、幸運大抽獎及名表匯演等；現場亦設有即場零售，讓參展商透過與消費者交流，更深入了解最新市場需求。

Events, such as product launches, lucky draws and watch parades will be held during the fair. In addition, there are retail opportunities, allowing exhibitors to learn more about the latest market needs by interacting with their consumers.

Moreover, in response to the industry’s demand for ESG products and to spearhead the industry’s continued growth, we will continue to distribute the green supplier label to eligible exhibitors, thereby helping buyers purchase green products and promoting sustainable consumption at our fairs.

此外，為響應業界對ESG產品的需求及引領行業持續發展，大會今年將繼續派發「綠色供應商標籤」予合資格展商，從而協助買家採購綠色產品，推動可持續消費。

The Watch & Clock Fair serves as not just a sourcing platform, but also an intelligence hub. Various seminars and networking activities provide industry players with the latest market intelligence and allow them to expand their business network. The Hong Kong International Watch Forum gathers leaders from international industry associations to discuss global trade, forecast market trends for the coming year and explore strategies to strengthen global watch supply chain resilience as well as how AI and smartwatches are driving the convergence of tradition and technology and its new industrial possibilities. Meanwhile, the Asian Watch Conference highlights key trends shaping the future and the market outlook for the Regional Comprehensive Economic Partnership (RCEP) and Greater Bay Area. A global marketplace leader examines how watch brands, buyers and manufacturers can leverage Hong Kong’s unique position as an international watch trading hub to connect with global demand. An e commerce specialist delves into marketing strategies across watch segments, while exploring how to capitalise on the rapid growth of e-commerce to reach the wider Asian and international markets.

香港鐘表展不僅是採購平台，也促進業界交流資訊。大會將安排連串研討會及交流活動，讓業內人士掌握最新市場脈搏，拓展商貿網絡。

當中「香港國際鐘表論壇」將匯聚各地行業協會的領袖，共同探討全球鐘表貿易形勢、預測來年市場趨勢、研究如何加強鐘表產品的供應鏈韌性，以及人工智能與智能手表將如何推動傳統產品融合科技元素，為行業開拓新機遇。

另一方面，「亞洲鐘表研討會」將聚焦塑造鐘表未來的關鍵趨勢，以及《區域全面經濟夥伴關係協定》（RCEP）和粵港澳大灣區的市場前景，包括由國際知名交易平台的代表剖析鐘表品牌、買家及製造商可如何善用香港作為國際鐘表貿易樞紐的獨特優勢，對接各地市場需求；電子商務專家將深入探討鐘表市場不同領域的營銷策略，並分享在近年電商急速冒起的趨勢下，如何進一步開拓更廣闊亞洲及國際市場。

Each year, the HKTDC and the industry organise the Hong Kong Watch & Clock Design Competition to nurture new talent and boost the industry's development. This year, the competition received 130 entries in both the open and student groups, themed Transcending Time" and "Contours of the Breeze", respectively. Entries were assessed by a panel of judges. The winning pieces are on display during the fair. We continue to support the young generation by once again presenting The Made-to-Sell Award to recognise the student group that demonstrates exceptional marketability. The winning entry will be manufactured under the guidance of the Hong Kong Watch Manufacturers Association and The Federation of Hong Kong Watch Trades & Industries and will launch at the HKTDC Design Gallery.

每年香港貿發局與鐘表業界均攜手舉辦「香港鐘表設計比賽」，以培育新一代人才，並促進行業發展。今年公開組及學生組共收到130份參賽作品，設計主題分別為「時序之外 」及「風的形狀 」，評審團選出的一眾得獎作品將於鐘表展期間展出。今年比賽繼續設有「市場潛力大獎」，以表彰具市場潛力的學生組作品。「市場潛力大獎」的得獎作品將獲香港表廠商會及香港鐘表業總會共同指導製作，及後於貿發局旗下的「香港・設計廊」發售。

The fair continues to run under the HKTDC's EXHIBITION+ hybrid model. Exhibitors and buyers can participate not just at the physical fairs, but also meet online through the smart business matching platform Click2Match as well as hktdc.com Sourcing, providing them with more business opportunities. Moreover, buyers can also scan the dedicated QR codes of exhibitors by using the Scan2Match function in the HKTDC Marketplace App. This lets them bookmark their favourite exhibitors, browse product information and the efloor plan, make product inquires as well as engage with exhibitors even after fair to extend their sourcing journey.

展覽繼續以「 EXHIBITION ＋ 」（展覽+）線上線下融合模式舉行，參展商及買家不僅可親臨實體展覽，亦可透過「商對易」（Click2Match）智能商貿配對平台，以及「貿發網採購」（hktdc.com Sourcing）平台進行線上洽商，以發掘更多商機。此外，買家亦可透過HKTDC Marketplace App內的「掃碼易」（Scan2Match）功能，掃描展商的專屬二維碼，標記心儀展商、瀏覽及查詢產品資訊、取閱展覽的互動平面圖，更可於展覽結束後持續與展商洽談，延續採購之旅。

The Hong Kong Watch & Clock Fair and Salon de TIME play an important role in facilitating business opportunities for the Hong Kong industry. On behalf of the Hong Kong Watch Manufacturers Association, we are deeply thankful for the support of the HKTDC and all parties. Together, let's move forward and embark on a new era for the watch and clock industry.

香港鐘表展及「國際名表薈萃」一直致力協助本地鐘表業界開拓商機，本人謹代表香港表廠商會衷心感謝貿發局與各界持續的支持。願我們攜手推動香港鐘表業開創新時代！

HKTDC Hong Kong Watch & Clock Fair 香港鐘表展 45th ufi SALON de TIME 國際名表薈萃 E+PLUS

1 - 5 / 9 / 2026

Asian Watch Conference 亞洲鐘表研討會

Date 日期 : 2 / 9 / 2026 (Wednesday 星期三)

Time 時間 : 2:30pm – 4:00pm 下午 2 時 30 分至下午 4 時正

Venue 地點 : Meeting Room S226-227, Hong Kong Convention and Exhibition Centre
香港會議展覽中心 會議室 S226-227

Theme 主題 : **Hong Kong as the hub of International Watch Trades**
香港國際鐘表貿易中心：聯通世界，創新未來
The conference will explore key trends shaping the future of the watch industry, with a focus on opportunities arising from RCEP and the Greater Bay Area. Industry leaders will discuss how watch businesses can leverage Hong Kong's position as an international trading hub to expand globally, while e-commerce experts will share strategies for reaching wider Asian and international markets. 本次會議將探討鐘表業未來發展趨勢，聚焦 RCEP 及粵港澳大灣區帶來的市場機遇。業界領袖將分享如何善用香港作為國際鐘表貿易樞紐的優勢拓展全球市場，而電商專家亦將剖析行銷策略及電子商貿發展趨勢，協助業界開拓亞洲及國際市場。

Language 語言 : English/Putonghua (Simultaneous interpretation will be provided)
英語/普通話 (附設即時傳譯服務)

Remark 備註 : Free Admission 免費入場

Open Group Winning Entries of the 43rd Hong Kong Watch & Clock Design Competition 第四十三屆香港鐘表設計比賽 公開組得獎作品

Theme of Design: Transcending Time
設計主題: 時序之外

By translating sensory language -- visual, auditory, and tactile -- into design elements, explore new possibilities and interpretations that move beyond the boundaries of time.

透過將視覺、聽覺與觸覺等感官語言轉化為設計元素，展現一個抽象、超越的境界，突破時間的界限。

Title of Design 作品名稱	Champion 冠軍	Sponsoring Company 贊助公司
Tectonic Indeterminacy 形構游移	Chan Pak Hei, Yang Tianxu 陳栢熙, 陽天旭	Golden Hawk Manufactory Ltd 金鷹製造有限公司

Rooted in the organic morphology of a pebble, this watch is shaped through a rigorous process of subtractive design. An angled section is sheared from the solid mass to expose the dial as a physical facet of time, alongside a delicately carved void that seamlessly houses the crown. By employing these pure geometric operations, the piece transcends standard chronology, transforming the reading of time into an immersive spatial and tactile experience.

源於鵝卵石的有機幾何形態，本款腕表透過嚴謹的減法設計勾勒成型。從厚實的體積中剖切出傾斜的幾何切面，將表盤化為時間的實體展現；並藉由雕鑿出一處微妙的虛空間，將表冠無縫置入。運用這些純粹的空間幾何操作，此設計不僅突破了常規的計時功能，更將讀時的過程轉化為一種極具空間感與觸覺張力的體驗。

Title of Design 作品名稱	1st Runner-up 亞軍	Sponsoring Company 贊助公司
Channel 時頻	Wong Ting Bong 黃定邦	Youngs Watch Company Limited Po Fai Precision Company Limited

A VU meter on an amplifier is the pulsing heartbeat of time within music.

Upon the illuminated dial, that slender needle glides side to side, breathing with the cadence of sound.

It translates abstract time and sound into a visible, physical trajectory.

It is the hand of time, and the echo of the soul.

指針式放大器，
是時間在音樂裡跳動的脈搏。
在發光的表盤上，那根纖細的指針，
隨着音樂的呼吸起伏左右擺動。
它將抽象的時間與聲音，
化作肉眼可見的物理軌跡。
它是時間的指針，也是靈魂的迴響。

Title of Design 作品名稱	2nd Runner-up 季軍
Moment of Stillness 萬象息止	Pang Sze Nga 彭施雅

Gold filigree traces the unshakable spirit of verdant mountains, as smooth enamel distils rivers and peaks over millennia. A bas-relief swallow cruises through as a messenger of the ages. While the shifting light and shadow breathe life into the dial, the watch hands dissolve into the rhythmic movement of the swallow's silhouette. As the wrist is lifted, the senses resonate with the universe. Here, the soul breaks free from linear constraints, touching eternity to arrive at a realm "Beyond Time".

金絲勾勒青綠風骨，溫潤琺瑯凝鍊千年山河。浮雕靈燕化作時光使者，衝着氣韻巡航。隨光影挪移，晨露星河交替呼吸，指針消融於燕影律動。抬手間，感官與天地共振，指尖觸碰萬象流轉，靈魂躍出線性刻度，於瞬息中體悟永恆，抵達「時序之外」。

Student Group Winning Entries of the 43rd Hong Kong Watch & Clock Design Competition
第四十三屆香港鐘表設計比賽學生組得獎作品

Theme of Design: Contours of the Breeze
設計主題: 風的形狀

Express the journey of life through individuality, movement, and possibility by capturing the ever-changing contours of the breeze with the artistry of timepieces.

風流動無形，如人生軌跡般難以預測。透過手表設計，描摹風的姿態與流向，展現探索人生過程的無限可能。

Title of Design 作品名稱	Champion and The Made-to-Sell Award 冠軍及市場潛力大獎	School 學校
Traces of Storm 風暴痕跡	Yip Yuen Sze Christine 葉婉詩	Hong Kong Design Institute 香港知專設計學院

True limitless possibilities begin with the courage to summon storm clouds, the breakthrough of unleashing lightning to pave a new path, and the strength to embrace the ensuing tornado. Let it sweep through everything to reshape oneself. The wind passes, leaving behind the marks of erosion; yet those are not scars, but the very textures that define who you are.

真正的無限可能，始於聚集烏雲的勇氣、釋放閃電、開闢道路的突破，以及擁抱隨之而來的龍捲風的力量，讓它席捲一切，重塑自我。風吹過，留下痕跡，形成風蝕；但那不是傷疤，是你之所以成為你的紋理。

Title of Design 作品名稱	1st Runner-up 亞軍	School 學校
Running through the breeze 迎着微風奔跑	Tam Hei Yiu 譚晞瑤	Pope Paul VI College 保祿六世書院

In this design, I chose to represent the hour, minute and second hands with a girl, a tree and a windmill, respectively. As they rotate, the girl runs across the grass, looking up at the sky. It is a reflection of how we constantly move forward toward our life goals.

在設計中，我以女孩、樹與風車，分別代表時針、分針和秒針。當指針轉動，女孩便在草地上奔跑，抬頭仰望天空中的物件，象徵着我們朝着人生目標，不斷前進。

Title of Design 作品名稱	2nd Runner-up 季軍	School 學校
Carpe Diem 風起· 花開當下	Lo Hoi Pui 盧鎧沛	Technological and Higher Education Institute of Hong Kong 香港高等教育科技學院

Carpe diem. Go where the wind blows, and your path becomes clear.

This timepiece finds its muse and form in delicate dandelion seeds, featuring a wind vane design for its hands.

Carried by the breeze, the seeds flutter through plains of the unknown. What appears to be a random drift is, in fact, deeply poetic.

Life unfolds in much the same way — unscripted and with no foretelling of where the next stop may be. Yet, the wind vane upon your wrist serves as your guide. There are no blind alleys in life, only endless avenues waiting to be explored. As long as you have the courage to step forward, you will transform every passing second into a new beginning.

花開一刻，風送一程，當下此際風向明。

腕表靈感和造型來自蒲公英絨毛種子，中間指針設計則來自於風向儀。

蒲公英的絨羽乘風而起，飄搖於蒼茫之間，看似漫無目的，卻自有其漂泊的詩意。人生亦如是 — 沒有預設的藍圖，下一站落在何處，從無預告。腕間的風向儀會為你指引方向。人生從無絕路，條條大路通羅馬；只要敢於邁步，每一刻都是新起點。

Title of Design 作品名稱	Merit Award 優異獎	School 學校
Tangible Breeze 有形的風	Keung Ho Cheung Horus 姜皓翔	Aberdeen Technical School 香港仔工業學校

"Tangible Breeze" features irregular rotating rings that replace traditional watch hands, swirling like a breeze to display time with dynamic flair. The dial omits numbers, relying on wind-vane-inspired time markers N, E, S and W for intuitive guidance. At its core, a pulsing mechanism mimics a heartbeat to mark each passing second, while the skeletonised, twisted metal casing evokes a lightweight, avant-garde and futuristic aesthetic.

「有形的風」以不規則轉環取代傳統指針，如微風般盤旋交錯，以極具視覺動感的風格呈現時間。表盤捨棄數字，改以風向標為靈感的英文字母N、E、S及W作為時標，賦予時間直覺式的想像空間。腕表機芯採用脈動式設計，如心跳般規律運作，標記着流逝的每一秒，而以金屬材質打造的鏤空扭紋表殼則營造出一種輕盈且前衛的未來感。

Title of Design 作品名稱	Merit Award 優異獎	School 學校
Chase The Wind 風之翼	QU Shenglin 曲胜麟	The Hong Kong Polytechnic University 香港理工大學

"Chase The Wind": With wind as its wings and time as its witness, this timepiece gathers the universe upon the wrist, where life and eternity exist in quiet symbiosis. Wind forms its pulse, while geological textures give it shape; within its layered composition lies the memory of changing ages. Inspired by a pterosaur's command of the skies, the design inherits the courage of ancient life and unites primordial weight with a pioneering spirit. Measured by time and grounded in guardianship, this wrist-borne totem embodies the strength of nature, allowing life and time to move together in the same breath of wind.

「風之翼」：馭風為翼，以時為證，天地入腕，共生永恆。以風為脈，以地質肌理為形，層疊間藏滄海桑田。取翼龍馭風之靈，承遠古生命之勇，融厚重與先鋒。以時光為尺，以守護為心，腕間圖騰載天地風骨，讓生命與時間同風共生。

Title of Design 作品名稱	Merit Award 優異獎	School 學校
Dandelion Trace 蒲公英蹤跡	Chan Sum Yi 陳琛懿	HKICC Lee Shau Kee School of Creativity 香港兆基創意書院

Wind is invisible, yet it reveals itself through the passage of time — this dandelion-themed timepiece fuses this flow of time with the fluid motion of the wind. As the minutes and seconds tick away, the seeds on the dial seem to drift softly in a gentle breeze. The track of time transforms into the silhouette of the wind, rendering the shape visible in every tick.

風本是無形，卻隨時間顯影。這款以蒲公英為主題的腕表，將時間流逝與風的動態融合在一起。隨着分秒推移，表盤上的蒲公英種子彷彿被微風緩緩吹散 — 讓時間的軌跡化作風的輪廓，人們在滴答聲中，具體看見風的形狀。

香港表廠商會
Hong Kong Watch Manufacturers Association

鐘錶設計版權儲存中心
Watch & Clock Design Depository

在一個版權侵犯的訴訟中，原訴人有責任去證明其版權在侵犯行為的同時或之前已經存在。為了協助會員解決這個證據上的責任，香港表廠商會成立了一個只限會員參與使用之圖案版權儲存中心，以便存放會員的藝術創作。這個中心主要提供一項獨立的版權存在日期證明服務以協助會員在法律訴訟中建立及維持其版權。

In an action for infringement of copyright, the onus is on the owner to provide the existence of his copyright at or above the time of infringement. To facilitate the discharge of this evidential burden, the Hong Kong Watch Manufacturers Association had for the exclusive benefit of its members set up a Depository Centre where artistic works may be deposited. This Centre offers an independent date verification system to assist in establishing and maintaining your copyright in legal proceedings

Unique, Eco-Friendly, Avant Garde Design: The Way Forward for the Watch & Clock Industry 獨特、環保與革新設計：鐘表業未來發展之路

Hong Kong is a world-leading exporter of watches and clocks, with strong ancillary and supporting industries for watch and clock manufacturing. In 2025, major export markets included the EU with 15% of total exports, the US (14%), Switzerland (14%) and the Chinese Mainland (13%).

香港鐘表業擁有完善的產業鏈，產品出口更於全球名列前茅；在2025年，主要出口市場包括歐盟(佔總出口15%)、美國(14%)、瑞士(14%)及中國內地(13%)。

Local manufacturers have long shifted from original equipment manufacturing and original design manufacturing to original brand manufacturing. They are redefining global trade by integrating traditional craftsmanship with eco-friendly production and wearable tech, bridging our city's legacy as a premier trading hub with high-tech manufacturing, to cater to today's consumers demanding classic artisanry blended with innovative tech.

本地製造商早已從OEM及ODM模式，轉向發展創新設計與自家品牌。近年本地鐘表廠商融合傳統工藝、可持續發展及穿戴科技等要素，重塑全球鐘表貿易格局，迎合消費者對傳統與創新兼備的需求。

Among industry trends, local manufacturers are using design patents to protect their IP rights and strategically leveraging cross-sector collaboration, IP and licensing to generate new revenue streams and broaden market opportunities. Technologies, such as computer-aided design and modern production technology, are being used to enhance quality and productivity, while reducing time and cost.

行業趨勢方面，本地鐘表廠商透過申請設計專利以保障知識產權，亦積極利用跨界合作和知識產權授權策略，開拓新收入來源；又利用電腦輔助設計及先進製造技術，提升產品質素及生產效率。

Consumers, particularly younger buyers, increasingly demand brands to prioritise ESG. Brands are adapting to this shifting demand by replacing animal derivatives with recycled or sustainable alternatives. Some watchmakers are generating ESG reports in line with international standards, such as the Global Reporting Initiative.

年輕消費者越加期望品牌優先提升 ESG 表現。有見及此，不少品牌逐步以可持續物料，取代動物源性原材料。部分鐘表廠商開始按照國際標準編寫 ESG 報告，以提升企業透明度及ESG表現。

Furthermore, the internet remains a key sales and marketing channel. A growing number of brand owners, retailers and dealers have their own websites and e-shops on key e-marketplaces, like Alibaba, Tmall and JD.com. Premium delivery services and offline after-sales are becoming the norm for luxury brands sold online.

此外，互聯網目前是重要的銷售及市場推廣渠道；更多品牌、零售及經銷商建立自家網頁，並於主要電商平台設網店。同時，優質物流服務及線下售後支援漸成為網上銷售鐘表的基本配套，以提升顧客體驗。

Brands are enhancing the bricks-and-mortar experience by refurbishing their stores and personalising the sales process. For example, some boutiques not only sell watches, but also offer premium features, such as a salon, lounge and dining room. It is expected this value-add will fuel the growth of face-to-face sales in Hong Kong.

品牌亦不斷提升實體店體驗，透過翻新及個人化銷售服務，加強與顧客互動；更多增值體驗將吸引消費者親臨門店，推動實體零售市場增長。

Smart, stylish and culturally inspired watches on trend

Smartwatches continue to drive growth, propelled by demand for health monitoring, fitness tracking, and cellular interconnectivity. In a survey conducted at the HKTDC's Watch & Clock Fair and Salon de TIME last year, 47% of respondents consider smartwatches to have the most significant growth potential.

When it comes to fashion watches, brands are reintroducing colourful and playful watches to catch consumers' attention. Vintage watches that exude elegance are also favoured, with brands reimagining classic designs by introducing smaller case sizes paired with modern and minimalist aesthetics.

Guochao watches are transforming horology by merging Eastern aesthetics with modern precision manufacturing, catering to rising demand for unique styles. Watch brands are incorporating traditional Chinese elements, such as zodiac animals, to appeal to consumers who value Chinese culture.

The dual appeal of both personalisation and investment value is increasingly favoured by today's consumers, with bespoke timepieces highly sought after. With the growth of digital platforms for reselling and repurposing, consumers are also keen on pre-owned watches for its aesthetic and historical value..

HKTDC accelerates industry growth globally

From our Watch & Clock Fair and Salon de TIME to missions, Hong Kong pavilions at Mainland and overseas fairs and B2C e-commerce campaigns, the HKTDC's support for the industry is enduring. Helping local watch and clock brands access the vast consumer base particularly in the Mainland and ASEAN is our core focus.

Last November, we brought 19 industry delegates from 14 companies to Jakarta, Indonesia where they received valuable updates on local market conditions and e-commerce opportunities and discussed cooperation with their ASEAN counterparts, with several Hong Kong watch manufacturers receiving potential orders of significant value. This was followed by a lifestyle mission to Japan and a jewellery mission to ASEAN to offer more growth and collaboration opportunities.

智能、時尚、文化元素引領潮流

大眾對健康與運動數據追蹤及流動通訊連接等功能的需求不減，令智能手表持續帶動鐘表銷售增長。據去年於香港鐘表展及「國際名表薈萃（Salon de TIME）」的調查，47%的受訪者認為智能手表具最大增長潛力。

時尚腕表方面，品牌以色彩繽紛、風格玩味的表款吸引消費者；復古表亦備受青睞，品牌透過重新演繹經典設計，迎合復古與時尚的需求。

市場對獨特設計的需求日益殷切，「國潮」手表便透過融合東方美學與精密技術，為行業帶來新氣象。

消費者越趨偏好個人化體驗，亦視手表為具潛力的投資品。除了度身訂造的腕表備受追捧，隨著線上鐘表轉售平台興起，消費者亦追捧二手鐘表的美學與歷史價值。

香港貿發局協助鐘表業拓展全球市場

貿發局一直持續為鐘表業提供全方位支援，包括每年舉辦展覽、組織代表團、於內地及海外設香港館、推出 B2C 電商推廣活動等，協助品牌開拓更廣闊的市場，特別是中國內地及東盟地區。

去年11月，我們率領14家企業、19位業界代表前往印尼雅加達，了解當地市場及機遇，並探討合作空間，期間有多家香港鐘表廠商獲高額潛在訂單。其後我們先後舉辦相關主題的代表團前往日本及東盟，為業界創造更多合作機遇。

The HKTDC has long mounted Hong Kong pavilions at leading trade fairs worldwide to enable local enterprises to access markets and opportunities, while promoting our city's strengths. For the watch and clock industry, this includes fairs in the Chinese Mainland, such as the China International Consumer Products Expo in Haikou, the Tokyo International Gift Show and Ambiente in Frankfurt.

貿發局於全球主要展覽設香港館，協助本地企業開拓商機、推廣香港優勢。相關展覽包括中國國際消費品博覽會、東京國際禮品展及法蘭克福春季消費品展。

Watch and clock brands also find success at our events locally. From our anchor Watch & Clock Fair and Salon de TIME to our licensing events – Hong Kong International Licensing Show and Asian Licensing Conference – Hong Kong Shopping Festival and beyond, we provide value-added platforms for industry players to showcase their products to a global audience from over 190 countries and regions, while offering unmatched access to insights and opportunities. We also expedite the industry's continued growth via our Design Gallery's O2O year-round promotions, including our 60th anniversary Design Gallery on the Move mobile exhibition traveling around Hong Kong over the summer.

除了香港鐘表展及「國際名表薈萃」外，貿發局舉辦的其他會議及展覽亦支持本地品牌發展，其中香港國際授權展及亞洲授權業會議，以及香港購物節，均為鐘表業提供增值平台。

Looking Ahead to Watch & Clock Fair

Organised by the HKTDC, Hong Kong Watch Manufacturers Association and The Federation of Hong Kong Watch Trades & Industries, the 45th Hong Kong Watch & Clock Fair and 14th Salon de TIME – themed "Sparkling Moments Through Time – are set to thrill watch and clock industry players on 1-5 September 2026.

展望香港鐘表展

由香港貿發局、香港表廠商會及香港鐘表業總會合辦的第45屆香港鐘表展及第14屆「國際名表薈萃」，將於2026年9月1至5日舉行，主題為「璀璨里程　與時同行」，將為業界帶來一場精彩盛會。

At the Watch & Clock Fair, we are welcoming more independent brands from Switzerland in an expanded Swiss Pavilion. Among Chinese Mainland representation is the debut pavilion of Hengyang, which has emerged as one of China's most notable watchmaking hubs. To celebrate 45 years, a special display showcases the journey of the Fair and industry.

「國際名表薈萃」瑞士展館
Swiss Pavilion at Salon de TIME

今年鐘表展將擴大瑞士展館，以迎來更多獨立品牌。鑑於衡陽近年發展為內地代表性的鐘表製造重鎮之一，展覽將首設衡陽館。為慶祝鐘表展踏入第45屆，大會特設主題展覽，展示鐘表展與業界的發展歷程。

「國際名表薈萃」微品牌專區
Microbrands zone at Salon de TIME

The sparkling array of zones at Salon de TIME – open to trade buyers and the public – is sure to dazzle. A highlight is our Microbrands zone showcasing the craftsmanship and creativity of young designers and independent watchmakers.

「國際名表薈萃」將設有多個主題展區，全面開放予買家及公眾人士。「微品牌專區」作為展覽亮點之一，將展示年輕設計師及獨立製表師的工藝與創意。

As part of our long-standing commitment to nurturing young talents and providing them a platform to shine, the Hong Kong Watch & Clock Design Competition is once again taking place to discover the industry's next rising stars.

為培育、提供平台予後起之秀展示才藝，香港鐘表設計比賽將繼續舉行，以發掘更多明日之星。

第四十二屆香港鐘表設計比賽頒獎典禮
Awards Presentation Ceremony of the 42nd Watch & Clock Design Competition

While the Watch & Clock Fair and Salon de TIME close on 5 September, our Click2Match AI-driven business matching platform is available until 12 September, allowing exhibitors and buyers to continue networking and sourcing.

雖然香港鐘表展及「國際名表薈萃」將於9月5日結束，但 Click2Match人工智能商貿配對平台將開放至9月12日，讓展商及買家繼續進行線上交流及採購，延續展覽商機。

Through our various platforms, the HKTDC encourages businesses to connect, collaborate and cultivate partnerships that enable them to reach new heights.

透過貿發局的多元平台，我鼓勵業界持續協作，繼續推動企業邁向可持續、繁榮的未來。

Transformation of the Watch and Jewellery Industry under New Productive Forces
新質生產力下的鐘錶與珠寶產業轉型

孫國偉先生
Samson SUEN
香港生產力促進局 智能製造部總經理
General Manager, Smart Manufacturing
Hong Kong Productivity Council

“The true transformation of the market lies not in scale expansion, but in the shift of value.”

Amid the evolving global economic landscape and the rapid adoption of advanced technologies, the watch and jewellery industry is undergoing a critical transformation from traditional manufacturing to high-end, innovation-driven development. With the upgrading of consumer demand, the proliferation of digital technologies, and the restructuring of global supply chains, enterprises can no longer rely solely on cost advantages. Instead, they must gain a competitive edge through technological innovation, brand value, and product differentiation. According to recent market research, the global watch and jewellery market continues to grow steadily, with a clear trend toward premiumisation. The jewellery sector alone has reached a scale of hundreds of billions of US dollars and maintains stable growth, reflecting rising consumer demand for high-quality and personalised products. Despite global economic uncertainties, the premium consumption segment remains resilient, serving as a key driver of industry development.

「市場的真正轉變，不在於規模增長，而在於價值重心的轉移。」

在全球經濟格局持續演變及科技加速滲透的背景下，鐘錶與珠寶產業正處於由傳統製造邁向高端創新發展的重要轉型階段。隨着消費需求升級、數碼科技普及與產業鏈重構，企業不再單純依賴成本優勢，而是需要透過技術創新、品牌價值及產品差異化取得競爭優勢。根據市場最新數據，全球鐘錶與珠寶市場持續穩定發展，並呈現高端化趨勢；其中珠寶市場規模已達數千億美元水平，增長穩健，反映消費者對高品質及個性化產品的需求持續上升。儘管全球經濟環境存在不確定性，高端消費市場仍展現出一定韌性，成為支撐行業發展的重要動力。

Against this backdrop, the logic of market competition is undergoing a fundamental shift. Traditional models driven by cost control and volume production are gradually being replaced by value-based competition centered on innovation, design, and branding. Enterprises that fail to establish differentiation will find it increasingly difficult to maintain their position in an ever-more competitive market. As such, value enhancement has become a critical priority for the industry.

在此背景下，市場競爭邏輯正出現根本轉變。過去以成本控制與產量規模為導向的模式，正逐步被以創新、設計及品牌為核心的價值競爭所取代。企業若未能建立差異化優勢，將難以在日益激烈的市場競爭中保持地位。因此，提升附加值已成為行業發展的關鍵課題。

“When craftsmanship meets design, products evolve from function into value.”

The integration of watches and jewellery represents a natural progression that aligned with the demand for premiumisation and personalisation. By combining precision engineering with jewellery aesthetics, products are no longer confined to mere function; they increasingly become high-value creations that embody artistic merit, cultural significance, and emotional connection. This integration extends beyond product form into R&D and design processes. Digital design and 3D printing technologies allow companies to accelerate product development, better meet customisation needs, and shorten time-to-market while reducing costs. As demand for bespoke products rises, enterprises with agile design capabilities and rapid development processes will be better positioned to seize new opportunities.

With the rising adoption of wearable technologies, the functional boundaries of watches and jewellery are expanding. Smart products that integrate health monitoring, data analytics, and personalised features are emerging as a major market trend.

「當工藝遇上設計，產品便由功能升華為價值。」

鐘錶與珠寶的融合發展，正是順應高端化與個性化需求的重要方向。透過將精密機械製造與珠寶設計美學相結合，產品不再局限於功能用途，而是逐步轉化為兼具藝術價值、文化內涵及情感連結的高端產品。這種融合不僅體現在產品形態上，更延伸至研發及設計流程。數碼設計與3D打印技術，使企業能更快速開發新產品並滿足個性化需求，同時亦能降低開發成本及縮短上市時間。隨着市場對客製化產品需求的提升，具備靈活設計與快速開發能力的企業，將更具競爭優勢。

隨着智能穿戴技術的普及，鐘錶與珠寶產品的功能邊界正逐步拓展。融合健康監測、數據分析及個人化應用的智能產品，正成為市場新趨勢。這類產品不僅

These products deliver practical utility while emphasising aesthetic design and user experience, offering consumers enhanced value. For the industry, smart wearables represent not only a new direction for product innovation but also a significant opportunity to expand into new markets. By incorporating advanced technology with refined design, enterprises can develop differentiated products, attract younger consumers, and unlock new growth potential.

具備實用功能，更強調外觀設計與佩戴體驗，為消費者帶來全新價值。對業界而言，智能穿戴不僅是一種產品創新方向，更是拓展市場的重要契機。透過結合科技與美學，企業可開發更具差異化的產品，進一步吸引年輕客群並開拓商機。

“Artificial intelligence is not merely a tool upgrade, but a fundamental reconstruction of production models.”

「人工智能不是工具的進化，而是生產模式的重構。」

The introduction of artificial intelligence (AI) is profoundly reshaping the operational model of the watch and jewellery industry. At the design stage, data analytics and generative design tools enable enterprises to better capture market trends and optimise product development. In manufacturing, AI integrated with automation enhances precision and production stability. In quality control, AI-powered visual inspection systems have become an essential tool, enabling real-time detection of microscopic defects, significantly improving inspection accuracy while reducing human error. This is particularly critical in high-precision manufacturing areas such as watch movements and jewellery setting.

人工智能技術的引入，正深刻改變鐘錶與珠寶產業的運作模式。在設計層面，透過數據分析及生成式設計，企業可更準確掌握市場趨勢並優化產品設計。在製造環節，人工智能結合自動化設備，可提升精密製造水平及生產穩定性。在品質控制方面，人工智能視覺檢測技術已成為重要工具，能實時識別微細瑕疵，大幅提高檢測準確度並降低人為錯誤。這對於鐘錶機芯及珠寶鑲嵌等高精密製造尤其關鍵。

Overall, AI is moving from a supporting tool into a core factor of production. It not only boosts efficiency but also redefines manufacturing processes and value chains, propelling the industry towards intelligent production.

整體而言，人工智能正從輔助角色轉變為核心生產要素，不僅提升效率，更重新定義製造流程及價值鏈結構，推動產業邁向智能化發展。

“Future competition will be defined not only by quality and price but also by responsibility and sustainability.”

「未來的競爭，不僅是品質與價格，更是責任與可持續價值。」

In the context of global sustainability trends, energy efficiency and green manufacturing have become critical priorities for enterprises. As international markets place greater emphasis on ESG standards, companies must strengthen carbon management, improve energy efficiency, and enhance supply chain transparency to meet evolving expectations. In practice, enterprises should establish systematic energy management frameworks, deploy smart energy monitoring systems to track consumption in real time, and use data analytics to optimise production processes and reduce resource waste. Meanwhile, the use of energy-efficient equipment and low-carbon technologies can significantly lower carbon emissions. In watch and jewellery manufacturing, processes such as metal treatment, polishing and finishing are highly energy-intensive. Through process optimisation and improved workflow improvements, companies can reduce material wastage and minimise environmental impact. Furthermore, developing green supply chains — including the use of traceable raw materials, recycled metals and enhanced supply chain transparency — is becoming increasingly important.

在全球可持續發展趨勢下，節能減排與綠色製造已成為企業必須關注的重要議題。隨着國際市場對ESG標準的要求日益提高，企業需加強碳排放管理、能源效率及供應鏈透明度，以符合市場期望。具體而言，企業可建立系統化能源管理機制，引入智能能源監控系統，即時掌握能源使用情況，並透過數據分析優化生產流程，減少資源浪費。同時，採用高效節能設備及低碳製造技術，可有效降低整體碳排放。在鐘錶及珠寶製造過程中，金屬處理、打磨及拋光為高耗能工序，透過工藝優化及流程改善，可減少材料損耗及廢料產生。此外，發展綠色供應鏈亦日趨重要，包括採用可追溯原材料、使用再生金屬及提升供應鏈透明度。

Carbon auditing and emission reduction strategies are gradually evolving from mere compliance requirements into powerful tools for boosting competitiveness — especially in premium markets, where they are closely linked to brand reputation.

碳審計與減碳策略已逐漸由合規要求轉變為提升企業競爭力的重要工具，尤其在高端市場中，往往與品牌形象關係密切。

Reducing Carbon Footprint
減少碳足跡

Circular Economy
循環經濟

Green Production
綠色生產

“The integration of policy and technology serves as a key accelerator for industrial upgrading.”

To support industry transformation, the HKSAR Government has actively promoted “New Industrialisation”, positioning “New Productive Forces” as a core development strategy. This approach emphasises AI, data applications, and advanced manufacturing technologies as new engines of economic growth. Through various funding schemes, the Government encourages enterprises to establish new smart production lines in Hong Kong and upgrade existing operations with advanced technologies. These initiatives lower the barriers to technological investment, enabling companies to accelerate their transition from traditional manufacturing towards smart, high-value-added manufacturing, laying a solid foundation for long-term competitiveness.

Under national development strategies, the Guangdong-Hong Kong-Macao Greater Bay Area offers significant opportunities for the watch and jewellery industry. Through cross-border collaboration, enterprises can combine Mainland’s manufacturing strengths with Hong Kong’s expertise in innovation and design, creating a complementary development model. The application of AI and digital technologies in cross-border supply chain management further enhances operational efficiency and responsiveness. This form of regional synergy is set to become a key foundation for future industry competitiveness.

“Technology is not merely support—it is the core driver of industrial transformation.”

Throughout this transformation, Hong Kong Productivity Council (HKPC) plays a vital role in providing technical support to the industry. HKPC assists enterprises in adopting AI and advanced manufacturing technologies across design, production management, and quality control. Key initiatives include the promotion of AI-powered visual inspection, smart production lines, automated assembly, and the application of data analytics and the Internet of Things.

「政策與技術的結合，是產業升級的重要加速器。」

為配合產業升級轉型，香港特區政府積極推動「新型工業化」，並提出以「新質生產力」為核心發展方向，強調以人工智能、數據應用及先進製造技術作為經濟發展新引擎。在相關政策支持下，政府設立多項資助計劃，鼓勵企業在香港設立新的智能生產線，並為現有製造業務引入先進技術。透過資助與政策配合，企業得以降低升級門檻，加快由傳統生產模式邁向智能化及高增值製造，為提升整體競爭力奠定堅實基礎。

在國家發展戰略推動下，粵港澳大灣區為鐘錶與珠寶產業提供廣闊發展空間。透過跨區域合作，企業可結合內地的製造能力與香港的創新與設計優勢，形成互補發展模式。人工智能及數碼技術在跨境供應鏈管理中的應用，亦有助提升整體營運效率。這種區域協同模式，將成為未來產業競爭的重要基礎。

「技術不只是支援，更是產業升級的核心動力。」

在產業轉型過程中，香港生產力促進局（生產力局）積極為業界提供技術支援，協助企業導入人工智能及先進製造技術。相關支援涵蓋產品設計、生產管理及品質控制等多個層面，包括推動人工智能視覺檢測技術、智能生產線、自動化裝配，以及數據分析與物聯網應用。

In addition, HKPC supports enterprises in adopting digital design tools and 3D printing technologies to accelerate product development, while also facilitating the development of smart wearable products. On the green manufacturing front, HKPC helps companies establish energy management systems and adopt low-carbon technologies to drive sustainable transformation.

Through this comprehensive support, enterprises can improve efficiency, strengthen innovation capabilities, and build sustainable long-term competitiveness advantages.

此外，生產力局亦協助企業應用數碼設計工具及3D打印技術，加快產品開發流程，同時支援智能穿戴產品發展。在綠色製造方面，生產力局亦協助企業建立能源管理系統及推動低碳技術應用，促進可持續轉型。

透過全面技術支援，企業得以提升效率、加強創新能力，並建立長遠可持續競爭優勢。

“Future industrial competitiveness will be determined by technological depth and sustainability capabilities.”

In conclusion, the future development of the watch and jewellery industry will be driven by AI and oriented towards premiumisation, intelligent manufacturing, and sustainability. Enterprises must continue to innovate, enhance technological capabilities, and establish sustainability frameworks aligned with international standards.

With the combined support of Government policies, technological advancement, and regional collaboration, Hong Kong is well positioned to strengthen its competitive advantage in the global market. As New Productive Forces continue to unlock their potential, the watch and jewellery industry is poised to embrace a new era of higher-value and higher-quality development.

「未來的產業競爭，將取決於科技深度與可持續能力。」

綜合而言，鐘錶與珠寶產業的未來發展，將以人工智能為核心驅動，並向高端化、智能化及可持續化方向邁進。企業需持續推動創新，提升技術能力，同時建立符合國際標準的可持續發展體系。

在政策支持、技術進步及區域協同發展的共同作用下，香港有望進一步鞏固其在全球市場中的競爭地位。隨着新質生產力持續釋放潛力，鐘錶與珠寶產業將迎來更高質量及更具價值的發展階段。

ONEDEAR

珠 宝 艺 术 腕 表

ONEDEAR珠寶藝術腕表品牌，將珠寶設計理念注入腕表機械美學，匠心融合琺瑯、金雕、花絲、貝母鑲嵌等“非遺”精工絕藝，讓技術與藝術達到完美平衡。

ONEDEAR, a jewelry art and watch brand that infuses jewelry design concepts into horological mechanics and aesthetics. It ingeniously integrates exquisite crafts inspired by the "intangible cultural heritage" like enamel, gold engraving, filigree, and mother-of-pearl inlay to achieve a perfect balance between technology and art.

ONEDEAR

珠 宝 艺 术 腕 表

以匠心雕琢自然，於細微處見天地詩意。精微巧思，將仲夏夜的奇幻與空靈，凝練為可佩戴的微縮畫卷。

We sculpt nature with consummate craftsmanship, unfolding the poetry of heaven and earth within every subtle detail. Exquisite ingenuity distills the whimsy and ethereal serenity of a midsummer night into a wearable miniature art scroll.

Fostering the development of the Watch and Clock Industry: Developing Vocational Qualifications Pathways for a more professional future 推動鐘錶業發展：建立職業資歷階梯 邁向更專業未來

黎英偉先生
Steve LAI
資歷架構秘書處總經理
General Manager
Qualifications Framework Secretariat

Hong Kong has long been one of the world's leading watch and clock trading hubs. With its free port status, strong distribution networks, and international market expertise, the city plays a pivotal role in the global watch and clock industry. From mechanical watch assembly and component manufacturing to the retail and auction of high-end brands, Hong Kong remains a key player across the value chain. As customer expectations for product quality and sales services continue to rise, the industry must enhance both service and product standards to stay competitive. Strengthening talent development from recruitment to training is therefore essential for enhancing workforce capability and overall industry competitiveness.

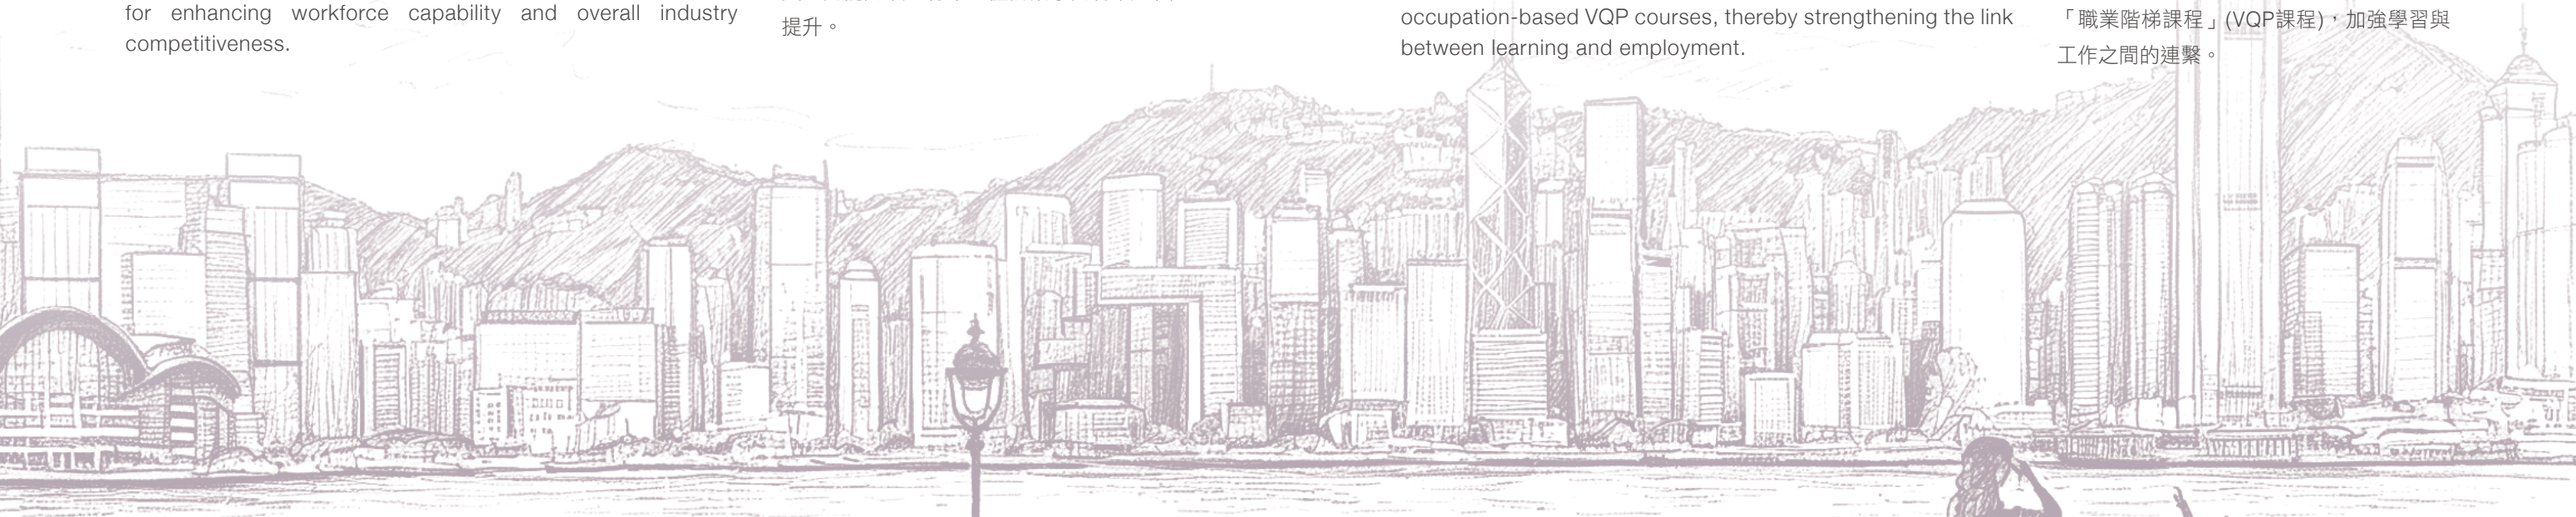

香港一直以來是全球最重要的鐘錶貿易樞紐之一，憑藉自由港地位、完善的分銷網絡及國際化市場觸覺，在鐘錶業界佔據舉足輕重的位置。無論是傳統機械腕錶的組裝、零件製造，還是高端品牌的零售與拍賣，香港均扮演關鍵節點。近年顧客對產品及銷售服務的要求愈來愈高，鐘錶業界要保持市場的競爭力，須優化服務及產品質素，而培育優質人才，可從招聘開始，並透過培訓，令員工的能力以至行業整體的競爭力得以全面提升。

To support the industry's manpower development, the Education Bureau established the Watch and Clock Industry Training Advisory Committee (ITAC) in 2004 to implement the Qualifications Framework (QF) and assist the industry in developing the Specification of Competency Standards (SCS). The SCS sets out in detail the competency requirements and performance standards for various job functions, in line with the industry's manpower development needs. Enterprises can apply the SCS in their daily operations to enhance human resources management, staff deployment, and training. Practitioners can also use it as a reference for continuing education, enabling them to formulate personal study plans and prepare for career advancement.

To further promote vocational and professional education and training (VPET), the Chief Executive announced in the 2022 Policy Address that the ITACs under the QF would progressively develop a "Vocational Qualifications Pathway" (VQP) for their respective industries in the following 5 years. The VQP outlines the key job roles and provides a roadmap for progression within the industry and, using the SCS as a blueprint, defines the core competencies required for each job role. This supports educational institutions and training providers in developing occupation-based VQP courses, thereby strengthening the link between learning and employment.

教育局在2004年為鐘錶業成立行業培訓諮詢委員會（諮委會），於業內推行資歷架構，並為行業撰寫《能力標準說明》，詳列從業員在執行每項職務時所需具備的能力要求及成效標準，以配合鐘錶業的人才發展需要。業界可將《能力標準說明》應用在公司日常運作上，完善人力資源的管理、調配及培訓；從業員亦可用作持續進修的參考工具，藉此制訂個人進修藍圖，裝備自己，為事業發展做好準備。

為了進一步推廣職業專才教育，行政長官於2022年施政報告中宣佈，資歷架構下各諮委會將會在五年內陸續為所屬行業發展「職業資歷階梯」(簡稱VQP)。職業資歷階梯VQP勾劃出行業的主要工作崗位及其進階路線圖，並以《能力標準說明》作為藍本，列出各主要工作崗位所需要的核心能力，以協助院校和培訓機構發展以工作崗位為本的「職業階梯課程」(VQP課程)，加強學習與工作之間的連繫。

In light of this, the Watch and Clock ITAC has commenced the development of VQP for the industry. Two key areas, namely, “Retail Operations” and “Aftersales Repair Services”, have been selected to define the core competency requirements and career progression pathways for relevant job roles. This will help both new entrants and in-service practitioners gain a clearer understanding of career prospects in the industry, encourage them to join and progress with clear goals, and support their professional development planning. The initial development of the VQP for these two areas has now been completed, and an industry consultation is planned for the end of 2026. After final revisions, the VQP will be officially launched and promoted to industry stakeholders. Companies and training providers will also be encouraged to make full use of the accreditation and course development subsidies provided by the Education Bureau to offer more VQP courses and support talent development in the watch and clock industry.

In addition to continuing education, participation in industry-related activities around the world is an effective way for practitioners to acquire new knowledge and broaden their horizons. To support this, the QF organises the “Award Scheme for Learning Experiences” each year, providing fixed cash awards to practitioners from 23 industries under the QF to participate in activities such as seminars, conferences, study tours or competitions worldwide. Each year, the Watch and Clock ITAC selects three awardees, who receive HK$10,000 or HK$30,000 to take part in industry-related activities either held in or outside Hong Kong. Since its launch, the scheme has benefited practitioners from a wide range of roles, including sales, design, repair, and brand management.

有見及此，鐘錶業諮委會亦決定發展行業的「職業資歷階梯」，並選取了「零售營運」及「售後維修服務」兩個範疇，列出各工作崗位所需要的核心能力要求及進階路線圖，讓有意入職及在職人士都可清楚了解在鐘錶業的事業發展前路，吸引他們入行及有目標地進階，協助規劃理想事業發展。目前，「零售營運」及「售後維修服務」的「職業資歷階梯」已初步完成，預計於2026年底進行業界諮詢，待完成諮詢後的最後修訂，便會正式推出，屆時將會向業內各持分者推廣「職業資歷階梯」的應用，並會鼓勵公司及培訓機構善用教育局所提供的評審資助及課程發展資助，積極開辦鐘錶業的VQP課程，促進業界的人才發展。

除了持續進修，參與世界各地的行業活動，亦是從業員吸收新知識及擴闊視野的好方法。為此，資歷架構每年均會推出「學習體驗獎勵計劃」，透過定額獎金鼓勵資歷架構下23個行業的從業員，參與世界各地的行業相關活動如研討會、交流會、考察團或比賽等，以增廣見聞及促進同業交流。鐘錶業諮委會每年會選出三位獲獎者，獲取一萬元或三萬元獎金，參與香港本地或境外舉行的鐘錶業相關活動。計劃推出至今，已有多名來自不同崗位（如銷售、設計、維修及品牌管理等）的從業員獲獎。

Talent development is crucial to maintaining the competitiveness of Hong Kong’s watch and clock industry. We look forward to the industry’s continued support in promoting the QF and working together to nurture talent and prepare for future opportunities and challenges.

香港鐘錶業要維持競爭力，人才發展至關重要。我們期待業界繼續支持推動資歷架構，一同為鐘錶業人才發展出一分力，為未來發展及可能面對的挑戰作好準備。

鐘錶業學習體驗獎勵計劃
獲獎者 (2025) 劉贊琛女士
於 2025 年 11 月 19-23 日
參與杜拜鐘錶展

Ms Lau Tsan Sum,
awardee of Award Scheme for Learning Experiences (2025) participated in Dubai Watch Fair from 19 to 23 November 2025.

鐘錶業學習體驗獎勵計劃
獲獎者 (2025) 呂鍵熙先生
於 2026 年 4 月 14-20 日參與日內瓦
「鐘錶與奇蹟」高級鐘錶展
Mr Lui Kin Hei, awardee of Award Scheme for Learning Experiences (2025) participated in Watches & Wonders Geneva from 14 to 20 April 2026.

The Future Development of Watch and Jewellery Design: Integration, Innovation, and Experience
鐘錶與珠寶設計的未來發展：融合、創新與體驗

陳光耀先生
Daniel K.Y. CHAN
香港知專設計學院
建築、室內及
產品設計系 系主任
Head of Department
Department of Architecture,
Interior and Product Design
Hong Kong Design Institute

As a global hub for watch and jewellery trade, Hong Kong is ushering in a new wave of design transformation. With shifting consumer values, rapid technological advancement, and a renewed emphasis on cultural identity, watch and jewellery design has evolved beyond the mere combination of function and ornamentation, moving toward a more complex, diverse, and interactive future. This article explores key development directions from the perspectives of balancing craftsmanship and technology, integrating cultural elements, cross-disciplinary and cross-industry collaboration, ecosystem construction, brand collaboration, and experiential consumption.

香港作為全球鐘錶及珠寶貿易的重要樞紐，正面臨新一輪設計轉型。隨著消費者價值觀轉變、科技迅速發展，以及文化認同重新獲得重視，鐘錶與珠寶設計已不再僅是功能與裝飾的結合，而是邁向更複雜、多元且互動的未來。本文將從工藝與科技的平衡、文化元素的融入、跨學科與跨行業協作、生態圈建構、品牌聯乘，以及體驗消費等角度，探討未來發展的關鍵方向。

Craftsmanship and Technology Advancing Together: From Opposition to Integration

工藝與科技並進：從對立走向融合

In the past, watch and jewellery design was often seen as requiring a choice between traditional craftsmanship and new technology. However, future trends show that the two are not opposed; rather, they can complement each other. Traditional crafts such as enamel painting, skeleton watch engraving, and gemstone setting remain the most valuable core of high-end watches and jewellery, carrying accumulated skills, culture, and ingenuity over time. On the other hand, new technologies such as 3D printing, parametric design, and smart wearable technology are breaking through the limitations of traditional manufacturing methods, enabling designs to achieve more complex structures, lighter materials, and more diverse functions, such as health monitoring and precise timekeeping.

過去，鐘錶與珠寶設計常被視為必須在傳統工藝與新科技之間作出取捨。然而，未來趨勢顯示，兩者並非對立，而是可以相互成就。琺瑯彩繪、鏤空雕刻、寶石鑲嵌等傳統工藝，仍是高級腕錶與珠寶最具價值的核心，承載著時間積累的技藝、文化與匠心。另一方面，3D打印、參數化設計、智能穿戴技術等新科技，正突破傳統製作方式的限制，使設計得以實現更複雜的結構、更輕盈的材質，以及更多元的功能，例如健康監測與精準校時。

Therefore, future designers must not only possess solid manual skills but also master digital tools in order to strike an ideal balance between the "spirit of craftsmanship" and "technological innovation." In response to this trend, our department established the "JewelTech Space" more than three years ago, actively promoting the integration of traditional craftsmanship and modern technology.

因此，未來的設計師不僅需具備紮實的手工技藝，也須掌握數位工具，才能在「匠人精神」與「科技創新」之間取得理想平衡。為回應這一趨勢，本學系早於三年前已設立「珠寶源創空間」(JewelTech Space)，積極推動傳統工藝與現代科技的融合。該空間配備4K直播教學系統、

The workshop is equipped with advanced equipment including a 4K live broadcasting system, 3D scanners, virtual engraving haptic device, and wax 3D printers, providing students with a future-oriented learning and creation platform.

電腦立體掃描器、虛擬雕刻筆、蠟模打印機等先進設備，為學生提供面向未來的學習與創作平台。

Cultural Elements: From Decoration to Narrative Core

文化元素：從裝飾走向敘事核心

In the wave of globalization, consumer demand for local culture and identity is becoming increasingly evident. Watch and jewellery design is no longer confined to a single Western aesthetic narrative but is gradually absorbing influences from different cultures, such as Eastern calligraphy, Japanese Kintsugi, Indian palace patterns, and African tribal totems. These cultural elements are no longer merely decorative symbols on the surface; they become the soul of the design, establishing deeper emotional connections with the wearer through material selection, proportion handling, and symbolic meaning.

在全球化浪潮下，消費者對本土文化與身份認同的需求日益明顯。鐘錶與珠寶設計不再局限於單一的西方美學敘事，而是逐步吸納來自不同文化的養分，例如東方書法、日本金繼、印度宮廷紋樣、非洲部落圖騰等。這些文化元素不再僅是表面的裝飾符號，而是成為設計的靈魂，透過材質選擇、比例處理與象徵寓意，與佩戴者建立更深層的情感連結。

For example, astrolabe designs inspired by traditional Chinese astronomy, or the transformation of Miao silver craftsmanship into contemporary jewellery language, are successful examples of combining cultural innovation with modern aesthetics. In the future, designers should more actively delve into cultural cores, engage with communities, and extract transformative, wearable, and communicable design narratives from intangible cultural heritage.

例如，以中國傳統天文學為靈感的星盤設計，或將苗族銀飾工藝轉化為當代首飾語言，都是文化創新與現代美學結合的成功範例。未來，設計師應更積極走進文化核心、接觸社群，從非物質文化遺產中提煉可轉化、可佩戴、可傳播的設計敘事。

In this regard, over the past year we have collaborated with the Hong Kong Dance Company, themed around the late martial arts superstar Bruce Lee, to design a series of jewellery and eyewear products rich in Hong Kong cultural characteristics. These works were publicly sold during the dance company's production "Kung Fu Artistry," which commemorated the 85th anniversary of Bruce Lee's birth. Among them, a pair of "nunchuck earrings" designed by a student quickly sold out, fully demonstrating the positive interaction between cultural design and market response.

在這方面，我們過去一年曾與香港舞蹈團合作，以已故武術巨星李小龍先生為主題，設計一系列富有香港文化特色的珠寶與眼鏡作品。這些作品於舞蹈團為紀念李小龍先生冥壽85週年而推出的劇目《武道》中公開銷售，其中由同學設計的一款「雙截棍耳環」更迅速售罄，充分展現文化設計與市場反應之間的良性互動。

Cross-Disciplinary and Cross-Industry Collaboration: Redefining Design Boundaries

跨學科、跨行業協作：重塑設計邊界

Watch and jewellery design is no longer an isolated professional field. Future innovation will increasingly come from cross-disciplinary and cross-industry collaboration. For example, watch mechanics could collaborate with architects to find new formal languages from the intersection of gear structures and spatial geometry; jewellery designers could work with fashion designers to develop "wearable sculptures," integrating accessories with

鐘錶與珠寶設計早已不再是孤立存在的專業領域。未來的創新，將更多來自跨學科與跨行業的合作。例如，鐘錶機械師可與建築師合作，從齒輪結構與空間幾何中尋找新的形式語言；珠寶設計師可與時裝設計師共同開發「可穿戴雕塑」，使首飾與服裝融為一

clothing; they could even collaborate with biologists to explore organic materials and their interactions with the environment.

The boundaries between accessories, fashion, eyewear, watches, and jewellery are gradually blurring, collectively forming an interconnected "fashion ecosystem." In this context, designers must have a broader knowledge horizon and integration capabilities to stand out in the era of convergence. Therefore, the graduation projects of our Higher Diploma in Jewellery Design and Technology students are no longer limited to single jewellery pieces. Instead, students are required to incorporate watches or eyewear into their creations and present complete concepts in a series format, enhancing their cross-border integration and brand thinking abilities. Our school also actively promotes cross-border innovation. For example, in 2024, we invited architect Tiia Vahula from the renowned Dutch architectural firm UN Studio to serve as a visiting scholar, leading students from three different disciplines—architectural design, fashion design, and jewellery design—to collaboratively create a series of mobile wearable devices!

體；甚至可與生物學家合作，探索有機材料及其與環境互動的可能性。

配飾、時裝、眼鏡、鐘錶與珠寶等領域的界線正逐漸模糊，並共同形成一個相互連動的「時尚生態系統」。在這樣的背景下，設計師必須具備更寬廣的知識視野與整合能力，方能在融合時代中脫穎而出。因此，我們每年珠寶設計與科技高級文憑學生的畢業作品，已不再局限於單一珠寶設計，而是要求學生將鐘錶或眼鏡納入創作，並以系列化方式呈現完整概念，提升其跨界整合與品牌思維能力。我校亦積極推動跨界創新，例如在2024年，我們邀請了荷蘭著名建築師樓 UN Studio 的建築師 Tiia Vahula 到校擔任訪問學人，帶領建築設計、時裝設計及珠寶設計三個不同學科的同學，共同創作一系列機動性穿戴裝置！

Brand Collaboration: Creating New Cultural Narratives

Collaboration has become an important strategy for brand innovation and market expansion. Watch and jewellery brands collaborating with street fashion, artists, anime IPs, musicians, etc., not only helps reach younger consumer groups but also breaks the traditionally distant and aloof image of luxury goods. Successful collaboration is not simply placing two logos side by side, but establishing a new narrative framework and emotional connection through the partnership. For instance, a watch joining forces with an animated character for a limited edition series can extend the concept of "time" into the story world; a jewellery brand collaborating with an artist can transform accessories into wearable artworks.

Future collaborations will place greater emphasis on cultural resonance, content curation, and community engagement, making products not just commodities but media connecting brands and audiences. This year, our department's Product Design and Jewellery Design students collaborated with Kowloon Motor Bus (KMB), upcycling retired bus parts to design a series of products and accessories rich in local cultural characteristics. Some of these works have already been produced in small batches!

品牌聯乘：創造新的文化敘事

聯乘合作已成為品牌創新與市場拓展的重要策略。鐘錶與珠寶品牌與街頭時裝、藝術家、動漫IP、音樂人合作，不僅有助接觸更年輕的消費群體，也能打破傳統奢侈品較為疏離、高冷的形象。成功的聯乘，並非簡單地將雙方標誌並置，而是在合作中建立全新的敘事框架與情感連結。例如，腕錶與動畫角色聯合推出限量系列，可將「時間」的概念延伸至故事世界之中；珠寶品牌與藝術家合作，則可讓首飾成為可隨身佩戴的藝術品。

未來的聯乘，將更重視文化共鳴、內容策劃與社群參與，使產品不只是商品，更成為連結品牌與受眾的媒介。今年，我系產品設計及珠寶設計同學與九龍巴士聯乘，利用退役巴士零件升級再造，設計出一系列極富地道文化特色的產品與配飾，部分作品更已作小批量生產！

Experiential Consumption: From Owning Products to Participating in the Process

The consumption patterns of Generation Z and Millennials have shifted from simply purchasing products to seeking memories, stories, and a sense of participation. The watch and jewellery industry is also transitioning from the traditional display cabinet sales model to immersive, interactive experiential consumption. For example, brands can set up workshop experience stores, allowing customers to personally participate in movement assembly, gemstone setting, or design customization; they can also use AR technology to let customers virtually try on pieces, adjust styles, or even participate in personalized design.

Future retail spaces will no longer be just places for transactions but will gradually transform into "cultural hubs" combining exhibitions, lectures, workshops, and customization services. In this model, consumers are not just buyers but co-participants in the brand story. Experiential consumption not only enhances brand loyalty but also gives each piece a more distinct and unique personal meaning. To this end, our department launched the "Higher Diploma in Design for Event, Exhibition and Performance" program six years ago, with a curriculum covering visual merchandising, immersive experiences, holographic product presentation, and interactive media, to meet the future needs of the retail industry and product marketing!

體驗消費：由擁有產品走向參與過程

Z世代與千禧世代的消費模式，已由單純購買產品轉向追求記憶、故事與參與感。鐘錶與珠寶行業亦正從傳統的展示櫃銷售模式，轉向沉浸式、互動式的體驗消費。例如，品牌可設立工坊體驗店，讓顧客親身參與機芯組裝、寶石鑲嵌或設計定製；亦可透過AR技術，讓顧客在虛擬空間中試戴作品、調整款式，甚至參與個人化設計。

未來的零售空間將不再只是交易場所，而會逐步轉型為結合展覽、講座、工作坊與定製服務的「文化聚落」。在這樣的模式下，消費者不僅是購買者，更是品牌故事的共同參與者。體驗消費不僅能提升品牌黏性，亦能讓每一件作品承載更鮮明而獨特的個人意義。為此，我系在六年前開辦了「活動、展覽及表演場景設計高級文憑」課程，內容涵蓋視覺營銷、沉浸體驗、全息產品展示、互動媒體等，以切合未來零售業和產品市場推廣的需要！

Conclusion

The future of watch and jewellery design will be an ongoing evolution where craftsmanship and technology advance together, culture engages in global dialogue, and individuals coexist symbiotically with the ecosystem. As an international design and trading platform, Hong Kong possesses unique advantages, including diverse talent, a well-established supply chain, and profound cultural heritage. Faced with changing markets and aesthetic trends, future designers and brands can only continue to shine during transformation by embracing cross-border collaboration, deeply cultivating cultural content, skillfully utilizing technological tools, and valuing consumer experience. Let us look forward together to a new era of "Hong Kong Watches and Jewellery" that is more integrated, more intelligent, and imbued with greater human warmth.

結語

鐘錶與珠寶設計的未來，將是一場工藝與科技並進、文化與全球對話、個體與生態共生的持續演化。香港作為國際設計與貿易平台，擁有獨特優勢，包括多元人才、完善供應鏈以及深厚文化底蘊。面對不斷變化的市場與審美趨勢，未來的設計師與品牌唯有擁抱跨界合作、深耕文化內涵、善用科技工具，並重視消費體驗，才能在變革中持續發光發亮。讓我們共同期待一個更融合、更智慧、也更具人文溫度的「香港鐘錶珠寶」新時代。

Future of the Watch and Jewellery Industries
融合・創新・鐘表與珠寶業的未來

林志強先生
Ricky LAM
VTC 珠寶及鐘錶業訓練委員會主席
Chairman, VTC Jewellery and Timepiece Training Board

Hong Kong's watch and jewellery industries have a long and distinguished history. They have long been among the city's key economic pillars and occupied an important position in the international marketplace. However, amid global economic transformation and rapid technological advancement, these industries are facing unprecedented opportunities and challenges. As Chairman of the VTC Jewellery and Timepiece Training Board, I firmly believe that fostering crossovers between the watch and jewellery industries, integrating traditional craftsmanship with innovative technologies, and nurturing cross-disciplinary talent will be key to leading the industries into a new era.

香港鐘表與珠寶業歷史悠久，一直是本地重要經濟支柱之一，並在國際市場上佔據重要地位。然而，在全球經濟結構轉型與科技迅速發展的時代背景下，業界正面臨前所未有的機遇與挑戰。作為VTC珠寶及鐘錶業訓練委員會主席，我深信，推動鐘表與珠寶的跨界融合，並結合傳統工藝與創新科技，同時積極培育多元化專業人才，將是引領行業邁向新里程的關鍵方向。

The convergence of watches and jewellery is emerging as a significant trend in the international luxury market. In the past, although both watches and jewellery were classified as luxury goods, their design and manufacturing processes were largely distinct. Today, however, as consumers increasingly seek individuality and artistic expression, products that combine functionality with aesthetic appeal are enjoying growing demand. Jewellery watches, mechanical works of art and bespoke high-end creations have successfully fused the precision of timekeeping with the artistry of jewellery design, creating greater brand value and distinction. With its well-established trading networks and strong pool of design talent, Hong Kong is well positioned to capitalise on this trend. By leveraging its strengths and developing iconic crossover luxury products, the city can further strengthen its competitive edge in the global marketplace.

鐘表與珠寶的結合，正逐步成為國際高端市場的重要趨勢。過去，兩者雖同屬奢侈品範疇，但設計與製造流程多為獨立發展。然而，隨著消費者對個性化與藝術價值的追求日益提升，具備複合功能與美學價值的產品更受市場青睞。例如珠寶腕表、機械藝術裝置及高級訂製作品，已成功將時間測量的精準性與珠寶設計的藝術性融為一體，創造出更高的品牌附加價值。香港擁有成熟的貿易網絡與設計人才，在這一趨勢下具備顯著優勢，只要善用資源，打造具標誌性的跨界精品，必可在全球競爭中再創優勢。

Equally important is the integration of craftsmanship and technology, which serves as a core driver of the industries' competitiveness. Hong Kong's watch and jewellery industries have earned international acclaim for their exceptional craftsmanship, including stone setting, engraving, polishing, and movement assembly. These skills embody decades of expertise and tradition. Yet, in today's era of digitalisation and smart manufacturing, traditional craftsmanship must also evolve. Technologies such as 3D printing, computer-aided design (CAD), artificial intelligence-driven design algorithms, and wearable smart technologies not only improve production efficiency but also unlock many creative possibilities. By combining the spirit of craftsmanship with cutting-edge technology, we can preserve the value of handmade artistry while developing more innovative products and services to meet the expectations of a new generation of consumers.

其次，工藝與科技的融合，是提升行業競爭力的核心動力。香港鐘表及珠寶業歷來以精湛手工享譽國際，包括鑲嵌、雕刻、拋光及機芯裝配等技術，均具深厚底蘊。然而，隨著數碼化與智慧製造迅速普及，傳統技藝亦需與時並進。3D列印、電腦輔助設計(CAD)、人工智慧設計演算法，以及智慧穿戴技術，不僅提升了生產效率，更為創意設計帶來無限可能。透過結合工匠精神與先進科技，我們可在保留手工價值的同時，開拓更具創新性的產品與服務，從而滿足新一代消費者的需求。

Talent development is critical to driving this transformation. We must establish a more comprehensive education and training framework that encompasses design, engineering, manufacturing, brand management, and marketing, thereby cultivating talent with interdisciplinary capabilities. VTC has long been committed to fostering close collaboration between industry and academia, ensuring that its training programmes remain aligned with industry needs and that education evolves in step with market developments. I look forward to VTC continuing to enhance its curriculum by incorporating emerging technologies and strengthening partnerships with industry stakeholders to provide internship and workplace learning opportunities. Such initiatives will enable students to apply their knowledge in real-world settings and develop the practical skills and industry insights essential for their future success.

在這個轉型過程中，人才發展至關重要。我們需建立更完善的教育及培訓體系，涵蓋設計、工程、製造、品牌管理及市場營銷等多個範疇，培養具備跨領域能力的專才。VTC一直致力推動產學深度協作，精準對接業界需求，確保教育與產業同步發展。我期望VTC能持續優化課程內容，引入最新科技元素，並與業界緊密合作，提供實習與在職培訓機會，使學員能夠在真實工作環境中學以致用。

Furthermore, cultivating talent with a global perspective is equally important. As a global financial and trading hub, Hong Kong possesses a strong advantage in connecting with the world. We should encourage talent to participate in international competitions, exhibitions, and exchange programmes, broadening their exposure to diverse cultures and design philosophies, while enhancing overall industry standards. At the same time, closer collaboration between industry and training institutions can help raise awareness and interest in the watch and jewellery industries among young people, attracting new talent and injecting fresh vitality into the industries. We should also encourage professionals already working in the field to pursue continuing education and enhance their skills, fostering a culture of lifelong learning and ensuring that talent at every level remains future ready.

此外，培育具備國際視野的人才亦同樣重要。香港作為國際金融及貿易中心，具備與世界接軌的天然優勢。我們應鼓勵人才參與國際比賽、展覽及交流活動，吸收不同文化與設計理念，提升整體水準。同時，業界亦宜加強與培訓機構合作，推動青年人對鐘表及珠寶行業的認識與興趣，吸引更多新血加入，為行業注入活力。我們亦應鼓勵在職從業員持續進修與提升技能，建立終身學習的文化，確保各階層人才都能與時並進。

In conclusion, the integration of watches and jewellery, the fusion of craftsmanship and technology, and the collaboration between industry and academia in talent development will together shape the future blueprint of Hong Kong's watch and jewellery industries. Looking ahead, let us work hand in hand towards a shared vision of establishing Hong Kong as a leading global hub for creativity and high-end luxury in the watch and jewellery industries. By preserving our heritage while embracing innovation, we can continue to create new values and opportunities for the future.

總括而言，鐘表與珠寶的融合，工藝與科技的結合，以及產學協作的人才培育，將共同構建香港產業的未來藍圖。展望未來，讓我們與業界共勉，以打造香港成為鐘表與珠寶的「創意與高端精品中心」為共同目標，在傳承中創新，在創新中升級增值。

Notes: Adjustments relating to earlier months of a particular year are incorporated in the cumulative totals of that year only. It follows that the sums of the monthly figures may differ from the cumulative totals.
Hong Kong's external merchandise trade statistics are compiled based on information contained in import/export declarations. The Hong Kong Special Administrative Region is a separate customs territory, as stated in "The Basic Law of the Hong Kong Special Administrative Region of the People's Republic of China". Import/export declaration is also required of Hong Kong's merchandise trade with Chinese Mainland, and statistics relating to this are included in Hong Kong's external merchandise trade statistics.
Figures may not add up to total due to rounding.
Updated commodity classification for trade statistics in "Standard International Trade Classification" (SITC) can be referred to C&SD website.https://www.censtatd.gov.hk/en/page_94.html.
The trade statistics system of Hong Kong is primarily designed for compilation of trade statistics at aggregate and broad commodity level for macroeconomic analysis, rather than for monitoring or tracking the imports and exports of certain commodities. Although quality assurance procedures are in place, some data may still be subject to reporting or other errors, especially at detailed commodity code level. Yet, the overall impact on the aggregate trade statistics should still be negligible.
SITC Items with nil records is omitted.
- Nil record for value
@T Value less than HK$ 500
N.A. Not available on Year-on-Year change
0.0% Increase or decrease of less than 0.05%
** Increase or decrease of over 999.9%
