OUR STORY

Circa **1920**. Brooklyn, NY. An immigrant comes to America with dreams of making a brighter and better looking life for his family. After putting himself through pharmacy college, he opens his first pharmacy, fittingly named **Saltzman Pharmacy**. It became a great family business and also where the Saltzman men developed a life long passion to create and build better products, specifically in the shaving category. They longed for a better shave and way to affordably bring home the barbershop shave.

Today, four generations later **RAZOR MD®** is run by great-grandson **Scott Saltzman** and proudly become a global brand. Still priding ourselves on using *all natural ingredients, essential oils and hand-made craftsmanship*. NO Parabens, NO Harsh Chemicals, NO Toxins, from our family to yours....

The Prescription for the Perfect Look.™

A handwritten signature in black ink that reads "Scott Saltzman". The signature is written in a cursive, flowing style.
