
THE PO' RAMBLIN' BOYS

Random Records Recording Artist

“When I hear The Po’ Ramblin’ Boys I’m taken back to when I first fell in love with this music. Each is a master of their craft, but it’s the special joy they take in playing it “the old time way” that commands your attention. This music hails from a time before people saw bluegrass and country music as separate things, and the band accomplishes that most difficult of musical tasks by capturing the manic energy of their live shows in the studio.” - John Lawless, Bluegrass Today

"The Po' Ramblin' Boys are a high energy, fast paced traditional Bluegrass band based out of the Smoky Mountains. They've played over 250 shows this past year throughout the U.S., Canada, and Europe, and are quickly rising in the Bluegrass world as an entertaining, energetic band to be reckoned with." - Randm Records

The Po' Ramblin' Boys are now booking for 2017 and 2018!

The Po' Ramblin' Boys started as one of the house bands at Ole Smoky Moonshine Distillery in Gatlinburg, Tennessee. The group's high energy and dedication to preserving the traditional sounds of bluegrass music, quickly made them a favorite among tourists from all over the country that visit the Great Smoky Mountains.

The band backed bluegrass legend James King for the first part of 2015, playing with him at the Society for the Preservation of Bluegrass Music in America awards in February, and for the following 4 months.

"These are some of the best boys I've ever worked with" - James King

The group recently signed to Randm Records out of San Diego, California. Their debut album, *Back to the Mountains*, was released in February 2016.
