RelatedKTM 200 EXC, KTM 250 EXC, Husaberg/Husqvarna TE 300 The KTM 300 is a series of two-stroke off-road motorcycles made by KTM. They are a Penton-inspired 1984 300 GS, 300 DMX, dirt only 300 MXC, European road legal 300 EXC and their current American counterpart 300 XC (close ratio) and 300 XC-W (wide field gear ratio) respectively. The KTM 300 is designed for challenging off-road conditions. The 300 EXC and 300 XC-W have a small headlight, speedometer, rear light and a slightly softer non-reference PDS suspension. Since 2008, all 300 have come with an electric start. Since the early 2000s, KTM has been offering the XC-W in a special limited edition of Six Days. The model progression 1984-1989 Original 300GS Enduro grew out of the experience with 250 cc Penton Hare Scrambler and other KTM air cooled 2-tact enduro bikes. Since 1986, the rules for the International Six Days Enduro (ISDE) for open class have allowed any bike larger than 250 cm, KTM has experimented with water cooled over-250 cc bike for open class. They essentially bored their 250 to 273 cc and called it 300. This version of the 300 was
