Download Naruto: Slugfest APK and take part in the battle to protect Konoha from the onslaught of Akatsuki. Naruto Content Table: Slugfest is an open-world role-playing game developed by HYDROGEN HAPPY LIMITED. It's a game developer over the phone, but only this product is well received, while Azur Horizontal Line sinks very quickly after a while. However, the game adapted from their Naruto manga has attracted a lot of people not only in gameplay but also in extremely beautiful graphics along with countless features waiting for you to explore. And right now, let's look at the details of this game. StoryThe game takes place at a time when Naruto returns to the village of Konoha after finishing training with Giraya. He needed to prepare for the battle with Akatsuki so that they could not take Kuubi sealed inside him. Part of the Kuubi power is sealed in Naruto's mother (Kushina). On Naruto's birthday, Toby attacked the village to open the seal for Kuubi to destroy the village of Konoha. On the day of the tragedy, Naruto's parents sacrificed themselves to protect the village. Minato used his spell and sealed nine tails in Naruto. This led Naruto to a very unhappy childhood, alienated by the villagers and considered a monster. But growing up, he trained with Giraya, and now he is the village's last hope to protect the Nine Tails from Akatsuki. They need him to start the Fourth Ninja War.In game, you will turn into a ninja who fights with familiar characters to protect Konoha. Are you ready to fight with them to prevent the destruction of the ninja world? Choose your character in Naruto's manga, there are 3 main types of jutsu that includes ninjutsu, genjutsu and taijutsu. But Naruto: Slugfest divided the classes of characters according to the element that is the earth, fire, lightning, wind. Each character will have a main element in his jiu-jitsu and a unique fighting style. You will be able to choose one of the four characters to stand side by side and protect Konoha from Akatsuki attacks. Follow the suggestion and find treasureThe Akatsuki organization is extremely strong. They gathered a lot of tailed beasts, high-ranking chinobi gathered around the world. They are banished ninjas, those who have left and are considered traitors. Their declaration of war with the world of Shinobi proves that they have tremendous power. So for beginners like you, you may not be strong enough to beat them. So to protect the leaves, you have to be stronger and you will be given a system from easy to difficult to learn how to manage chakras, jutsu,... become stronger. Play like a ninja and enjoy the storyIf you are a man who has watched this famous manga series, you are not new to the characters. You will meet familiar characters of the series and will fight with them, work together, train together and fight together against the organization of Akatsuki. You can summon powerful ninjas to join difficult missions. When you form a team, you will be stronger than ever because the higher the ninja rank of teammates, the more your strength will increase. Sometimes, when on a mission, you will be embodied in these characters to enjoy the development of the plot and interact with your favorite characters. Play with other players because Naruto: Slugfest is a game that requires a network connection, you can also communicate with other players around the world. There are quests that require you to team up with other players to form a fake ring alliance by performing complex tasks that one player cannot complete. Graphics In terms of graphics, Naruto: Slugfest is highly rated as creating characters identical to anime, along with details and skills carefully designed. It has attracted a large number of players around the world, especially the anime-loving community. Not only that, but the characters are also voiced very much like anime, you'll feel like you're enjoying the Naruto episode.
