

As Salesforce® Consulting Partner we enable organisational readiness. How? Activate workforce with transformation controls & accelerators. What? Get a tailored #pulsCHECK powered by Prosci® and utilize Salesforce® as 'platform for change'.

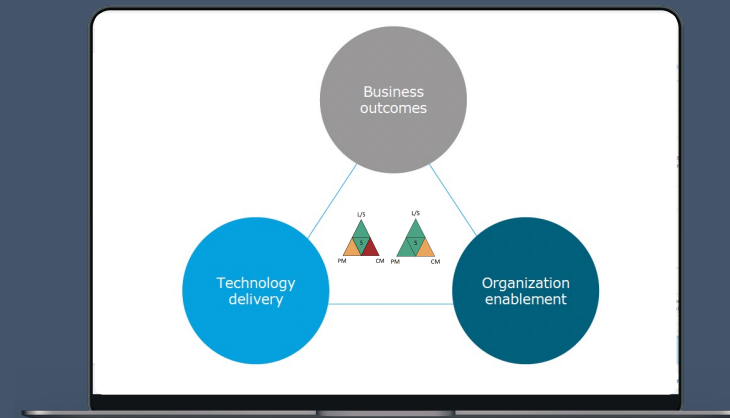

RESEARCH FACTS

Most Change Initiatives fail because Go-Live is pushed before workforce reaches ABILITY, a pre-requisite to adoption.

If people don't change how they do their job, then it doesn't matter what specific changes are implemented.

Many companies are experiencing "change saturation", so a structured approach with pragmatic tools is needed.

Transformation = Risk:
Get your Dashboard now!

CUSTOMER PAIN POINTS

- Are you experiencing workforce resistance due to legacy infrastructure & processes?
- Is change spreading through the customer's organization at an uneven pace?
- Does slow reporting 'on-the-people-side' result in high risks?
