Roman: Latin: gem-stones, alchemy: medicine. • in the Near East, the process of cultivating plants for medicinal purposes was regarded as a folk healing practice, not an intellectual activity. The most famous of these are the Ebers papyrus and the Edwin Smith papyrus. One reason for the loss of medical theory is the decline of classical scholarship during the medieval and Renaissance eras. Samuel Coelho (1505? - 1578) was a physician and writer at Lisbon. Two cases of adenomyosis are reported. A woman with a personal history of total hysterectomy at the age of 25 years for adenomyosis of the endometrium and a history of three consecutive spontaneous abortions during the follow up, presented with an abdominal mass. In the second case, a 49 year old woman was referred because of pelvic pain and inability to conceive. Pelvic examination revealed an endometrial polyp. The diagnosis of adenomyosis was established after resection of a polyp.TULSA, Okla. – The Tulsa Shock has signed forward Morgan Burnett, the team announced today. With the move, the Shock will have 12 players on its roster. The Shock opens training camp on Monday, January 15. “We are excited to add a player of Morgan's caliber to our roster,” said head coach Bill Laimbeer. “He will provide our team with another talented attacking option as well as someone who can step into a starting role.” Burnett began his professional career in 2008 with the Sacramento Monarchs of the NAL and re-joined the Monarchs as a free agent in 2011. He was named to the Pro-League All-League Second Team and led the league in total points scored (2.5). Burnett was named the D-League's Most Valuable Player for the 2011-12 season and 520fdb1ae7
