Clinton & Anne-Chloé's News

April - May 2024

Dear Friends,

Anne-Chloé and I are on Crete, the home of one of the first human civilizations on Earth. Starting some 5000 years ago, the Minoans, built huge palaces, wrote in three languages that are still not deciphered, and created a culture that archeologists cannot determine was peaceful or merely successful for about 4000 years.

‘Civilization’ is such a strange measure for defining human life. The so-called ‘fertile crescent’ is recognized as the ‘cradle of civilization’ because humans there were the first to practice intensive year-round agriculture, to create the first coherent writing systems, to invent the potter's wheel and then the vehicular wheel, to study the stars and the sciences of astronomy and mathematics, to build cities, centralized governments, law codes, and empires, as well as displaying social stratification, slavery, and organized warfare.

What we know now that we did not know before, is that, if you implement a [hierarchical](#) power structure, your government or corporation (or any gameworld) will be hijacked by [psychopathic personalities](#) who immediately banish Authentic Adulthood Initiatory Processes and implement their ‘psychopathic agenda’: social stratification, slavery (being a soldier or an employee, being forced to pay rent), and engaging in organized warfare.

But this is *not* ‘human’ history! This is *psychopath history*. What, then, is human culture if it is not matriarchal or patriarchal hierarchies?

I claim that humans are just now maturing enough awareness to ask that question: What is initiated adult human culture? I claim that we could not discover this before now because we had no initiated adults. We did not have the [Matrix](#) to see the new options from which to choose. We did not have [Torus Technology](#) with its tools and processes.

And further, I claim that any experiments you do to implement [Radical Relating](#), or [Archan Relating](#), or to [Upgrade your Thoughtware](#), or to engage [Authentic Adulthood Initiatory Processes](#), or to create and inhabit a [Rage Club](#), or [Fear Club](#), or [Possibility Team](#), or [Bridge-House](#), or [Expand The Box training](#)... open new territory that humans did not have access to before now. Your efforts – whether you judge them ‘successful’ or not – help other people more easily explore and invent the next culture – [Archiarchy](#). Inventing and inhabiting Archiarchy is Teamwork at the highest level of [Fun](#).

You are an [Experimenter](#)... or you would not be reading this newsletter from us. Here is an Experiment for you to try.

As you sit up and take your first conscious breath in the morning, before you get out of bed, clap your hands together and [Cavitate](#) new space to step into for your day. Say something like: *“I Cavitate new Space in which Archiarchy thrives!”* Then slide your hands into that space to open a [Doorway](#) through which you can enter, and stand up in your new space.

The Experiment is to measure how long you can stay there. Try to persist. Having such a space to live in is worth struggling for! No one can do it for you. No one can stop you from doing this.

If you make it three minutes before you get [Hooked](#) into a [Low Drama](#), or before you listen to a [Critical Parent Voice](#) that blames you or criticizes you and do not [Shoot](#) it, or before your [Gremlin](#) starts complaining, or you give your [Center](#) away to a [system](#) or an ‘authority figure’ and you become [Adaptive](#) rather than [Saying What You Want](#) and making [Nonlinear](#) [Winning-Happening](#) [Possibility Proposals](#)... three minutes is astonishing! Three minutes is long enough to breathe life into a new Space of Archiarchy!

You might not [Notice](#) that your Archan Bubble of Space disappeared until you make your first conscious breath the next morning... but you noticed! As soon as you Notice you have been sucked back into using Standard Human Intelligence Thoughtware ([S.H.I.T.](#)), you Cavitate a fresh new Archan [Space](#) for yourself again, and step into it!

That is the Experiment. That is how to make a [Life Of Practice](#) for yourself. That is how to find Archiarchy on Earth now. *You make it!* And you make it again. And you keep making it until you meet someone else who is also making Archan Spaces, and then you can join each other and make Archiarchy together.

Archiarchy already exists on Earth now, in thousands of tiny, spread-out little Experiment bubbles. We are so glad you can have as much Fun as we are having while creating something so valuable. We look forward to being together with you again, soon, in an Archan Space.

Love, Clinton and Anne-Chloé and the General Memetics Team
