

Covid Guidelines

The health & wellbeing of our guests and employees is our top priority. All CWFF events will be following and practicing CDC & City of Huntsville COVID-19 mandates to ensure the safety of our staff & guests.

Each event has a limited capacity following City Guidelines that allows attendees to social distance. Masks are highly recommended for all guests, vendors, staff, and volunteers. Hand sanitizer stations will be provided at entrances, inside portable restrooms, and other locations to encourage frequent use.

All employees, volunteers and vendors will complete a health check before starting their shift and will go home immediately if they experience any symptoms.

We ask that any guests who feel unwell or have recently been in close contact with a person with COVID-19 to stay home.

We are all in this together. Like cities and communities across state, country, and the world, the COVID-19 virus has forced us to readjust our routines to a new normal. But Huntsville is resilient. We'll get through this. We're not as powerless as we might think. As individuals and as a community, we can make smart choices that will alter the course of this virus, keep our most vulnerable safe, and give our health care partners time to combat the illness. Personal responsibility is everyone's responsibility. Please get the vaccine and help us protect each other. When in public, remember to separate, sanitize often, and wear a face cover when you can't be assured everyone around you is vaccinated. – Mayor Tommy Battle
