Theme: "Backyard and Beyond"

We are exploring the wonders of nature in this fun filled camp. Children will explore the outdoor environment in our playground, garden, and surrounding natural ecosystem. Expects kids to get dirty as they dig, collect natural materials, and discover the flora and fauna surrounding our school.

Each session will focus on a specific nature theme through games, crafts, stories, and fun science experiments. The groups are kept small to provide the best learning experience and safety with Covid-19 restrictions. Let us know right away if you want a spot at camp because we have limited cohort space. Camp registration will close when all spots are filled.
