Class 10 is one of the most challenging years in a student's life because students will appear on their first exam board. The CBSE program for the 10th science class for the 2020-2021 school year is structured in accordance with the guidelines set out by the Council. Students must go through the Class 10 Science Program to know the topics and sub-topics in scientific subjects. The curriculum also includes a unit of wise labeling schemes, practical, assignments and projects. The curriculum is organized by semester-wise, which helps students plan their training schedule accordingly. CBSE has reduced the curriculum by 30% for this school year 2020-21. Students in the 10th grade of CBSE can access the latest Science Class 10 curriculum for the 2020-2021 school year by clicking on the pdf link below. Download the Revised CBSE Class 10 Science Study 2020-2021 PDF In the PDF curriculum, students will find titles of units, chapters under each unit and recharging in each chapter. In addition, they will also receive a detailed practical program of the 10th grade of science. Unit wise CBSE Class 10 Science Sillabus Marking Scheme How students can see in the table below that the scientific program is divided into 5 units with Unit 1 holding a higher weight of 25 marks among all. Unit Number Group Signs I Chemicals-Nature and Behavior 26 II World Life 23 III Natural Phenomena 12 IV Effects Current 14 V Natural Resources 05 Total 80 Internal Score 20 Grand Total 100 Students can also check the curriculum for all Class 10 subjects by clicking on THE CBSE Syllabus for a class 10 page. Download the CBSE Grade 10 Remote Part Science Sillabus PDF 2020-21 Students can also find a remote portion of the CBSE Grade 10 Science Program 2020-21 From below: Remote Part (Theory) - Under Unit I: Chemicals - Nature and Behavior of Metals and Non-Metallic: Major Metallurgical Processes; Corrosion and its prevention of carbon and its compounds: a range of carbon compounds containing functional groups (halogens, alcohol, ketones, aldehydes, alkanes and alkenes), the difference between saturated hydrocarbons and unsaturated hydrocarbons. Chemical properties of carbon compounds (burning, oxidation, adding and replacing the reaction). Ethanol and ethanol (properties only and uses), soap and detergents. Group II: The World of Life Control and Coordination in Animals and Plants: Tropical Plant Movements; Introduction of plant hormones; Control and coordination in animals: nervous system; Voluntary, involuntary and reflexive action; Chemical coordination: animal hormones. Gerethyness and Evolution: Basic Concepts of Evolution. According to Block III: Natural phenomena of the human eye and the colorful world: the functioning of the lens in the human eye, visual defects and their correction, the use of spherical mirrors Lenses. According to Block IV: Consequences of Consequences Magnetic Effects of Electric Current: Electric Generator, Direct Current. Variable current: AC frequency. The advantage of AC over DC. Internal electrical circuits. - according to Block V: Natural Energy Sources: Different Forms of Energy, Traditional and Unconventional Energy Sources: Fossil Fuels, Solar Energy; Biogas; Wind, water and tidal energy; Nuclear energy, Renewable and non-renewable sources of energy, Remote practicality 1. Finding pH from the following samples using pH paper/universal indicator: Dilute hydrochloric acid Dilute NaOH Solution Dilute Ethanol Solution Lemon Juice Water Dilute Carbonate Solution 2. Identify the equivalent resistance of two resistors when connected to a row and in parallel. 3. Prepare a temporary fastening of the peel leaves to show the stomat. 4. Study of the following properties of acetic acid (ethanol): odor soluble in the water effect with a litmus reaction with sodium hydrogen carbonate 5. Study the comparative cleaning of a sample of soap in soft and hard water. 6. Finding the distance of the image for different distances of the object in the case of a pumped lens and drawing the appropriate beam diagrams to show the nature of the image being formed. 7. Determining the different parts of the embryo of wild seeds (peas, grams or red beans). - The topics of internal assessment of natural resources management: conservation and reasonable use of natural resources have been removed. Forest and wild life; Coal and oil conservation. Examples of people's participation in the conservation of natural resources. Large dams: advantages and limitations; alternatives, if any. Cleaning the water. Sustainable natural resource development. CBSE Practical Curriculum for Class 10 Science As an Internal Assessment consists of 20 marks so students should not ignore the importance of hands-on classes. Along with the theory they should also focus on the practical. This will not only help them to score high marks, but also to understand the concepts of theory through practical and experimentation. So here we have provided the CBSE Class 10 Science Practical Program. Go through this and experiment the list. Students can also download THE SECOND on the CBSE Class 10 Science Lab. It presents the idea of new scientific projects, a list of experiments and activities. List of Class 10 scientific experiments. Study the properties of acids and bases (HCl and NaOH) based on their reaction with: Lakmus solution (blue/red) zinc metal Solid sodium carbonate 2. Performing and observing the following reactions and classifying them in: A. Combined reaction B. Decomposition reaction C. Motion reaction D. Double movement reaction (i) Water effect on quicklime (i) Heat action on ferrosulfate crystals (iii) iron nails stored in copper sulfate (iv) Reaction between sodium and barium chloride 3. Follow the action Fe, Cu and Al metals on the following salt solutions: ZnSO4 (aq) FeSO4 (aq) CuSO4 (aq) Al2 (SO4)3 (aq) Organization ing, Fe, Cu and Al (metals) in order to reduce reactivity based on the above result. 4. Study the dependence of potential difference (V) through the resistor from the current (I) passing through it and determine its resistance. Also charting between V and I. 5. Experimentally show that the carbon dioxide you emit while breathing. 6. Determining the focal length: The concave mirror is a convex lens by obtaining an image of a distant object. 7. Tracking the trajectory of a beam of light passing through a rectangular glass slab for different angles of morbidity. Measure the angle of morbidity, the angle of refraction, the angle of origin and interpret the result. 8. Study (a) binary fission in Ameba and (b) a budding yeast and hydra using prepared slides. 9. Tracking the path of light rays through a glass prism. By now, students must have been introduced to the science program. To get detailed maths Sillabus visit CBSE Sillabus for a grade 10 Mathematics link. Explore math and science in an interactive and fun-loving way with BYJU'S App/Tablet. CBSE has announced Class 10 Sillabus for the 2020 school year. Here's a complete class 10 curriculum for all subjects such as maths, science, English, social sciences, and all other basic subjects with a PDF file. The curriculum for the 10th grade is officially provided by the academic CBSE, i.e. cbseacademic.nic.in. Students can view the CBSE curriculum-wise topic as well, you can download the CBSE Grade 10 curriculum in the PDF file. The curriculum is also known as the CBSE curriculum. The curriculum includes lessons and academic content that will be taught to students at the school. CBSE Syllabus also have the latest CBSE Class 10 plan for all subjects. The CBSE program for 10th grade also includes general training instructions, training courses, subject content, projects, and assessment recommendations. The curriculum provided by CBSE is based on the 2005 National Curriculum. The aim of the curriculum and curriculum is to provide students with learning experience. CBSE Syllabus for Class 10 - All PDF subjects (2020 Academic Year) CBSE Grade 10 Curriculum 2020 is classified into two areas, first, Scholastic areas, and second, co-scholastic areas. The main items of the 10th grade get to the Scholastic regions. And additional Class 10 subjects end up in co-educational areas. The list is below for the Class 10 Theme 2020 at a glance. Scholastic Field: Languages Mathematics Science Social Sciences Other Academic Selective Subjects Skills Co-scholastic Health and Physical Experience art education now, let's describe the CBSE curriculum for the class 10 subject wise. Curriculum and curriculum for these subjects on the list. Class 10 Curriculum in Mathematics, Science, Social Sciences, English, Hindi, etc. CBSE distributes the curriculum for 10th grade through the Council's annual exam and development and student cognitive learning. CBSE Syllabus for Class 10 Mathematics (2020) CBSE has developed a Class 10 Math Curriculum to achieve goals. The purposes of teaching mathematics, such as mathematical knowledge, the development of algebra skills, drawing skills, problem skills, ability to think, analyze, logical development, etc. The table is below, describing units and signs. CBSE Class 10 Mathematics Syllabus 2020 Unit Title Unit Signs I Number Systems 06 II Algebra 20 III Coordination Geometry 06 IV Geometry 15 v Trigonometry 12 VI Menstruation 10 VII Stats - Probability 11 In CBSE Class 10, Mathematics Each Unit has a number of chapters. And there are a total of 15 chapters in mathematics. Here is a table for a group of wise distribution of math chapters, including the number of periods. CBSE Class 10 Sillabus for Mathematics (2020) - Group and Head Wise Chapter Title Head Periods Systems Real Number 15 Algebra Polynomial 7 Par Linear Equations in Two Variable 15 Square Equations 15 arithmetic progressions 8 Coordinating Geometry Lines 14 Geometry Triangles 15 Circles 8 Designs 8 Trigonometry Introduction to trigonometry 10 Trigonometry identity 15 heights and distances 8 mensurations of areas Related circles of 15 surface areas and volumes 12 Stats and Probability Stats 18 Probability 10 Prescribed Books for CBSE Grade 10 Mathematics Following Books and Training Materials prescribed by CBSE for Grade 10 Mathematics. NCERT Publishing - Mathematics Textbook for Class 10 NCERT Publishing - Mathematics Sample Challenges for Class 10 CBSE Publishing - Mathematics Lab in Schools Download PDF from CBSE Grade 10 Mathematics Sillabus PDF Here's a brief and complete CBSE 10th Math Curriculum in the PDF file. You can browse online or you can download the 10th Maths PDF program file from here: In this PDF maths curriculum file, there is a complete detail of the math units and chapters along with the number of periods. The chapters are described as a wise topic. Along with the 10th Math Curriculum, there's a math question paper design for the CBSE Academic Session 2020. This paper design will assist students in preparing their exam. CBSE Syllabus for Class 10 Sciences (2020) The Annual Examination of the Board of Class 10 Science is based on the entire curriculum published by CBSE. The annual 10th grade exam will have 80 marks (theory) and 20 marks for practical and internal evaluation. Theory and practical with internal evaluation is discussed in the CBSE Class 10 Science Program. Course structure of the 10th includes theory and Units and signs wise distribution are shown in the table below. Review Class 10 Science Syllabus 2020 Unit Name Unit Marks I Chemicals (Nature and Behavior) 25 II World of Life 23 III Natural Phenomena 12 IV Consequences current 12 v Natural Resources 07 Distribution marks for Class 10 Science: Total Marks for Science Theory 80 Science Internal Assessment 20 Marks Grand Total 100 Science 100 Science Curriculum 10 Has 5, 5 Units, and each unit has a different number of chapters. And there are a total of 14 chapters in the science theme. The distribution of the group and chapter along with the number of periods is shown below in the table. CBSE Syllabus for Class 10 Sciences (2020) Title Chapter Title Chapter Chemicals - Nature and Behavior Chemical Reactions 55 Acids, Bases, and Salt Metals and Non-Metallic Carbon Compounds Periodic Classification of Elements World of Living Life Processes 50 Control and Coordination in Animals and Plants Reproduction Heredity and Evolution of Natural Phenomena Natural Phenomena 23 Effects of current 32 Magnetic Effects of Current Natural Energy Resources 20 Our Environment Management of Natural Resources Syllabus's Internal Assessment for Class 10 Science Periodic Assessment (10 marks) 5 marks) Portfolio (5 marks) Prescribed books for CBSE Class 10 Science Prescribed Books for Class 10 Science CBSE according to the curriculum and curriculum given below. Tutorial for Class 10th Science - NCERT Publishing Lab Guide for 10th Science - NCERT Publishing Model Problems for Science Class 10 - NCERT Publication Download PDF CBSE Class 10 Science Sillabus PDF CBSE Class 10 Science Program is also available in the PDF file. Download the PDF file of the 10th Science Curriculum, and this science program is also available on the official CBSE Academic website. In this 10th grade science PDF curriculum, the curriculum is described in depth and summarized by units, chapters and themes wise along with signs and distribution periods. In addition, there is a paper design/plan issue for the 10th grade science for this academic session of 2020. CBSE Syllabus for Class 10 Social Sciences (SST) (2020) Class 10 Social Sciences course structure includes history, geography, political science and economics. And some topics of sociology and commerce are also included in the curriculum. Social science is entirely based on the theory of the subject and is divided into four main units. Social Sciences a.k.a. SST (Social Technology Sciences). CBSE Class 10 Social Science Curriculum, CBSE Development. The main purpose of the social sciences program is to understand India geographically, economically. Understanding and understanding the history of India before and after freedom. Political awareness. The Indian economy, development and issues. Maximum scores for the 10th grade of social sciences, including and the internal score is 100. 80 marks for the council's annual exam and 20 marks for internal evaluation. The structure of the Class 10 course is the Department of Social Sciences, periods, and the wise signs below in the table. CBSE Class 10 Social Sciences (SST) Sillabus (2020) Title Unit Number of Periods Marks India and the Modern World - II 60 20 Modern India - II 55 20 Democratic Policy - II 50 20 Understanding Economic Development 50 20 Total 215 80 There are 4 units in a total of 24 chapters in the 10th SST. Syllabus content of CBSE Class 10 social science is described briefly by unit and chapter wise along with the number of periods in the table below. Class 10 SST Group 1: India and the Modern World - II Section Chapter Events and Processes Rise of Nationalism in Europe Nationalism in India's Life, Economy and Society (any of the following) Creating a global world era of industrialization of everyday life, culture and politics printing culture and modern world-class 10th SST Group 2: Modern India-II Chapter 1. Resources and Development 2. Forest and Wildlife 3. Water Resources 4. Agriculture 5. Minerals and Energy Resources 6. Manufacturing 7. Lifeline National Economy Important Note: Head of Water Resources and Forest and Wildlife are only for training and internal assessments and tests. These chapters are not intended for the Council exam. Class 10th SST Group 3: Democratic Politics II Chapter 1. Power separation 2. Federalism 3. Democracy and diversity 4. Gender, religion and caste 5. Popular Fight and Movement 6. Political parties 7. The outcome of the democratic challenges of democracy Note: Heads of Democracy and Diversity, People's Struggle and Movement, and Challenges of Democracy only for learning and internal tests. These chapters will not be included in the board exam. Class 10th SST Unit 4: Modern India- II Chapter 1. Development 2. Sectors of the Indian economy 3. Money and credit 4. Globalization and the Indian Economy 5. Note on Consumer Rights: The Consumer Rights Chapter is for design work. The internal assessment of the 10th class of social sciences includes session tests, portfolio and project work. The Class 10 SST curriculum is summarized in the PDF here. Books recommended by CBSE for Class 10 Social Sciences students are encouraged to follow the latest edition (2020) of NCERT textbooks. Here are 5 books for the Class 10 SST recommended by CBSE. NCERT - India and the Modern World -II (history textbook) NCERT - Modern India - II (geography textbook) NCERT - Democratic Politics - II (Political Science Textbook) NCERT - Understanding economic development CBSE - Together to a safer India - Part III (disaster management textbook) Download PDF CBSE Syllabus for Class 10 Social The 10th Class SST PDF (Social Sciences) includes a brief program of all SST subject units, design details, map items list, and internal evaluation. Download the SST PDF program here below. The social science curriculum presented in this PDF has one important feature, which is for learning purposes. Each chapter of the SST has its own learning goals. As students read the curriculum, they will know how and why social sciences are important. CBSE Syllabus for Class 10 English (2020) CBSE Grade 10 English subject is known as English Language and Literature and Code No. 184. There are a total of three sections and the total weight of the English language is 80 marks. In class 10 is an English curriculum, three sections that read, write and literature. The council's annual exam will be 80 marks (3 hours) and an internal score of 20 marks, which amounts to a total of 100 marks for the English language board exam. The internal assessment covers 50 periods, and the program includes listening skills as well as the student's speaking skills. Section Wise Distribution Marks For Class 10 English (Language and Literature) 2020 CBSE Sillabus for Class 10 English (2020) Section Title Total Marks Reading Skills 20 B Skills Letters with Grammar 30 C Literature Textbooks and Additional Text Reading 30 Total 80 English Section: Reading reading section, the number of periods is 50 and consists of 20 marks. There will be two invisible passages in this section. First, there is the actual passage (300-350 words) with 8 MC, and the second will be a discursive passage (350-400 words) with 4 short answer type questions and 4 MC's. English section B: Writing and Grammar Writing and Grammar section consists of 30 characters and a total of 60 periods. Writing the curriculum of this section includes an article/letter/request/posting order with a limitation (100-150 words) and a short written story based on headline data (150-200 words). The grammatical program of this section includes times, modalities, active/passive voice, subject-verb consent, reporting, provisions defining and prepositioning. These topics will be asked on the board exam with different types of questions, such as filling in blanks, editing or omission, reordering proposals, etc. Section C: Literature Textbooks and additional reading text Of this section is based on textbooks recommended by CBSE. In this section there are three types of questions that are mc', short type of answer questions, and long question type answers. This section consists of a total of 30 marks for a total of 60 periods. A brief explanation of the 10th English CURRICULUM of the CBSE class is available in the PDF file below. Download the PDF CBSE Syllabus for Class 10 English Curriculum PDF CBSE Class 10 includes an in-depth program of all three sections of the English subject with guidelines. This English PDF PDF program and released by the academic website CBSE. In this Grade 10 English PDF program, CBSE also included a plan/paper design questions for the upcoming exam board of 2020 and guidelines for the internal evaluation of Class 10 English textbooks recommended by CBSE NCERT - First Flight (textbook) NCERT - Traces without legs (Additional Reader tutorial) CBSE do not prescribe textbooks for reading and writing section. However, students are encouraged to prepare for these sections on their own and have concerns with the subject teacher for a textbook suggestion. CBSE Syllabus for Class 10 Hindi (2020) CBSE distributes two courses for a class 10 Hindi theme, which are: Hindi Course A (Code 002) Hindi B Course (Code 085) CBSE Class 10th Hindi Sillabus Hindi Course A includes two textbooks Khtisj Part -2 (शिलिज भाग -2) and Criticism Part - 2 (कृतिका भाग -2). Hindi curriculum is divided into four sections that read, grammar, literature (textbooks), and writing. Here is a table for the wise distribution of stamps. Class 10 Hindi Course Sillabus Section Total Marks Reading 15 Grammar 15 Literature 30 Writing 20 Grand Total 80 CBSE Class 10th Grade Hindi B Syllabus Class 10 Hindi Course B also have 4 sections just like the Hindi course, but there is little difference in the distribution of stamps. Hindi B also has two tutorials that are Sparsh Part - 2 (स्पर्श भाग 2) and Sanchayan Part - 2 (संचयन भाग 2). The wise distribution section for the Hindi B curriculum is listed in the table below. Grade 10th Grade Hindi B Sillabus Section Total Marks Reading 15 Grammar 15 Literature 25 Writing 25 Grand Total 80 Download PDF CBSE Sillabus for Class 10 Hindi (Course A and B) Here are two PDF files for each grade course of 10th Hindi Sillabus. The Hindi PDF program is a complete curriculum with an explanation for both teachers and students. This Hindi PDF file program issued by CBSE Academic Itself and the curriculum includes curriculum and guidelines for the annual exam board. Conclusion on the CBSE Grade 10 Sillabus PDF CBSE Class 10 Curriculum for 2020, which is given in this article originally released by CBSE. The CBSE program is also available on the official CBSE Academic website i.e. cbseacademic.nic.in. If you have any doubts about this article or related to the Class 10 curriculum, then you can ask in the comments section below.
