Factors that have influenced these rankings include building design, construction, exterior space and amenities. This place is the most unprofessional place. I wish I had listened to some other reviews. The leasing staff are rude and very incompetent. They have a new real estate manager, Natasha, who does not have basic customer service skills. She acts like she doesn't know anything because she's new. She's been at the hotel for a little over 3 months. I understand that they are moving the staff around to make improvements, but I don't see it happening anywhere. Also, the cleanliness of buildings is disgusting. 7051 smells very bad at the entrance, like a wet dog and garbage, even on the most beautiful garbage. I suggested maybe put some plugin, but it's not going to happen, that's what I was told. The 7053 smells a little better to see as if this is where the leasing office is. But I really can't wait to move on from here. It was honestly better with other incompetent staff. There are no reviews for this hotel. Be the first to add feedback about this property. No one knows what they were doing and the management didn't care about basic human decency, they moved me to an apartment with mold and air conditioning that kept breaking every week! Then want to charge me hundreds to leave this place that unlivABLE with my newborn baby at the time! This place is a scam for the amount of rent they charge! I live here in Metro Village going on for 3 years. In the beginning I was not satisfied. The manager and support staff at the time were terrible and the community suffered because of this. Then the apartments were priced a lot less than what they are renting now, but I like the area, so that's why I sucked it for as long as I have. I can, however, say that this community is much better than it was even a year or two ago. They've been through a few managers in the last year or so, but the current manager and maintenance guy (Eugene) really cleaned up well here. The landscape looks great and given its one guy service for 100 apartments, for the most part my maintenance problems are taken care of pretty quickly. Im here because my rent is going up and unfortunately my rent is going up a bit, so I'd like to see their current prices and notice what the community and staff are being called, but this community is really nice now and its definitely worth looking for if your looking for a place to rent. Its quiet, its clean and in my opinion its not as bad as some of these reviews make it to be. Having problems in your apartment, these guys should feel the urgency. The service guy doesn't know how to fix everything he's just trying and making mistakes. This short guy in the office can never be trusted. Be the products of the Apartment appliances are so cheap and old that they are dented. theirs is not a business center. The breakfast concierge area in the office is a coffee maker and cheap candy. There was a shooting on the other side of the complex about 2 weeks ago (Orange County Sheriff's Department). Look at the ceilings, check the stability of the stairs in the townhouse. There is no laundry or fitness room. The area was covered with yellow warning tape 3 weeks after it was delivered. Metro Village is a good place to live. It's right around FL 408 and you have access to many eateries and shopping malls. Everything is pretty much a 3-5 minute drive away. The maintenance crew is very reliable and the new office staff ensures that your account stays in the right place! I like Metro Village! I moved into this complex because the house I was renting was sold. It was very important that my daughter stay within the same school district. When I moved into the apartment (we had four) told me they were in the process of upgrading the upgrade Complex. The apartment was dirty when I moved in and when the service turned up (4 days later) he tried to tell me that the stained dirt and cupboards wasn't a big deal. I showed him the dead larvae that were painted in my closets. He went to the tool shed to cut some boards, painted them roughly shoved them were the previous shelves were. I stopped asking for repairs because they are rarely completed. This complex does not have a laundry mat or fitness center not to walk in closets. The site that was introduced about 2 months ago lasted only 2 weeks and now has a yellow ribbon around it because it is falling apart. As a single disabled parent I tried to hang on because moving is so expensive... but they raised my rent by \$100.00. I won't pay \$900.00 a month for this train wreck. I'm already Apartment.com looking for my new apartment. There are no reviews for this hotel. Be the first to add feedback about this property. Private Elementary, Secondary and High Schools Sts.
