

COVID-19 VACCINE

Community Ambassadors Needed!

Become a Community Vaccine Ambassador.

Join our team to help your community and bring hope to those around you during the COVID pandemic. Atrium Health is looking for energetic and passionate people to become Community Vaccine Ambassadors. Ambassador volunteers will engage virtually with their community networks of family, friends, coworkers and organizations. They will inform their networks about the vaccine and encourage community members to get vaccinated.

We are looking for people who will:

- **Be passionate** about getting the vaccine, and encourage others to get vaccinated.
- **Learn more** about the vaccine and **share** info virtually with others.
- **Give helpful feedback** to Atrium Health to make our process and information better.
- **Attend** an online education session and **dedicate** an average of 1 to 3 hours each week to serving as an ambassador.

4

reasons to become a

Community
Vaccine
Ambassador

1. Help families be with each other again
2. Get people back to work sooner
3. Support schools in reopening and staying open
4. Build trust in the COVID-19 vaccine with our community members

Think you'd be a great ambassador volunteer?

Email CommunityBenefit@AtriumHealth.org and include "Community Vaccine Ambassador Program" in the subject line. *We are happy to answer questions.*
