About Us

www.lsnwj.org

Legal Services of Northwest Jersey (LSNWJ) is the leading provider of free comprehensive civil legal assistance in Hunterdon, Morris, Somerset, Sussex and Warren counties. LSNWJ was formed in 2003 from the merger of four legal services providers, each of which had provided legal services to people with low-income for three decades or more.

Our Mission: To enable equal access to justice to people who cannot afford an attorney, ensuring that all individuals have the legal support they need to protect their essential needs and achieve self-sufficiency.
