Bio: Voodoo13 is a blue collar, hard rock band from MS with ties to the blues, rock n roll, metal, and yes, even voodoo. The band formed in 1997 as Unglued. During that time the band saw a few good drummers come and go, but core members, Curt, Brad, and Chris, have always dredged through the difficult years.

Voodoo13 has over 60,000 streams on Spotify and Apple Music combined with the video release of "Twisted Love" has had over 18,000 views and continues to grow in popularity. With plans to return to the studio this year, Voodoo13 is gearing up to make 2022 an even bigger year with new songs and show dates. They are currently looking for management and booking agents to complete their team. Please contact Chris Blevins if interested at v13official@gmail.com.

Influences: Junkyard, LA Guns, Led Zeppelin, Aerosmith, Motorhead, Thin Lizzy, Guns N Roses, Skynard, and even some newer bands like: HELLYEAH, Blacktop Mojo, Tantric, and Dirty Honey, Them Dirty Roses....

"Voodoo13 is a Hard Rock blue collar band with the dirt and grit under its nails to take them and their team to the top". (Blevins)
