It made viewers all over the world and got a huge income from Google Play. So far BEYBLADE BURST has earned 10 million downloads for itself and continues to grow. Content in the game, of course, is regularly updated. In addition, the game is attractive to many players because it supports an extensive online multiplayer network. When you entered the game, there was a chance to fight against opponents in more than 90 countries around the world with leaders, personalized profiles, enhanced digital top selection and the ability to earn achievements. In general, the game is focused on the antagonistic experience, so the competition is very high, if you are a Beyblade fan, you should not ignore it. It's very special because it's a fantasy game, so it's not too mandatory. But it still has its operating mechanisms. You will control the Beyblade and have to make it rotate on your axis, creating momentum for it with a special device. Later, the Beyblades will rush into each other and rub against each other until they knock the enemy out of the ring. With such simple competition rules, it is influenced by many controls. Players can use their rewards to unlock many dominant types to be able to fight many players around the world. Also, if you win challenging matches, you'll unlock virtual parts to increase the power of your Beyblades.The attraction of BEYBLADE BURST is that you can invite your friends to form a league and fight with many other teams. Players do not have to compete alone and small solo matches, everything will be ready to create a long tournament. You will take part in competitions and play until you reach the championship after many heated confrontations. In addition, you can also choose SEASON to play depending on the length you want. A season lasting 1 day, one week or 1 month is available in the game for you to choose and experience. BEYBLADE BURST offers two modes to update your position in the game rankings. COMPETE ONLINE WITH DIGITAL BATTLES mode means that you will fight against people online, COMPETE FACE-TO-FACE WITH TOY BATTLES is a real battle and then the player will update the account on this app. In general, any rules of the game are the same.
