## Senior Developer

Our client, Fidelis Insurance Holdings Ltd., is a global provider of specialty insurance and reinsurance through its Bermuda, London and Dublin entities. Fidelis is rated A (Excellent) by A.M. Best Company, Inc. and A- by Standard & Poors.

Reporting to the Programme Manager, the Senior Developer will be responsible for providing system and database support for Fidelis' business users. The successful candidate will work directly with the claims and outwards business units to understand their business processes. By combining this process with an understanding of systems development, the successful candidate will create innovative solutions that enhance the business.

### Duties & Responsibilities:

- Designing and developing bespoke tools and reports in support of Fidelis' business processes
- Liaising with business users across all business units to thoroughly understand user requirements
- Demonstrating a continual focus on long term effectiveness, simplicity of solutions, and appropriate controls
- Investigating, evaluating and making recommendations for improvements to current and new software
- Effective documentation of relevant tools and reports in order to mitigate business risks
- Work with the IT team to ensure the technology environments are properly supported, fit for purpose, and kept up to date

### Minimum Qualifications, Skills & Experience

- Bachelor's Degree in Mathematics, Computer Science, or a related field
- 5 years of programming experience, including minimum 1 year experience with desktop Microsoft .Net technologies. Experience with WPF would be preferred
- 5 years' SQL Server Database Development experience; Experience with large datasets and data warehouse experience is a plus
- 3 years' experience in the financial services industry; Insurance/Reinsurance experience preferred
- Extensive experience with Microsoft Stack, including C#
- Demonstrated expertise of Microsoft SSRS; expertise in Microsoft PowerBI a plus
- Strong customer service mentality and the ability to develop and maintain relationships with stakeholders at all levels
- Excellent communication skills, including the ability to successfully translate between Business terms and technical language
- Ability to work in a fast paced, agile development environment

To apply please send your résumé to [bdajobs@expertisegroup.com](mailto:bdajobs@expertisegroup.com). All applications are handled in a confidential manner and in accordance with Expertise's Privacy Policy, available on our website.

**Closing date: December 1, 2021**
