Fallout new vegas prima guide pdf

Want more? Advanced embedding details, examples and help! Regular edition (left) and collector's edition (right) of the official game guide. David S.J. Hodgson (lead author) 432464 (Collector's Edition) Fallout: New Vegas Prima Official Game Guide - Prima Games publishing. It contains strategies, maps, and step-by-step tools that the player may find useful while playing Fallout: New Vegas, as well as some additional background information about the setup and characters. The main author of the content-show is David S.J. Hodgson, who is also the author of the official guide to fallout 3. The hardcover collector's edition includes another 32 pages, which include concept art and background information from the developers of Obsidian Entertainment. Additional sections of the Edit DiscrepanciesEdit WeaponsEdit Guide says that a unique hunting shotgun, Dinner Bell is located at an old nuclear test site. It's actually given as a reward to Red Lucy in the turn, after completing the quest Bleed Me Dry. Action Point's description states that shooting a gun costs 10 AP, switching between standing and squats costs 10 AP, shooting a rifle takes 25 AP, and shooting Big Gun takes 75 AP. The section is an excerpt from the Fallout 3 Official Game Guide for the AP, which was also incorrect. Marks the Fat Man as a unique weapon that can be found in the career of Junction and on diggers when it can actually be bought and found in several other places, both on gun runners and at Nellis Air Force Base. When listing ways to gain the trust of the Arcade to search for Auld Lang Syne, the guide lists the REPCONN test site instead of repconn headquarters as one of the places to visit. During the My Kind of Town quest, management states that you need barter skill 50 to convince Major Knight to appoint an additional Primm squad, but a barter skill of 20 is required. As a result, the description says that the last independent quest in the remnants section of the Enclave is called No Gods, No Monsters when it is actually called: No gods, no masters. In the section for I Could Make You Care, he lists the journey to Nipton as one of the triggers needed to start the quest. The guide says that powder gangsters participate in the quest Hard Luck Blues, to which they are not related. In a step-by-step guide to the Come Fly With Me quest, the guide states that using the rocket's navigation terminal to force missiles to crash into each other will give Karma when in fact the Courier loses Karma. The third attempt during You'll Know It When It Happens, a disguised engineer with a knife is not mentioned. Some options for speech dialogue are not considered. For example, the There's Grass section does not mention that using Science you can prevent the deletion of Keele's data. ItemsEdit Guide does not include itself Duck and lids! skill book at Foxtrot Ranger Station. In the Guns and Gear guide section, he lists Papa Khan's helmet, despite the fact that it was cut from the game. It also shows an image of the armor itself on page 21. In addition, the Guns and Gear section's guide lists shady hats and the gladiator's helmet apocalypse when they're not in the game, but the legacy content of Fallout 3. Lists of mini-nuclear weapons as unique items and lists of only 11 can be obtained when there are 14, as well as those purchased by killing Boomer with a fat man who respawns. Not to mention the Great Science Book, which can be obtained to complete that happy old sun in favor of the followers of the Apocalypse. Claims that the destroyed hats of the participants, found at the REPCONN test site, are ordinary party hats. Does not list moonshine, turbocharged, fist dog tag, powder charge, .44 Magnum, SWC (hand load) and 5mm round as crafting items. Under an uncomfortable section, he lists several items, such as spores of plant pods that are not in play. Lists of strange meat pie (imitation) as indigestible when it is expendable. In the Sunshine Boogie section he says to check the Array team interface at the base of the steps, but the terminal is actually called: Array Control Interface. The location marks the El Rey Motel as a factory, not a building. Highway 93 is incorrectly marked as Highway 95 on a large, folding map. The wreckage of the Cassidy Caravans is called Kamish-Import (p. 303), as well as the wreckage of Cassidy Caravans (p. 320). In the Spanish version of the game, the location is also called Reed Imports. In the recording on Sloane, Interstate 15 is referred to as Long 19 and Long 95. In the recording on Primm, Interstate 15 is called Long 95. The manual states that the tumbleweed is the enemy and found at the old nuclear test site. In Ivanpa Dry Lake, Nevada Route 164 is incorrectly labeled as 167. In the recording on Hidden Valley, Interstate 15 is called Long 95. Camp Forlorn Hope does not have a reputation as a marker on the world map, but the management states that it has a marker. OtherEdit On page 485 in the Important Dates section he says that NCR forces destroyed the Great Hov settlement in Red Rock Canyon when it was actually Bitter Springs. Does not list the coyote alpha male and fire ants in the creature section. The first release for the German market does not include a poster card, although advertised otherwise. It states that 25 speech required the use of chemistry installed in the home of Doc Mitchell when it actually required 25 science. Not listing the special meat of the champions' enthralled. Anthony is spelled like Anthony. In the Nipton Town Hall section, terminal review mentions: A man with a legion suggests Stein's bargain goes up. It will be his cancellation, but terminal record explains that he accepted the deal deal reading: I didn't have to think for a minute about Mr. Fox's proposal before accepting it. The guide describes the Mojave Brotherhood's virtual reality pods as non-operational, but in the game they are used by team members for combat simulations. Behind the scenes, some of the character's archetypes have the same name as NPC from other Fallout games, such as Albert Tenpenny/Alistair Tenpenny and Bille DeLoria/Butch DeLoria. See also The Edit and Nipton Terminal Records; Terminal Mayor Stein, Testing ... From The Vault - Fallout Wiki Fallout: New Vegas Prima Official Game Guide is the official guide to Fallout: New Vegas strategy, published by Prima Games and written by David S.J. Hodgson, the same author who wrote the official guide to Fallout 3. It contains detailed information about each quest and quest arc in the game, locations and more. It is noteworthy that the collector's edition of the guide contains another 32 pages, which include concept art and knowledge written by the developers Obsidian Entertainment. The profiles of the factions have been archived here, profile locations here, and behind the bright lights and the big city section here. The usual paperback and digital editions sell for \$24.99, while the hardcover collector's edition costs \$34.99 and is not available digitally. MSRP can vary depending on the seller. The character's archetypes Regardless of the environment, and no matter how much you want to get closer to your adventure, for you have an archetype of the character! the guide has a number of characters of archetypes, bonus prefabricated characters for different styles of play. According to management, they were widely benched to be the very best in their particular role. The first release for the German market does not include a poster card, although advertised otherwise. Action Point's description states that shooting a gun costs 10 A.I., switching between standing and squats costs 10 AP, rifle shooting takes 25 AP, and shooting from Big Gun takes 75 AP. Interestingly, the section is an excerpt from Fallout 3's official game guide against the AP, which was also incorrect. Some options for speech dialogue are not considered. For example, the There's Grass section of the guide doesn't mention that with 70 Science you can prevent the removal of Keele's data. A third attempted murder during You'll Know It When It Happens, a disguised engineer with a knife, is completely missed and ignored. Management says that a unique hunting shotgun, Dinner Bell is located at the Old Nuclear Test site. It's actually given as a red Lucy award at Thorne, after completing the Bleed Me Dry quest. The guide does not include the location of the duck and the lid! skill book at Foxtrot Ranger Station. Guide claims that powder gangsters are involved in the search for Hard Luck when in fact they have nothing to do with the quest. Quest. Step by step for the Come Fly With Me quest, the guide claims that using a navigation terminal rocket to cause missiles to crash into each other will give the Karma player when in fact the player loses his karma. When listing ways to gain the arcade's trust to search for Auld Lang Syne, the guide lists the repCONN test site as one of the places a player must visit to get a reaction from Arcade. However, REPCONN headquarters is a place the player must visit; the player will not receive any reaction from Arcade by visiting the REPCONN test site. In the gear section of the manual, he lists Papa Khan's helmet, despite the fact that he was cut from the game. It also shows an image of the helmet itself on page 21. Also in guns and gear, the guide has a section for a shady hat and a gladiator apocalypse helmet when in fact they are not in the game, but the legacy content of Fallout 3. Notes the fat man as a unique weapon that can be found in the career of Junction and on diggers when it can actually be bought and found in several other places, both on Gun Runners and in Nellis AFB. Lists of mini-nuclear weapons as unique items and lists of only 11 can be obtained when there are 14, as well as those that can be obtained by killing Boomer with a fat man who respawns. Does not mention the great book of science that can be obtained to complete that lacquer the Old Sun in favor of the followers of the Apocalypse. Claims that the destroyed party hats found at the REPKONN test site are ordinary party hats (p.50 - 51) Does not list the alpha male Coyote and fire ants in the creature section. Does not list moonshine, turbocharged, fist dog tag, powder charge, .44 magnum, SWC (hand load) and 5mm round as crafting items. Under the indigestible section, he lists several items such as Spore plant pods and a strange meat pie (imitation) when the first was not in play during the release of the guides and the latter is not placed anywhere in-game. At the end of the description, he says that the last independent quest in the Remains section is called No Gods, No Monsters, when it is actually called, No Gods, No Masters in the Section I Could Make You Care, he lists travel to Nipton as one of the triggers needed to start a quest. On the map you get with it marks the El Rey Motel as a factory, not a building. It states that 25 speech required the use of chemistry installed in the home of Doc Mitchell when it actually required 25 science. The Sunshine Boogie guide states, If you are testing the Array interface at the base of the steps, the array should function with 120 percent efficiency. Although the terminal is actually called: Array Control Interface. In the quest flowchart for The Legend of the Star and a valuable lesson, it lists Fail for The Legend of the Star as happens when a player takes sunlight icon, but it actually happens when the player completes the dialogue with the fetus after handing over the star hats. p.267 lists a quest to fail the trigger for damage to the head of Cook-Cook, driver Nefi and purple in three Bounty cards, when in fact this player will earn only a cheaper cap reward for disfigured heads. 2278 After the abduction and killing of four NCR soldiers, NCR troops attacked the Grand Has settlement in Red Rock Canyon and killed dozens of men, women and children. This event is not reported in the NKR press. In I Forgot to Remember to Forget pass, it states that he and the 1st Survival Recon armor can be purchased by the player simply by taking them away from Boone. This is not the case, as the armor can be added to the player's inventory only with console commands and even then, it will cause graphic errors.
