# VIAGO: TRAVEL SMARTER. SAVE MORE. EARN TOO.

*A Simple Introduction to the Viago Travel Platform*

---

## WHAT IS VIAGO?

### A Global Travel Booking Engine — With a Difference

Viago is a **membership-based global travel booking platform**, similar to Booking.com, Expedia, or Airbnb — but designed to give members **access to deeper discounts, added benefits, and loyalty rewards** that public booking sites don't offer.

Instead of paying retail prices every time you travel, Viago members gain access to **wholesale and member-only travel rates** across:

- Hotels & resorts
- Cruises
- Vacation packages
- Destinations worldwide

---

## Why Viago Stands Out

Here's what makes Viago different from traditional booking platforms:

### Membership-based access

Only members see the deepest discounts.

### Wholesale travel pricing

Members can save **up to 70%** on bookings.

### Global loyalty benefits

Membership comes loaded with lifestyle perks designed for frequent and savvy travelers.

### **Free annual vacation — worldwide**

Full members receive a **7-night/8-day vacation every year, redeemable at global destinations, with the ability to bring up to 8 people.**

This benefit alone sets Viago apart from public booking sites.

Viago is built for people who love travel — and for those who want to travel *smarter*, together.

## **THE OPPORTUNITY SIDE (OPTIONAL, BUT POWERFUL)**

### **Travel + Referrals = A Smarter Model**

In addition to travel savings, Viago allows members to **earn by sharing the platform with others** who also want to travel smarter.

Instead of spending money on ads, points, or loyalty programs that offer nothing in return, Viago rewards members for **simple word-of-mouth referrals**.

You don't need to be a travel agent.

You don't need technical skills.

You simply share access to a platform people already use — travel.

---

## How People Use Viago

Some members join **only for travel savings**.

Others enjoy the **referral income**.

Many do **both**.

You decide how involved you want to be.
