

Verdad Wine Cellars

2024 Grenache Rosé

Reeve's Vineyard

Edna Valley

2024 was a very cool vintage after an average rainfall year. The grapes were harvested on October 8. The yields were very low about 30% below average for Edna Valley Grenache. The fruit quality was exceptional.

The grapes were whole cluster pressed and the must was fermented in neutral barrels. It aged on the lees, without stirring until bottling in February.

This Rosé has effusive aromas of fraises des bois framed by fragrant floral and herbal notes. On the palate the wine is bright with flavors of strawberries, crushed raspberries and hints of herbs and spice.
