## Mount and blade 1 mods

Edit Share This page is a list of mods for the Mount Blade series. Fans of specific mods should take some time to flesh out the entries and keep the version numbers up to date. A few iconic images would be good as well. It's the intention that viewers take some time to develop complete articles about their favorite mods, rather than just being satisfied with links to download. Fashions with names, but links will not be removed from this list. Classic Mount Blade Fashions (edit source editing) The following fashions were designed for the original Mount Blade, and are not compatible with the extension. Some have been ported, however. Players can explore the elven town of Karas Galadhorn in the Third Century Last Days module. Total Conversions (edited by editing source) 1866: a western themed mod set in the year after the American Civil War. Hegemony Solid and Shadow Star Wars Conquest (v0.9.4-releand): Star Wars Universe. Damocles Sword: Control of the kingdom, additional mercenaries and factions, customizable banners among other things. The Last Days of the Third Era (v3.13): The Lord of the Rings transformation (requires mBB v1.011) World War II China Battlefield: Adds guns, grenades, artillery, flamethrowers, etc. Play during the Sino-Japanese War, a multifaceted historical conflict that saw spears and muskets wielded against machine guns and katana. Adds a lot to the fief-building and equipping your army as well. GamePlay Mods (edited editing source) Different editing (edit source) Graphic Texture Improvement (v2.5): Updates textures and graphics. Mount Blade: Warband Fashions Edit Source Following Fashions for Warband. Single Fashion Player Edit Source Playable Area and all playable factions in the clash of mod kings. All the dumb weapons: a mod that changes all the damage of the native weapon into a blunt. Anno Domini 1257: Common Mod Transformation. It is changing the situation in 13th century Europe.
