What is the code for the United Kingdom, Ipswich. Thank you Alsalam I have no guide. Can you send me a code for Brisbane, Australia Is there a place where I find instructions on how to use this online? I had a check but couldn't find that information on Google customer service on 29.09.2009 Just by asking one question, is it ethical to sell any global Islamic personnel like Adhan watch software? How is this obvious useful thing for people living living especially in non-mummified countries. So instead of serving, it's kind of unethical for many Muslims. Thank you you know it's not software right? It is a product that contains physical properties such as plastic and electronics, so there is a cost when it is duplicated (produced). Just to give you a different perspective. Do you think that such items, especially in the west, where there are the most necessary, will be available for free? And if they were available for free, would they be free for everyone? Non-Muslim Muslims? Should people prove they are Muslims before they can be granted one? This economic system, based on money and buying and selling, was imposed on us by Allah (swt). Even the Prophet (pbuh) was a businessman. Can you think of a better calling, i.e. giving Islamic items to Muslims at the best prices so that they can get the best deals on items that help them practice their religion?
