

# Simple Ledger Protocol Timeline - Dec 12, 2019

**James Cramer** creates the first Simple Ledger Protocol

- April 28th, 2018 - [Non-reusable SLP is proposed](#)
- June 2018, OP\_GROUP proposal for miner validated tokens is rejected
- July 2018, **Jonald Fyookball** decides to work on a OP\_RETURN based tokens protocol

July 2018 **Mark Lundeberg** joins

- July 18th, 2018 - [Electron Cash wallet forked to support SLP tokens](#)

August 9 2018 **Drew Davis** joins

- August 18th, SLP logo options are designed and selected
- August 21st, 2018 - [v0.3 specification published to GitHub](#)
  - Discuss the concept of consensus rules. How SLP sets itself apart by not requiring changes to full node consensus rules.
  - Discuss the pros/cons of SLP vs miner-validated tokens
- August 22nd, 2018 - [Electron Cash SLP 3.4 released](#).
- August 24th, 2018 - [slpjs npm library created](#)
- Sept 17th, 2018 - Metamask forked to create Badger Wallet (browser extension)
- Sept 21st, 2018 - [Bitcoin Files Protocol specification added](#)
- Oct 17th, 2018 - [Reserved BIP-44 Coin Type](#)
- Oct 24th, 2018 - [BITBOX SDK](#) forked into [slp-sdk](#)

Nov 2018 - **Chris Troutner** joins...

February 2018 - **JT Freeman** joins

- Feb 7th, 2019 - BitDB forked to create [SLPDB](#)
- Feb 2019 - bitserve and bitsocket forked for SLP
- March 2nd, 2019 - [SimpleLedger.info](#) SLP Explorer is released
- March 4th, 2019 - [Badger Wallet \(mobile\)](#) created for Android and iOS
- May 6th, 2019 - [SLP URI Specification published](#)
- May 16th, 2019 - v0.4 specification published (what were the changes?)

**Vin Armani** joins...

- June 11th, 2019 - [BIP70 payment specification added](#)
- July 11th, 2019 - [NFT1 specification added](#)
- Aug 8th, 2019 - [slp-list npm library created](#)
- Sept 23rd, 2019 - [slp-validate](#) npm library created
- Oct 2019 - [Trail of Bits](#) (ToB) performs a security audit of SLP
- Nov 14th, 2019 - [Postage protocol specification added](#)
- Nov 2019 - [C++ validator and graph search implementation](#) created
- Nov 2019 - [high performance fuzzers written](#)
