In today's uncertain world, there will be storms that will test your faith in the loving Heavenly Father. At times, the winds and waves of the deception of the world will roll and seek to undermine your confidence in God. Without a solid foundation in the truth of God's Word, you may be tempted to go off course and accept less than God is best for you. However, when you hear the words of Jesus, receive them, and practice them, you will build a life that the streams cannot shake, because it was well built (6:48). The Purple Book will help you understand the fundamental truths that God wants you to hear on topics such as sin, salvation, spiritual gifts, prayer, worship, generosity, and evangelism. He will show you how the Bible breathed God and is useful for teaching, reproaching, correcting, and teaching righteousness (2 Timothy 3:16). This will help you understand that the faith you hold has the true power to change lives and transform nations. Well, it was great, it really put what I believe in this book he says about God This book will help you get to know God more, deeper into the study of His words. Discipline was developed in me while reading and responding to this book. Excellent basic work book! The Purple Book does a great job focusing on the underlying beliefs, pointing to the scriptures that create those beliefs. This book is great for those who have never read the Bible, or for those who want to read it again. I really enjoyed digging through the Bible to find scriptures that cover topics that are often discussed today. I thoroughly enjoyed what this book is and what it allowed me to do! I hated this book because it was so factual and had nothing to do with the relationship with the Lord through the Holy Spirit. If it was intended as an information book, they achieved it! However, it is used in churches around the world (like the one I visit) as a basis of faith, and I find a serious error in how much information has been presented and very in-your-face bias against various topics that have been taken out of context and prescribed in a legal way. This book is an excellent apprenticeship tool for working with new believers.
