This is one of the most popular performance products. Prokofiev composed music in 1935 or 1936 for the Kirov Ballet. The incredible ballet score inspired many great choreographers to try their hand at Shakespeare's history. The ballet begins with a feud between Capulet and Montague. Wearing a disguise, Romeo Montague cuts a party at Capulet's house, where he meets Juliet Capulet. He instantly falls in love with her. They secretly proclaim their eternal love for each other on the balcony. Hoping to finally put an end to the family feud, Monk Lawrence secretly marries the couple. But the feud continues when Juliet's cousin, Tybalt, kills friend Romeo Mercutio during a fight. Distraught Romeo kills Tybalt in revenge and goes into exile. Juliet turns to the monk Lawrence for help, so he develops a plan to help her. Juliet will drink a sleeping potion to make it seem dead. Then her family will bury her. Monk Lawrence will tell Romeo the truth; he will save her from the tomb and uweith, where they will live together happily ever after. That night, Juliet drinks potion. When her distraught family finds her dead the next morning, they continue to bury her. The news of Juliet's death reaches Romeo, and he returns home desperately grieving because he lost her. (But he never received a message from Monk Lawrence.) Believing that Juliet is really dead, he drinks poison. When Juliet wakes up, she sees Romeo dead and stabs herself. In fact, it's a double suicide. In 1785, the first ballet based on Shakespeare's fairy tale Juliet and Romeo was performed to the music of Luigi Marescalci. Eusebio Luzzi performs a five-story ballet at the Samuele Theatre in Venice, Italy. Many believe that Prokofiev's Romeo and Juliet is the greatest ballet score ever written. Ballet consists of four acts 10 scenes, a total of 52 separate dance numbers. The most famous version today was first presented in 1940 at the Kirov Theatre in Leningrad by Leonid Lavrovsky. There have been several revivals of production since its debut. Performed at the Metropolitan Opera in New York, Kenneth MacMillan's interpretation of Romeo became a signature production, which is also presented in other theaters around the world. Different theaters offer different versions or revivals of ballet editions that have sprung up over the years. Shortly before marrying Paris, the arranged groom, Juliet's lifeless body was found and placed in the tomb of the Capulet family. Romeo hears about her death and goes to Verona with the intention to kill himself and die with her. In the tomb of the Capulet family Romeo meets Paris. They fight each other

and Romeo kills Paris. After the death of Paris Romeo cries over the body of Juliet, which without the knowledge of Romeo, in fact just unconscious. Juliet faked her death to avoid marrying in Paris. Romeo, however, was unaware of Juliet's plan because the message she sent failed to reach him in time. Instead, Romeo only heard that Juliet had died, so he intended to die beside her in a symbolic act of eternal love. Romeo consumes her poison and dies, however, Juliet soon wakes up and discovers Romeo dead on her side. Monk, who played the marriage of Romeo and Juliet at the beginning of the play, begs Juliet to escape with him. Juliet refuses and stabs herself with Romeo's dagger, dying as well.
