Who We Are

PenguinSmart is enabling intelligent, individualized rehab therapy for all, starting with online speech and language therapy support for children. Founded by Harvard & MIT alumni, our team combines the latest data sciences with expert insights to empower caregivers to become a key part of the rehab journey. We are first remotely serving the 1 in 6 families with developmentally delayed children while developing global solutions for other conditions. Our solutions speed up rehab progress and allow therapists to oversee more patients without sacrificing quality of care. PenguinSmart is backed by Alchemist Accelerator, was named one of the Top 10 Disruptive Parenting Companies by Disruptor Daily, and was recently chosen as one of the "Top 100 Healthcare Visionaries" in the US.
