

Activation Fun Can Be Dangerous Sometimes .rar Patch 32bit Free

Tik Tok

TikTok is a global video community where users create, share and discover "snippets and reusable moments" via short videos that – typically about 15 seconds long – can be "spiced up" with special effects, filters, effects, music and sound clips. Currently one of the world's most popular apps, TikTok was formerly known as Musical.ly, before it was rebranded by the Chinese company in November 2017. If your child had previously had a Musical.ly account, all of their videos and personal settings will have automatically been moved to TikTok.

What parents need to know about TikTok

BEING INFLUENCED

More than 100 million of the app's 1.6 billion* "total monthly active users" (MAU) are 18 years and under. There are a lot of celebrities on TikTok, including some who are very young. They often post "challenges" and "trends" that encourage users to copy and paste their own versions of the videos. These can be harmless and fun, but some can be dangerous and even life-threatening. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

CONCERNING CONTENT

Some of the content on TikTok is inappropriate for children and young people. There have been reports of users posting videos of self-harm, drug use, and other harmful behavior. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

DANGEROUS TRENDS & CHALLENGES

On TikTok, there are many "challenges" and "trends" that encourage users to copy and paste their own versions of the videos. These can be harmless and fun, but some can be dangerous and even life-threatening. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

STRANGERS CAN FOLLOW YOUR CHILDREN

If your child is on TikTok, they will be able to see and interact with other users. This means that strangers can follow your child and see their videos. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

IN-APP PURCHASES

There are in-app purchases on TikTok, including virtual gifts and coins. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

ANYONE CAN SEE YOUR CHILD'S CREATIONS

TikTok encourages users to share their videos and creations with others. This means that anyone can see your child's videos and creations. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

INAPPROPRIATE SOUND LYRICS

TikTok has been the subject of criticism for its "explicit and suggestive" lyrics. Some of the lyrics are inappropriate for children and young people. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

TOP TIPS FOR PARENTS

REPORT INAPPROPRIATE CONTENT

If you see inappropriate content on TikTok, you can report it to the app. This will help TikTok to remove the content and protect other users. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

TALK ABOUT THE PITFALLS OF OVERSHARING

Encourage your child to think about what they share online. They should be aware of the risks of oversharing and the potential for their information to be used in a negative way. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

HANDLING CRITICISM

Children may receive criticism or negative comments on their videos. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

SIGNING UP WITH THE CORRECT AGE

When signing up to TikTok, users must provide their date of birth. This is used to determine their age and whether they are eligible to use the app. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

USE THE DIGITAL WELLBEING SETTINGS

TikTok has a digital wellbeing feature that allows users to set limits on their screen time and manage their notifications. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.

SET THE ACCOUNT TO PRIVATE

Parents can set their child's TikTok account to private, which means that only people who your child approves of can see their videos. This can help to protect your child's privacy and ensure they are not being influenced in a negative way.

DISCUSS IN-APP PURCHASES

TikTok has in-app purchases, including virtual gifts and coins. Parents should be aware of the risks and monitor their child's activity on the app to ensure they are not being influenced in a negative way.
