Little cat Tom is able to repeat everything you say to him in a funny voice, can scratch the device screen, drink milk and get love. Its usefulness may even be questionable - because it's not a game nor has a specific function - but surely it can give a good laugh. The app can recognize what you are saying and the cat repeats everything in a high voice. Tom is in an abandoned alley, waiting for his affections. Just put your hand on your head and stomach so that it starts purring, closing your eyes. If you go too long without your attention, the little cat sneezes and yawns. Talking Tom Cat can also scratch the screen when you click on the paw icon - on the bottom left side of the screen - and get milk, / so he feed by clicking on the icon with a small mug. In the upper left corner is a badge with a video camera. This option allows you to create a movie for up to 30 seconds, with actions and repetitions of the cat. It can be emailed or sent directly to YouTube and Facebook. Note the video below: When accessing the App menu, there is an option of violence that can be turned on or off. This allows, in addition to care, can also hit you on the head and pull - that it reacts immediately, with a lot of complaints. Another option is to listen longer, which means that Tom will listen to your voice for longer before repeating what you say. talk.
