STARTING THE NEW GAME

We enter the game of KING MAKER by paying the entrance fee. The entrance fee is feeling the pain of our life being dedicated to revenging men for the patriarchy, and feeling the pain of taking radical responsibility of not being able to be a victim anymore. The price we pay is the pain of increased consciousness we cannot go back to less consciousness and the bliss of ignorance ever again.

Always remember what you paid
 to get into the new game
 or you will fall asleep
 and you will be shanghaied
 by unconsciousness
 back into the old game.

The new game is a strategy game. Since women are smarter, faster and stronger, there is no need ever to compete with men, because there is no contest. Women can use their power to declare a new game. The new game for women has new rules.

1. There is no problem between men and women.
2. There are men and there are women.

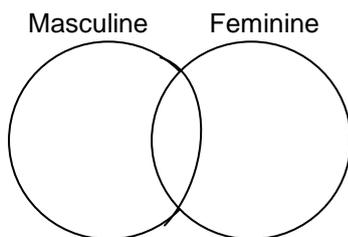

MEN	WOMEN
Men are nothing. The Void, nothingness.	Women are everything. Rich, abundant.
Zero. Space holder. Context. Ego is illusion.	Infinite. Space filling. Content.
Men get neurotic when they try to be something.	Women get neurotic when they try to be one particular thing.
Men's job is to become 90% woman.	Woman's job is to become 10% man. It is More difficult for the women. The difficulties for women to have vigilance about what comes out of their mouth.
Men like one big thing.	Women like a lot of little things.
Men do not know about women, but they do not pretend to.	Women do not know about men.
Men are afraid of being nothing. This makes them angry.	Women are aware of everything and since nothing works this makes them angry. Women are afraid of their anger.

Men do bullshit: totally relevant but not true.	Women do cowshit: totally true but completely irrelevant.
Men are the space holders, hold context, like the wall of a garden defines the garden.	Women are the space fillers, create content filling the garden with beauty, love & grace.
Men must sometimes prune the garden.	Women hate this, but appreciate it after.
Men do not know about relationship, want to fix the problem, doing.	Women's job is to teach men about being relationship. Men can learn, but they must be properly rewarded.
Unconscious negative manifestation of the masculine is stupidity and aggression.	Unconscious negative manifestation of the feminine is evil.

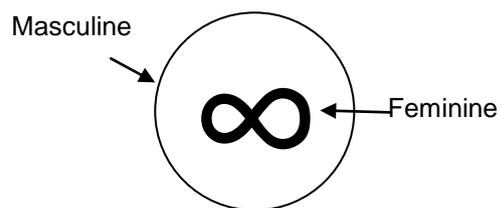

Evil and stupid, the spider and the fly. Is there any chance for the fly? No. You have just discovered the reason for the patriarchy.

We will never solve these differences. We are not supposed to. We can use these differences intelligently to create ecstasy.

ORDINARY RELATIONSHIP

ARCHETYPAL RELATIONSHIP

KING MAKING is not fair. Quote from Mother Therese, written on the wall of her children's home in Calcutta:

People are unreasonable, illogical and self-centered.
Love them anyway.
If you do good, people will accuse you of selfish ulterior motives.
Do good anyway.
If you are successful, you win false friends and true enemies.
Succeed anyway.
The good you do today will be forgotten tomorrow.
Do good anyway.
What you have spent years building may be destroyed overnight.
Build anyway.
People really need help but may attack you if you help them.
Help them anyway.
Give the world the best you have and you'll get kicked in the teeth.
Give the world the best you have anyway.
- Mother Therese -

King Maker Core Skills:

- 1) SHIFT THE GAME FROM "I AM ME," TO "I AM KING MAKER"
- 2) GET PRESENT
- 3) PLACE THE KING ON THE THRONE
- 4) BE THE POWER BEHIND THE THRONE
- 5) LEARN TO BE ECSTATIC AND IN LOVE
- 6) CREATE ONGOING NONLINEAR OPPORTUNITIES TO EXPERIMENT TOWARDS COMMUNION, ECSTASY, LOVE AND ONENESS WITH YOUR KING

1) SHIFT THE GAME FROM "I AM ME," TO "I AM KING MAKER"

Reminding factors, centering, Pirate Sorceress Queen archetypes. It is almost impossible for a worthless, exhausted, self-hating, self-deprecating, victim bitch to make a King, because she is not a Pirate-Sorceress-Goddess-Queen. King Making starts with you being the Pirate Goddess Queen. The Pirate with a capital P is a conscious responsible Pirate. We use the term Pirate to indicate someone who freely breaks the internal rules of thinking, being, feeling, perceiving and acting. We use the term Goddess to indicate someone, who gets out of their own way so that radiant, wise and loving archetypal Woman is accessible through where she is. We use the term Queen to indicate someone with enjoyed self-respect, presence of mind and authority to stand beside a King.

2) GET PRESENT

The present does not include the past or the future. The present only includes here and now. The present does not include projecting any image on the other. King Making is not projection or transference in the psychological sense of the word. You do not make a man into a King by placing him on a pedestal, for example. Minimize now if something from the past is coming up for you, get yourself processed by other women. Reserve the sanctuary of your relationship for the possibility of Archetypal Love. You can educate your King but do not process with your King. The processing garbage heap is endless. Feeling the need to process is a space. In the processing space, precious time goes by that you will never get back. Psycho-emotional processing is a way to avoid intimacy. You are a Pirate-Sorceress. Break your own rules and just go to another space where processing is not necessary.

3) PLACE THE KING ON THE THRONE

You place the King on the Throne through appreciation of qualities of being. You place the King on the Throne out of respect for your own dignity. You are the Queen Goddess. Your equivalent partner is a King Man. The King holds space and blesses the people when he is on his Throne. Your King's throne will be different places, different times. Sometimes your King's throne is at the dining table, at his desk, in the driver's seat of his car, in his overstuffed chair in the living room, at his office, in his workshop, or on the porch. The throne is often made out of energetic intangibles, such as when you are walking down the street together. You place the King on the throne by being committed to what he is committed to. First you must find out what he is committed to. For example, if he is committed to open the door for you and you open the door for yourself,

because you have a tape in your head that makes you feel weak or helpless unless you do things yourself, that is not King Making. With radiant elegance and self-respect you stand aside so that he can open the door for you. This places the King in his rightful place, on the throne. When the man does not deliver King, do not blame him or criticise him. Him not being King is actually your fault. You have not yet sufficiently educated and healed him. That is your job. The man is telling you what his commitment is all the time. You must be willing to learn to listen for his commitments so you can commit to them in appreciated words and actions. Join him in what he loves to do. Be interested in what he is interested in authentically, for a long time. Do not fake being interested in his world so that he gives you his attention and then as soon as he gives you his attention you fill it up with your world. Dumping your psycho-emotional hell-world on your King destroys the possibility of intimacy. When the King places his attention on you, let that archetypal force call through you to the Goddess. Let the Goddess come and bloom. She is subtle, delicate, fragile, and very radiant. When she arrives you will feel it in every cell in your body. Your psychology will at first freak out. What is this sensation? What is happening to me? The shut off mechanism is at first previous to your awareness. You may not even know you are squeezing off and energetically clamping down to prevent the possibility of the Goddess from showing up in your body. Discover the cramping mechanism and consciously do not engage it. Let her come. Keep breathing. Keep letting the Goddess grow inside of you in your King's eyes. Let her come forth fully. Let the Goddess, so intimate, so naked be seen and admired by the presence of the King. This is King Making. Adoring the Goddess makes the man a Man. Let the King adore the pure radiant beauty of the Goddess. Stand still and let the sensation of the Goddess grow until you think that you cannot stand it anymore, and then let her get even bigger. Let him see you. There is no top end.

4) BE THE POWER BEHIND THE THRONE

You are power when you make power. The Queen is powerful when she empowers others. The power of the King is linear, precise clarity, mono-dimensional, final. For the Pirate Sorceress Goddess Queen, the power of the King is utterly boring. Examine this until you can admit that it is true. The power of the Queen is nonlinear, fluidic, multidimensional, and never comes to an end. Queen power is the gameworld for Queens. You tend to your business: the household, the creation and purification of the sanctuary, communications with the other householders and all their jobs. Flow energy to educate, strengthen and harmonize the people in the Kingdom. Often the Queen thinks that the only power is in the Throne and so she struggle to sit in the throne to get power. Power struggles between King and Queen are disgraceful. The power of the Queen is standing behind the throne with your hands on the King's shoulders supporting the King and letting him know that you are there.

Your job in the court is to **EMPOWER THE KING WITH YOUR COUNSEL**. Do not argue with the King. Do not prove to him or to other people that he is wrong. Proving that the King is wrong kills the King. Do not complain to the King. Complaining to the King is using your King as a trashcan. A King is not a trashcan for your garbage. If you complain to your King you are Trashcan Making. So do not argue with the King. Just agree instead. Then at the right moment, empower the King with your counsel. Educate the King. Say, "Were you aware of.... " "I am sorry but perhaps you did not know that ... , " "Perhaps you could also consider this possibility..." If your King is lacking information it is your fault that you did not

inform or educate him yet. Apologize. Go out of your way to give him the information. If your King is working and suddenly falters for lack of information, you are right there behind his back, leaning over and whispering in his ear, "This person's name is Jean Pierre. He is the Chief Financial Officer from Bank of Sweden. Our meeting is at 16:00 in the north room. His wife's name is Dorothea." If he argues with you, say thank you. Never say, "Yes, but..." Instead train yourself to say, "Yes, and..." Continue to explore being the power behind the throne.

The Queen is successful when she makes her King's life successful by empowering him with your counsel. The internal evil Queen (the Queen of your Underworld, in other Words, your Gremlin) when frustrated with mistakes or failures will present you with irrefutable evidence to prove to you that the King is an idiot and that life would be easier without all this King Making stuff. The conscious, responsible, loving Queen knows that without a King there are spaces she cannot access and very interesting experiments she cannot do. The responsible Queen intimately knows the wily deviousness of the Gremlin Queen looks her straight in the eyes and says, "Sit!" as with a growling dog on a short chain. Give no power to your Gremlin Queen with regards to the King. The Gremlin Queen gets plenty enough food from feeding on other Gremlin Queens.

5) LEARN TO BE ECSTATIC AND IN LOVE

Learn to tolerate the intensity of a man's attention. Attract his attention through his interest in your interest in him. Ecstatic archetypal love can be excruciating to experience, but you can get used to it with practice. So practice. If you cannot tolerate the Goddess when she arises in you then you can never be a place for the Goddess to do her work in the world. Being really happy can be intolerable. Feeling pure joy for no reason makes our whole psychological defense strategy obsolete. This is frightening, because we do not know who we are undefended. The greatest security is the lack of the need of security. Find that place. Then being the Goddess in action is fun.

6) CREATE ONGOING NONLINEAR OPPORTUNITIES TO EXPERIMENT TOWARDS COMMUNION, ECSTASY, LOVE AND ONENESS WITH YOUR KING

Do not sabotage such chances by inviting along your friends or relatives, bringing along office work or handicrafts to do, getting little or no sleep the night or two before, being *late* for the designated starting time because you are over packing with food, clothing or supplies so that you are prepared for everything. Beginnings are such delicate times. Make sure that a designated time together is spent together. Leave all your busy work behind. If you could leave your thinking about work and problems behind too, that would be valuable. Get well rested and nurture yourself for a couple of days before so that you are vibrant and full of energy instead of sleeping on the drive, getting sick, complaining of fatigue, yawning and not being able to stay up all night playing together. Pack early so you can just grab your bags. Pack lightly so the baggage is not a burden. He likes you best naked anyway. And be totally ready to go, relaxing ten minutes ahead of scheduled departure time, and leave plenty early so there is no need to rush. These little details can make all the difference in the world.

KING MAKER HINTS AND PRACTICES

- Women must become 10% masculine to be King Maker. This is the Maker part, the taking action, the doing. It is more difficult for a woman to become 10% Man than it is for a man to become 90% Woman. It can be easily misunderstood by a woman that being a King Maker gives you power over men. The most difficult thing for a woman to become 10% Man is to be vigilant about what comes out of her mouth. Women have access to too many loopholes in reality. Everything that you say has a purpose a design for what it intends to create. Be rigorous about what you say, to whom, and why you say it so the purpose is not evil. Be over vigilant. Start off by not saying most things. This is a good way to develop your vigilance. After a couple of months you can start to say a few things that you are sure serve your King Maker purpose.
- Women do not understand men. Men do not understand women either, but men do not pretend to.
- Do not try to make your man into a woman. Do not try to get your man to listen and talk to you like a woman would. He is not a woman. He is a man and you do not know what that is. Men are and forever will remain a mystery to women. Do not forget this.
- Men are smelly and scratchy. That is how men are. Just decide to like it. You would be surprised what men have to decide to like about women! Remember, Human Beings are not like apes. Human Beings are apes. Many of the daily functions of our life are animal functions. Therefore, do not forget Gorilla Basics:

GORILLA BASICS

Notes on the care and handling of male gorillas. Gorillas go crazy if you try to talk with them when they are:

- 1) Tired
- 2) Hungry
- 3) Horny
- 4) Sick
- 5) When the football game is on
- 6) When it is time to go

Don't set yourself up for a bad time with your gorilla.

- If you do not have a man and you have participated in King Maker Training, it is time to get your next man. Do not use the old paradigm that you are dating. Do not do the dating thing. Instead, adapt the new paradigm that you are a Pirate Sorceress Queen Goddess Woman arranging to do your next experiment.
- This is important. If you have a man and you start to implement King Maker behavior changes, make the changes public. That is, do not just start behaving differently. If you suddenly start new behavior it forces men to confirm that you are crazy. If you just change your preferences, your timing, your needs, your wishes, or your actions without predicting it to the man, he will not trust you or the new behavior for a long, long time. It is recommended that before you make a shift in your behavior you do a little piece of conscious theater. When the timing is

right and you have the man's attention, tell him that you have had same kind of realization... That you have had a dream... That you have been thinking things over ... That you got some feedback that was correct... That you have changed your mind, and that you are now going to do things differently than before. Then, when you do start behaving differently, the man will know why - because you told him, he will not be shocked - because you predicted it, and he will trust you more rather than less. This is how it works for men.

- A woman is able to create more problems than a man can solve. If you do tell your man a problem or what you are feeling, always remember to reassure him that he does not have to do anything about it. This will let him relax and listen to you in an entirely different way. Women see, know, feel and are everything, so they know everything that is not working, that is wrong, that is broken. This is why a woman's fix it list is longer than a man's day. Do not overwhelm your King. Prioritize the jobs for him.
- A woman is able to spend more money than a man can make. Over spending is usually a sign of revenge. Get responsible instead.
- Men cannot read your mind. Even a King cannot read your mind. If you expect him to read your mind, you are living in a fantasy, trying to control the man and arranging guaranteed failure. Men are linear and simple. Do not forget this. When you want something, be responsible for saying what you want so the King can help to create it. Do not make him try to guess. This takes his center away. Communicating with a King is simple, way simpler than you can imagine. Say what you do want, not what you don't want. Men ask "yes" or "no" questions. "Yes" or "no" do not fit the way the world looks and feels to a women, but they match the way the world looks to men perfectly. If you answer a "yes" or "no" question from your King with anything besides simple "yes" or "no", you kill the King. Practice listening for "yes" or "no" questions and practice answering them with only "yes" or "no".
- Kings do not already know about relationship. It is the Queen's job to educate the King about relationship. If the King does not know about relationship, it is the Queen's fault. Men can learn. They just need the right reward.
- The Good Girl program is deep in us. "Good Girls don't do that! Good Girls aren't like that!" In particular Good Girls do not have wild, passionate, uncivilized sex with gorillas. When we learn to dress sexy, flash our eyes sexy, move sexy, speak sexy, the gorilla gets attracted. But when the gorilla gets too close and sex is actually possible, the Good Girl machine kicks in and the gorilla is repulsed. Then we see him going away and we wonder "Oh, my God! What got into me?" and we start the sexy moves again. We breathe sexy, smile sexy, flutter our eyelashes, and the gorilla comes back. But when he actually touches us, the Good Girl gets ashamed or afraid and we close up like a dead flower. Here is a suggestion from the Pirate Goddess Sorceress Queen: once and for all peel off the Good Girl costume and flush it down the toilet. Life is too short anymore for the Good Girl.
- We have all heard stories about a Magic Lamp. If you rub the Magic Lamp your wish comes true and it gives you anything you want. Well, every night you are going to bed with a Magic Lamp and you are not rubbing it!

- Women never find certainty. They know too many possibilities for error. It is true that the nature of reality is groundlessness. Security is an illusion, no matter how much insurance you have. Nonetheless, you can have relaxed joyful self-assurance without certainty. You can be in intimacy even in chaos, even if the laundry is not done. Be flexible about what is important. Is it more important to try to have certainty or to experience being with your King?
- This moment will go by and you can never get it back. If you do not notice that your King is there at home with you when he is home, then you will have the feeling that he is never at home. If your King is off doing your bidding, fixing the car, building the fence, taking care of the kids, remember that you sent him there to do that. He is not with you because you made it a higher priority for him to be off doing something else. For him, he is with you because he is doing what you sent him to do. If you want to have a memory that your man is with you when he is home from work, then be with him.

There are possible experiences in intimacy that our mothers never told us about, that the movies never show, and that books cannot convey. We will only discover those treasures for ourselves if we keep doing the experiments that cause us to evolve.
