There is a southeast action man who for all the hosts brought redemption Corrido tabasque'o Breakfast with El Peje I met Andres Manuel Lopez Obrador, the famous and controversial head of government of the Federal District, one morning (almost early morning) August 2003. In the beginning, as a, a kinky character with whom he likes to compare himself, elusive as the pejelagarto, typical fish of Tabasco water from which comes his nickname, Lopez Obrador called daily in a media conference at six in the morning to inform them of the progress of his management, but also ingeniously navigated compromising questions and throw accurate pecks at President Vicente Fox. Breakfast will be held in its offices located at the heights of the old town hall. In a small annex to his office, watching his personal cult objects (Juarez's image, a photograph of Salvador Allende, another Rosario Ibarra de Piedra, another Lopez Obrador himself chatting with Sub-Commander Marcos, a wooden sculpture of an indigenous man), he thought that his daily presence in this almost theocratic space of Mexico showed his political foresight: I understood the historical gravity of this place, and therefore it did not come out of it. Fox, on the other hand, sent exclusively to the official residence of Los Pinos and only arrived in the zocalo from time to time. No, no, no. Read the full text here Free Letters, No. 90 Page 2 Details June 5 celebrated a year after the death of Manuel Camacho Solas. Although our political views almost always diverged, we were good friends. It's time to remember. 17-07-2016 Read more: Machiavelli in a pair of Details of San Luis Potosi paid tribute to Dr. Salvador Nava on the centenary of his birth. On Saturday, April 5 - two days before the exact date - we gathered in the monastery of the university of his old friends and his large family, all surrounding his wife, the courageous and always young Mrs. Concepcion Calvillo de Nava. The actions were dignified, appropriate and appropriate. There were two rounds of presentations, a photo exhibition, delicious food. The audience (whole families, many young people) were happy. Nava lives! There was a slogan that deserves to resonate across the country. 13-04-2014 Read more: Civic Virtue Salvador Nava Details Your students will praise Alonso Lujambio as a punctual, informed and dazzling teacher. His colleagues in public polling and transparency bodies, as well as his colleagues in the Ministry of Education, will remember the honest, passionate and effective official who was also there. The panists will have to study their texts in order to regain the political and moral course they so need. And I hope the public reads his work, not just as solid erudition in legislative theory and parliamentary history, but as good literary works, and as sketches of the biographer he wanted to be and which, in his touching book of family memoirs, was already beginning to be. 25-09-2012 Read more: Alonso Details 'offturning Connecticut Judge will decide in the coming weeks whether to recognize or throw out the lawsuit purporting to hold former President Ernesto Cedillo responsible for the Actal Massacre that occurred on December 22, 1997. The prosecution alleges that the crime was the result of a strategy adopted by Cedillo to suppress the zapatist movement. Several strong investigations have shown something very different: the brutal crime was the result of a chain of local conflicts that preceded and survived the Cedillo government. 18-03-2012 Read more: Worthy former President Details It is a pity that in forty years 68 Gustavo Diaz Ordaz memoirs remain unsized. His publication does not absolve him from the historical responsibility he himself has assumed in its entirety and conscience, but it will shed new light on this episode and will contribute to a more equitable reduction of responsibility. 05-10-2008 Read more: Memories of DiazA Ordaz Details Don Antonio Ortiz Mena was a student of Seven Wise at the National Preparatory School and Law School. This generation, called 1915, had as its hallmark the foundation of state institutions that still support and vertebrate us. Ortiz Mena and his trustees inherited a historic trust to consolidate them. Where appropriate, the plan has been fully implemented. 18-03-2007 Read more: Ortiz Mena: Mexican Prominent Details There is a southeast action man who for all the hosts brought the ransom Corrido Tabaskeno Breakfast with El Peje I met Andres Manuel Lopez Obrador, the famous and controversial head of government of the Federal District, one morning (almost early morning) August 2003. In the beginning, as a, a kinky character with whom he likes to compare himself, elusive as the pejelagarto, typical fish of Tabasco water from which comes his nickname, Lopez Obrador called daily in a media conference at six in the morning to inform them of the progress of his management, but also ingeniously navigated compromising questions and throw accurate pecks at President Vicente Fox. Fox, on the other hand, sent exclusively to the official residence of Los Pinos and only arrived in the zocalo from time to time. No, no, no. Read the full text here Free Letters, No 90 01-06-2006 Details No One Can Ever Challenge General Lazaro Cardenas Place of Honor on the altar of the Mexican Revolution. Thus, a direct way to understand, weigh and criticize the state that created the revolution is to focus on various facts and a few statements about that magnanimous Michoacan, whom they nicknamed the sphinx Jiquilpan. 27-03-2005 Read more: Los Cardenas, father and son Details Somewhere in his work, Cocio Villegas notes that intellectuals in Mexico should be brave enough to criticize presidents, but much more to weigh their positive aspects. I don't have and can't put myself in a middle role and imagine the view that President Cedillo would deserve for him, but I have for me that I would give him a good rating, not much different from the public survey conducted by Reform before the sixth government report. 03-09-2000 Read more: Ernesto Cedillo's Personal Style Detailed History Takes Place in Mexico, Where the Presidential Biography was a national destination. The agricultural entrepreneur feels called upon to save his country from an authoritarian regime that has lasted for decades. A reader of Saint Ignatius Loyola and practicing his spiritual exercises, he thinks that the higher meaning of life is to serve others. He was vague about it when he lived with poor children on his estate, but over the years he had a revelation: politics is the best way to do this service. He was on his way to Damascus. Some time ago, perhaps due to the inability to give birth, he expanded his fatherhood to find an orphanage and welcomed several children into his home. His career was extensive: from municipality to state, from state to nation. Plan your strategy with today's promotional methods. Tour the country and found many civic groups to support them. At first, his presidential campaign seemed to chime back, but it was growing like a wave. Before the July elections, he warns that in case of fraud he will respond with a huge mobilization. He knows that only a charismatic leader can defeat such a deeply entrenched system. He is the first businessman to seek the presidency of Mexico. 24-05-2000 Read more: Labastida and Fox: Divergent Lives Details... because in a good crown that encies the mortals of the king's siens, death has its own cut. William Shakespeare. King Richard II Salinas may end up as character tragedy I told Newsweek about it in early March 1994. Rather than formulating vague foreboding, he sought to reaffirm ancient beliefs, the idea that power in Mexico had acquired a theatrical context near medieval England. It was not difficult to draw parallels between the libretto that President Salinas had written for himself and some Shakespearian themes. Most clearly was the illegitimacy of origin, that guilty ghost that breaks the dreams of Henry IV, that vengeful bloody at the hands of Lady Macbeth. Salinas was not properly, like them, a usurper: he came to power not by detroning or killing the rightful monarch, but by the indelible suspicion of his triumph at the ballot box marked the birth of his sexenium. From there came perhaps his haste to assert his authority, the constant courage of his leadership and the size of his project: he was about to topple with the facts of the millions of citizens who voted against him, he was going to scatter the shadow until he became the dazzling light that masked the fire of the ballots in the Legislative Palace. No, no, no.
