

Windows 8 Pro Download Portugues

Warning

Dont format your hard drive before installing Windows. Your current version of Windows must be running when you begin installing Windows 8.1 or Windows 8.

When you're ready, tap or click **Install Windows 8.1** if you have a Windows 8.1 product key, or tap or click **Install Windows 8** if you have a Windows 8 product key.

Install Windows 8.1

Install Windows 8

Notes

If you can't find your product key, check your online order info, confirmation email, or DVD packaging. For more info, see [What is a product key?](#)

If you're having trouble activating Windows, see [Why can't I activate Windows?](#)

You can't use Upgrade Assistant to upgrade from a 32-bit version of Windows to a 64-bit version of Windows. You'll need to buy a Windows DVD to upgrade, but you won't be able to keep your files, apps, and settings.
