. Toiminnot Ilmoittomasta viestist' Unwind Dystology (Series, Audiobooks and e-Books) by Neil Schusterman-----Audiobook Download: . UnwindConnor, Rhys and Leo run for their lives. The Second Civil War was fought for reproductive rights. Cooling solution: life is inviolable from conception to thirteen years. Between the ages of thirteen and eighteen, however, parents can have their child unwind, resulting in all the child's organs transplanted into various donors, so that life does not technically end. Connor is too hard to control his parents. Reese, the state chamber, is not enough to be alive. And Leo is a tithing, a child conceived and well-mannered to be unwinded. Together they may have a chance to escape ----- and survive. UnStrung As Leo Calder go from reluctantly running Tite to clapper? In this new e-book original story, author Neil Schusterman opens a window on Leo's adventures between how he left CyFi and when he appeared in the cemetery. Lion's experience on Hi-Rez, an extraordinarily rich Native American reservation, introduces him to a teenager with a remarkable musical talent... and whose gifts are destined to end up in the hands of another. And it was the heartbreaking story of this teenager that inspired Leo to choose the path -----2. UnWhollyThanks Connor, Leo, and Rhys- and their high-profile revolt at Happy Jack Camp Harvest-people can no longer turn a blind eye to unwinding. Ridding society of troubled teens while simultaneously providing much-needed tissue for transplantation may be convenient, but its morality has finally been questioned. However, unwinding has become big business, and there are powerful political and corporate interests that want this not only to continue, but also to expand to the unwinding of prisoners and the poor. Cam is a product of unwinding; Made entirely of parts of other unwinds, he's a teenager who technically doesn't exist. Futuristic Frankenstein, Cam struggles with the search for identity and meaning and wonders whether rewinding being can have a soul. And when the actions of a sadistic bounty hunter lead to the fact that Cam's fate is inextricably linked with the fate of Connor, Riza and Leo, he will have to doubt the humanity UnSouledConnor and Leo are on the run after the destruction of the cemetery, the last refuge for AWOL Unwinds. But for the first time, they're not just running away from something. This time they run to the answers, in the form of a woman Proactive Citizenry tried to erase from the story itself. If they can find it, and find out why the dark shapes behind unwinding are so afraid of her, they may discover the key to knocking down the unwinding forever. Cam, a rewinded boy, plots to kill the organization that created him. Because he knows that if he can bring Proactive Citizens to his knees, he will show Reece how he really feels about her. And without Rea, Cam can't remember what it's like to be human. With juvenile administration and vengeful parts of pirates hunting them, the paths of Connor, Leo, Cam, and Rhys will converge explosively and all will be changed.-----4. UnDividedProactive Citizenry, the company that created Cam from parts of unwinding teens, has a plan: mass production to rewind teens like Cam for military purposes. And beneath the surface of this horror lies another shocking level of intrigue: Proactive Citizenry suppresses technologies that could make unwinding completely unnecessary. As Conner, Rhys and Leo reveal these striking secrets, angry teenagers begin to march through Washington, demanding justice and a better future. But more problems are brewing. A group of stellar teenagers is growing stronger and more belligerent with each recruit. And if they have their way, they will burn the harvest camps on the ground and put every adult in them before being shot, which can destroy any chance America has for a peaceful future.----- 987 Page 2 Continuing to view, you agree to our use of cookies.
