

Frontend Developer

Job Description | April 2024

Market leader with demonstrated scale & impact

[Wyasa](#) is the world's most advanced AI-based digital companion for behavioral health that is a global tech leader in mental health. We are popular with employers, payors and healthcare providers due to its scalability and low cost. Being an AI based app, Wyasa overcomes the stigma and privacy concerns that often prevent people seeking help for their mental health.

Roles & Responsibilities

Location: Remote, Indian Standard Time

Experience Level: Intermediate level

You will hold the beacon for **web development and user experience** at Wyasa, while helping us scale from 3 million users to 50 million users

- Ensure the technical feasibility of UI/UX designs and collaborate with stakeholders to achieve optimal outcomes.
- Optimize application performance for speed and scalability across multiple environments.
- Validate all user input before submission to the backend to maintain data integrity.
- Collaborate effectively with team members to enhance existing codebase and improve architectural design.
- Proactively identify and fix bugs, as well as refactor code to implement best practices.
- Demonstrate a deep understanding of React, Redux, and their ecosystem to drive technical excellence.
- Develop reusable component libraries to streamline development processes.
- Assume technical leadership for the web platform, guiding the team towards successful outcomes.
- Build visually appealing, user-friendly, and performant new features aligned with product objectives.
- Create modular, reusable, and responsive features to enhance the overall user experience.

- Adhere to Wysa's security, privacy, and compliance policies, fostering a culture of continual improvement.
- Apply knowledge of design and coding best practices, including secure coding principles and secure SDLC.

Qualifications & Skills

You think web, design for web, build for web!

Technical

- 2 - 3 years experience as a Frontend Developer
- Proficient in React.js, Redux, HTML, CSS, Bootstrap, and TypeScript, with substantial hands-on experience in JavaScript development.

Team Building & Leadership

- Want to interact with all levels of the company including senior leaders and cross-functional teams
- Love problem solving and thrive on handling multiple projects and tasks
- Foster strong professional relationships with the full organization
- Sense of ownership and pride in your performance and its impact on company's success

Why work at Wysa?

At Wysa, we do things a bit differently. You won't find us stuck in the same old corporate loops of old-fashioned hierarchy and mindless monotony. Instead, you'll find us in the cyberspace (*we're a remote company*) revolutionizing traditional mental healthcare and creating the world's most advanced conversational AI for behavioral health, all while wearing a party hat via Zoom filter!

- Wysa is expanding its footprint across the world, and fast. You will play a **high-impact role** here!
- Get first-hand exposure to a global team
- Work with the Industry leaders as the founders and senior team members are from IITs, IIMs, London School of Business and have held top positions across Goldman Sachs, Pearson, Microsoft leading cross functional global teams
- We offer **flexible work hours** and a culture where you are more than just your job designation.
- We work hard, but we rest and avoid burnout at all costs. Expect a range of employee benefits and much more!

In Their Own Words

"The most noteworthy thing I get from Wysa is 'learning' and skill set development. Through Wysa, I am able to improve my thought process as we implement a wide range of applications. I get a good exposure to the whole product and it gives me a kind of completeness. I am also able to explore things on a much deeper level which helps me to enhance my productivity. Also, the team is very welcoming in accepting any new initiatives."

- Rakesh Makam, Lead Backend Developer

Buzzwords

Google funded, VC funded, profitable, has achieved breakeven, global team, global customers, product company, Apple awarded product, Harvard research partner, Google Play Best App of 2020, supports patients through the NHS pathway, launched the Employee Mental Health Report 2023 at the WEF's Annual Meeting, Made in India, Made for the World!
