

HITTING THE HIGH NOTES

Enterprise
LENDER LEARNING

UAD 3.6 is here and lenders are in the middle of execution. This session brings together lender perspectives on what is driving the change, how teams are preparing and implementing updates, and what it takes to successfully roll out new processes across the organization. Expect practical insights, lessons learned, and strategies to help support a smooth and effective transition.

LENDER LEARNING

The GSE-mandated changes to UAD are coming fast—and getting it wrong isn't an option. This is a practical, action-focused course designed specifically for lenders, underwriters, and AMCs to prepare for the UAD 3.6 transition. This session provides clear guidance on updating policies, training teams, and upgrading systems—from LOS to appraisal workflows. Attendees will leave with a concrete roadmap to ensure compliance without disruption.
